Dear Student:

Texas A&M University is committed to the elimination of alcohol abuse and illicit drug use. Alcohol abuse and illicit drug use disrupt the special environment of personal growth that all universities seek to develop. We all must help prevent alcohol abuse and illicit drug use from negatively affecting our living and learning environment.

**Drug and Alcohol Abuse Prevention Program (DAAPP) Notice – for Students**

**Prevention of Alcohol Abuse & Illicit Drug Use at Texas A&M University**

1. **Standards of Conduct**

   **University Drug Policies**

   All members of the University community are expected to abide by state and federal laws pertaining to controlled substances and illegal drugs. More specifically, Texas A&M University Student Rule 24.4.12, *Drugs* prohibit "the act of using, possessing, being under the influence of, manufacturing, or distributing illegal drugs or illegally obtained/possessed controlled substances."
"Controlled substances" refers to those drugs and substances whose possession, sale, or delivery results in criminal sanctions under the Texas Controlled Substances Act, as well as substances which possess a chemical structure similar to that of a controlled substance (e.g., “designer drugs”).

University Alcohol Policies

Individuals must be at least 21 years old to purchase alcoholic beverages. Possession and consumption of alcoholic beverages is restricted. Texas A&M University Student Rule 24.4.13, Alcohol states that “alcohol use, possession, manufacturing, or distribution of alcoholic beverages (except as expressly authorized by University regulations), is prohibited on Texas A&M University premises and University sponsored events.” University sponsored events include institution-sponsored on or off campus activities, such as officially sanctioned field trips, student sponsored social activities, activities of a student organization recognized by the institution (such as fraternities or sororities), and institutional-sponsored activities abroad. Student organizations, which sponsor activities where alcohol is served, must have the approval of their (faculty/staff) advisor and abide by established University procedures.

Students, ages 21 or older, who choose to consume alcoholic beverages in residence hall rooms are expected to do so in moderation to ensure residents’ rights to privacy, sleep, and study. The following behaviors are reasons for appropriate disciplinary or remedial action by the University: loud or disruptive behavior, interference with the cleanliness of the residence halls, or drinking habits which are injurious to the health or education of an individual or those around him/her.

2. Legal Sanctions

A student who violates any of these alcohol or drug laws will be reported to the appropriate law enforcement agency and will be subject to prosecution in accordance with the law. Legal sanctions for violation of local, state and federal laws may include, but not limited to: fines, probation, jail or prison sentences.

**3. Health Risks Associated with the Use of Illicit Drugs and the Abuse of Alcohol**

Alcohol abuse is a prime contributor to suicide, homicide, motor vehicle deaths, and other unintended deaths. Excessive alcohol consumption leads to more than 100,000 deaths annually in the United States. Alcohol abuse can lead to alcohol dependence, premature death through overdose, alcohol-related stroke, and complications involving the brain, heart, liver, and many other body organs. Alcohol abuse also causes liver disease, gastritis, and anemia, as well as cancers of the esophagus and larynx.

The abuse of illicit drugs can result in a wide range of health problems. In general, illicit drug use can result in drug addiction, death by overdose, death from withdrawals, seizure, heart problems, infections (e.g., HIV/AIDS, hepatitis), liver disease, and chronic brain dysfunction.

Alcohol used in any amount by a pregnant woman can cause birth defects and permanent brain damage to the child. Drug use by a pregnant woman may cause addiction or health complications in her unborn child.

Alcohol abuse interferes with psychological functions, causes interpersonal difficulties, and is involved in most cases of child abuse. Substance abuse disrupts work, reduces motivation, causes legal and financial problems, and social and family problems. Other problems associated with alcohol and drug use include the following psychological dysfunctions: dependency, memory loss, hallucinations, paranoia, and psychosis.

Students have access to the following West Texas A&M University (WTAMU) services for On-Campus Counseling and Health Services related to Alcohol and Other Drugs.

WTAMU campus employs counselors and mental health professionals to provide confidential short-term assistance for current students experiencing personal concerns, career decisions, and issues which may be interfering with academic success including anxiety, depression, and substance abuse. For our military veterans, we also have a group of dedicated counselors to help provide guidance. Referral to community resources is often part of the counseling process if assistance is needed after WTAMU counseling sessions.

Students are encouraged to access the Substance Abuse and Mental Health Services Administration (SAMHSA) Treatment Locator, a confidential and anonymous source of information for persons seeking treatment facilities in the United States or U.S. Territories for substance abuse/addiction and/ or mental health problems. To access this resource, visit https://findtreatment.samhsa.gov/locator/home.

Students seeking information regarding Self-Help, Peer Support, and Consumer Groups related to addiction (such as Alcoholics Anonymous, Narcotics Anonymous, Marijuana Anonymous, and others) are encouraged to visit https://findtreatment.samhsa.gov/.
Students can also contact the WTAMU Behavioral Intervention Team, which is designed to support students who may be experiencing mental hardships, or Student Counseling Services at 806-651-2340. More information can be found at https://www.wtamu.edu/student-support/counseling-services/community-counseling-resources.html.

Students may also visit https://www.texaspanhandlecenters.org/ to access information regarding clinical services and other resources provided by the Texas Panhandle Center which is the panhandle’s largest non-residential non-profit organization dedicated to the prevention, intervention, and treatment of alcohol, substance use disorder, and behavioral health issues.

Additionally, community-based and campus-specific resources are as follows.

5. **Disciplinary Sanctions**

A student found guilty of noncompliance with the Texas A&M University Standards of Conduct surrounding alcohol and drug policies or the laws of the State of Texas has committed a violation of University Student Rules and is subject to sanctions commensurate with the offenses and any aggravating and mitigating circumstances.

Disciplinary action in cases involving drug related violations by students may result in suspension or expulsion from the University and/or referral for prosecution.

Violation of any state or federal law pertaining to controlled substances which occur off campus and are not associated with a University connected activity may result in disciplinary charges in situations in which the continued
presence of the individual on campus is likely to interfere with the educational process and/or the orderly operation of the University.

University disciplinary proceedings will occur in accordance with the procedures outlined in the University Student Rules. Any disciplinary action imposed by the University may precede, and be in addition to, any penalty imposed by authorities off campus.

Other Impacts of Drug and Alcohol Violations

According to federal regulations, students convicted for a drug offense that occurred during a period of enrollment while they were receiving Title IV Federal Financial Aid, may lose eligibility for Federal Aid. Federal Aid includes:

- Federal Pell and SEOG Grants
- Federal Work Study
- Federal Perkins Loan
- Federal Stafford Loan
- Federal Plus Loan
- Graduate Plus Loan

If a student answers ‘Yes’ to the question on the FAFSA, regarding conviction for possession or sale of illegal drugs they will be sent a worksheet by the federal processing center in order to determine if the conviction affects eligibility for aid. Should the financial aid office be notified that a student has been convicted of sale or possession of illegal drugs, the financial assistance will be suspended immediately. If a conviction was reversed, set aside, or removed from the student’s record it does not count. Convictions occurring during periods of non-enrollment do not count. In addition, any conviction received as a juvenile does not count, unless they were tried as an adult.

The period of ineligibility is dependent upon the type of conviction (sale or possession) and if there were previous offenses. The information below demonstrates the periods of ineligibility:

**Possession of Illegal Drugs**
- 1st offense - 1 year from date of conviction
- 2nd offense - 2 years from date of conviction
- 3+ offenses - Indefinite Period

**Sale of Illegal Drugs**
- 1st offense - 2 years from date of conviction
- 2nd offense - Indefinite period

If the student was convicted of both selling and possessing illegal drugs, the student will be ineligible for the longer period.

**Regaining Eligibility**

The student may regain eligibility:
- the day after the period of ineligibility ends,
- when they successfully complete a qualified drug rehabilitation program, or
- if the student passes two unannounced drug tests given by a qualified rehabilitation program, they may regain eligibility.

Students denied eligibility for an indefinite period can regain it after:
- successfully completing a rehabilitation program as described below,
- passing two unannounced drug tests from such a program, or
• if a conviction is reversed, set aside, or removed from the student’s record so that fewer than two convictions for sale or three convictions for possession remain on the record. In such cases, the nature and dates of the remaining convictions will determine when the student regains eligibility.

**Qualified Drug Rehabilitation Program**

A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

• Be qualified to receive funds directly or indirectly from a federal, state, or local government
• Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company
• Be administered or recognized by a federal, state, or local government agency or court
• Be administered or recognized by a federal or state-licensed hospital, health clinic, or medical doctor.

Additional drug convictions will make the student ineligible for federal aid again. It is the student’s responsibility to certify to the school that the student has successfully completed the rehabilitation program. In addition to the eligibility requirements listed above, students who are awarded the Toward Excellence Access and Success (TEXAS) Grant must certify annually, prior to the disbursement of funds, that they have not been convicted of a felony or crime involving a controlled substance.
