Texas A&M University Health Science Center, Round Rock

Preparation of the Annual Security Report and Disclosure of Crime Statistics

Enacted in 1990, The Crime Awareness and Campus Security Act was designed to assist the campus community in making decisions which affect their personal safety by requiring institutions of higher education to provide certain campus security information to current and prospective students and employees annually. The Higher Education Act of 1998 and the subsequent amendments of the implementing regulations (34 C.F.R.668.46) significantly expanded institutions' obligations under the Act. The Act was also renamed the "Jeanne Clery Campus Safety Act" (hereafter the Clery Act).

The Texas A&M University Police Department (UPD), its Security Section, and on-site operations personnel are responsible for preparing and distributing the Texas A&M University Health Science Center (TAMHSC) Round Rock Annual Security Report to comply with the Clery Act. The Annual Security Report is published every year by October 1st and contains three years of selected campus crime statistics and certain campus security policy statements for the 2025 – 2026 academic year in accordance with the Clery Act. The 2025 Annual Security Report contains crime statistics for calendar years 2024, 2023, and 2022.

UPD coordinates with the Division of Risk, Ethics, and Compliance (DREC) to compose the Annual Security Report and statistical information with input from various sources such as local law enforcement agencies, Student Affairs, Emergency Management, and other campus personnel.

Annual Security Report Notifications

Each year, an e-mail notification which provides website access to this report is sent to all current students, faculty, and staff. The TAMHSC Round Rock Annual Security Report can be found at the following website: <https://orec.tamu.edu/wp-content/uploads/HSCRRAAnnualSecurityReport.pdf>. A paper copy may be requested at the TAMHSC Round Rock, 1st Floor Security Desk, 3950 North A.W. Grimes Blvd., Round Rock, TX 78665 or by calling 512-341-4900. A paper copy is also made available upon request at each TAMHSC location.

The TAMHSC Round Rock does not provide on-campus student housing facilities, therefore, does not have an Annual Fire Safety Report on Student Housing.

Prospective employees are notified of the availability of the Annual Security Report through an email distributed when applying for a position. Website access to the Annual Security Report is provided by the Division of Human Resources and Organizational Effectiveness through a link called "A safe and welcoming environment" located on the Prospective Employees webpage (<https://employees.tamu.edu/talent-management/careers/index.html>) and on the Required Employee Notices & Important Reminders webpage

(<https://employees.tamu.edu/employees/required-notice.html>) through a link under the “Safety and Security Notices” heading.

Prospective students are notified of the availability of the Annual Security Report through an email distributed when applying for admission. Website access to the Annual Security Report is provided by the Office of Admissions through a link titled “Campus Safety” located at the bottom of the Admissions webpage (<http://admissions.tamu.edu/>).

Campus Law Enforcement Policies

Security Department Overview

UPD provides security services to all components of the Round Rock academic campus. UPD oversees standards for the hiring, training, and operations of its Security Section at the TAMHSC Round Rock campus. To provide a safe campus for our students, staff, faculty and visitors, the UPD Security Section employs 8 uniformed security officers on patrol 16 hours a day, Monday through Saturday excluding holidays. These officers answer calls for service, respond to alarms and direct traffic.

Police Department Overview

The Round Rock Police Department (RRPD) provides law enforcement to all components of the TAMHSC Round Rock. To provide a safe campus for our students, staff, faculty and visitors, the department has uniformed officers on patrol 24-hours a day, year round. To provide this around-the-clock coverage, RRPD works in three shifts, patrolling by foot, car, and bicycle. Patrol is the core of the RRPD. These officers answer emergency calls and enforce state criminal and traffic laws.

Jurisdiction

The UPD Security Section enforces the Texas A&M University System Policies and Regulations, as well as Texas A&M University Rules and Standard Administrative Procedures (SAPs). The RRPD is the primary police authority with jurisdiction for TAMHSC Round Rock campus. The police officers are certified Texas peace officers as defined in article 2.12 of the Texas Code of Criminal Procedure. Pursuant to Section 51.203 of the Texas Education Code, the primary jurisdiction of the Round Rock police officers is the municipality of Round Rock. The patrol jurisdiction for security officers is limited to buildings or properties owned or controlled by Texas A&M University at the Round Rock campus.

Arrest Authority

The UPD Security Section does not employ commissioned police officers. The security officers do not possess arrest power or carry weapons. While the security officers do not have authority to detain or make arrests, their presence and observations at various campus locations support and assist the work of local law enforcement. As certified peace officers, RRPD’s armed police officers have the full authority to detain and arrest.

Enforcement Authority

UPD security officers have the authority to ask persons for identification and determine whether individuals have lawful business on campus. Security officers are not sworn officers and do not have enforcement authority. Criminal incidents are referred to the local law enforcement agency that has jurisdiction and enforcement authority on the campus. The UPD Security Section maintains a highly professional working relationship with each local law enforcement agency. All crime victims and witnesses are strongly encouraged to immediately report the crime to the UPD Security Section and the local law enforcement agency. Prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics.

The RRPD is computer linked to city, state and federal criminal justice agencies, which provide access to criminal records, wanted persons, stolen property, and vehicle information. All crimes reported to RRPD are investigated and are referred for prosecution through the Offices of the County Attorney and District Attorney when appropriate. Criminal matters involving university students or employees may also be referred to university administration for disciplinary action.

Working Relationships and Agreements

The UPD Security Section maintains excellent working relationships with state and local law enforcement agencies including the RRPD, Williamson County Sheriff's Office, Texas Department of Public Safety, Texas Alcoholic Beverage Commission, and local field office of the Federal Bureau of Investigation as needed. These working relationships are not maintained through a written mutual aid agreement with the TAMHSC or UPD regarding the investigation of alleged criminal offenses.

A request is distributed to local law enforcement agencies annually to solicit cooperation in informing the institution about crimes. The request is specific to informing the UPD Security Section about situations reported to the given local law enforcement agency that may warrant an emergency response or timely warning notification.

Monitoring Non-Campus Locations

The TAMHSC campus does not operate non-campus housing or non-campus student organization facilities. If institutional sponsored activity by a student or student organization meets the criteria for Clery non-campus property in areas surrounding the TAMHSC Round Rock campus, campus security may assist in cooperation with RRPD, state, or federal law enforcement but does not actively record or monitor criminal activity. There is no Memorandum of Understanding between the RRPD and TAMHSC or UPD.

Institutional sponsored activity by a student or student organization to a location outside of the Round Rock area may result in the location meeting the criteria for Clery non-campus property. Campus security does not monitor or record criminal activity at these non-campus locations. The local law enforcement agency with jurisdiction at the location responds when police services are requested.

Professional Standards

Providing excellent service and maintaining good relationships within the community is vital to achieving the overall mission of keeping the campus safe and secure. All members of the Texas A&M community can expect to be treated in a courteous and professional manner by members of the department. UPD will not tolerate an employee who acts unprofessionally or who does not provide an appropriate level of service. Instances where UPD Security employees have been especially helpful or have exceeded expectations in service can also be recognized.

The quality of service is dependent in part on feedback from the community. Please help the department improve by bringing complaints and compliments to the attention of any of the following individuals in a timely manner:

- Request the on-duty Security Supervisor by calling 979-845-2345.
- Address written correspondence to: Chief of Police, UPD, TAMU 1231, College Station, Texas 77843-1231.

Reporting Crimes

Incident Reporting and Response

Any on-campus emergency, criminal offense, or suspected criminal activity, should be reported immediately to the RRPD by dialing 911 from a campus phone, from a cellular phone, or in person. In addition, “blue light” emergency phones are located throughout the parking lot. The blue light phones connect to an emergency operator. Call boxes are located near the main entrances. Upon notification, the TAMHSC Round Rock Security Section can supply information or dispatch officers as necessary.

For non-emergencies from a campus phone, dial 341-4900 to contact the UPD Security Section at Round Rock. The web address for UPD Security is: <https://upd.tamu.edu/Pages/Home.aspx>. To contact the RRPD from an off campus phone, campus payphone, or cell phone, please call 512-218-5500. The web address for RRPD is: <http://www.roundrocktexas.gov/departments/police/>.

UPD Security will respond as quickly and safely as possible to any request for assistance, whether it is an emergency or not. Response includes dispatching a security officer to attend to the needs of the victim and secure the scene and, as situations warrant, contact outside services such as local law enforcement, the fire department, or emergency personnel to respond to the incident. RRPD or Williamson County Sheriff officers in vehicles, on foot, or on bicycles will assist and may be contacted directly. Response time is based on current activity and severity of the call. Crimes in progress, alarms, traffic accidents with injuries, and medical assists have a higher priority than other types of calls. For non-campus offenses, we encourage prompt reporting to the proper local law enforcement agency.

We cannot overemphasize the importance of prompt and accurate reporting of crime. If a crime is not reported promptly, evidence can be destroyed or the potential to apprehend a suspect is lost. Without accurate reports, leads could be missed and the investigation headed in the wrong direction. If you witness a crime or emergency, promptly report it to UPD Security or the RRPD and answer questions as accurately as possible. The subsequent investigation can only be as thorough as the information received. If you are the victim of a crime, or you have seen or received information of criminal activity or other emergency, contact UPD Security or RRPD immediately.

Reporting Criminal Offenses to University Officials: Campus Security Authorities

Faculty, staff, and students are encouraged to report any criminal offenses within the campus environment directly to UPD Security or RRPD. For non-campus offenses, we encourage accurate and prompt reporting to the proper local law enforcement agency. As an option, you may also report criminal offenses to the following offices:

Crime reports provided to these and other campus security authorities are used by the school to fulfill its responsibility to annually disclose accurate crime statistics and to issue or facilitate the issuance of timely warnings or emergency notifications. Campus security authority crime reports should include sufficient detail such as dates and locations, and where appropriate, personally identifying information, including name and contact information, if available.

Students, faculty, staff, community members, and guests are encouraged to report all crimes and public safety related incidents to UPD Security and RRPD in an accurate and prompt manner when the victim of such crimes elects or is unable to make such a report. A victim's inability to make a report themselves may result from trauma, injury, distance from campus, etc. The UPD Security Section and the university offices listed above, will assist students with notifying the proper law enforcement authorities, if the victim chooses. It is the goal of the institution to provide assistance wherever the report is made and include Clery countable crimes in the annual security report.

Contracted professionally licensed counseling personnel, who are exempt from the reporting requirements of the Clery Act, are available to TAMHSC Round Rock students and employees. As the counseling services are generated through referral using a network of local providers, there are no institutional procedures in place for professional counselors to encourage (if and when they deem appropriate) voluntary, confidential crime reporting for inclusion in the annual disclosure of crime statistics. TAMHSC Round Rock has no pastoral counselors who are exempt from reporting requirements under the Clery Act.

Confidential and Anonymous Reporting of Crimes

The UPD Security Section and RRPD encourage anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, RRPD and UPD Security cannot hold reports of crimes in confidence. However, victims of certain offenses are eligible for a pseudonym in which the victim's true identity will not be released when reporting to law enforcement. An individual who is involved in or witnesses an active or ongoing emergency should dial 911 and report the emergency immediately.

Voluntary, confidential reports for purposes of inclusion in the annual disclosure of crime statistics and crime log can generally be made by victims, witnesses, and others to the campus security authorities listed on the previous page and all other campus security authorities. Annual crime statistics and the crime log are confidential in that personally identifiable information is not included in the disclosure. However, campus security authorities who are Texas A&M University employees are mandatory reporters who must report all known information about an alleged or suspected incident of discrimination, harassment, retaliation, or complicity that is experienced by, observed by or made known to the employee in the course and scope of their employment as soon as possible. These mandatory reports are required to be made to the Associate Vice President and Title IX Coordinator. Exceptions include confidential reporters described in the next paragraph. See the Sexual Assault, Dating Violence, Domestic Violence, and Stalking section of this report for more information.

At the TAMHSC Round Rock campus, the resources described in this paragraph are considered confidential reporters. The TELUS Health Student Support App (1-866-408-2828) provides confidential real-time virtual counseling 24/7 to all Texas A&M University students. Additional providers for the College of Medicine students in Round Rock include: Norma Perez, Ph.D. (512-365-4278), Linda Chupik, LMFT (254-718-2690), and Danielle Witchel, LCSW (512-627-4109). The TAMHSC Employee Assistance Program - GuidanceResources by ComPsych (1-866-301-9623) is a confidential mental health counseling service available to employees and the employee's benefits-eligible dependents.

Crimes can be reported anonymously by calling the Williamson County Crime Stoppers at 1-800-253-7867. Non-emergency types of crimes can be reported anonymously via the Crime Stoppers webpage at <http://wilcocrimestoppers.org/about.aspx>. Concerning behavior, including crimes, can be reported anonymously to the Texas A&M University Special Situations Team via Tell Somebody by texting 979-269-8268 or by emailing tellsomebody@tamu.realresponse.com. More information and the non-anonymous Tell Somebody online reporting form and can be found at <https://tellsomebody.tamu.edu/>. Reports submitted anonymously or with limited information may restrict the team's ability to follow up on the incident, however, the anonymous reporting option allows for two-way communication between the individual submitting the report and the team.

Timely Warning Policy

The circumstances in which a Timely Warning (Crime Alert) will be generated include, but are not limited to, the receipt of a report to the UPD Security Section or other Campus Security Authority of a crime reportable under the Clery Act, that poses a serious or continuing threat to the campus community. The UPD Chief of Police or UPD Assistant Chief(s) of Police is then responsible for determining if a Crime Alert will be issued. Crimes reportable under the Clery Act include, but are not limited to, arson, murder/non-negligent manslaughter, robbery, aggravated assault, sex offenses, or other crimes as determined necessary by the UPD Chief of Police or UPD Assistant Chief(s) of Police. The determination will be made on a case-by-case basis after due consideration of all available facts of the crime, such as the nature of the crime and whether a continuing danger to the campus community exists. If the UPD Security Section or other campus security

authorities are not notified of a crime in a manner that would allow timely notice, a Crime Alert may not be issued depending on the circumstances. All situations will be evaluated on a case by case basis.

UPD is responsible for the writing and issuance/sending of Crime Alerts. Personnel authorized to write and/or issue (send) a Crime Alert are: UPD Chief of Police, UPD Assistant Chief(s) of Police, UPD Public Information Officer(s), and UPD Clergy Act Compliance Officers. Time permitting, authorized UPD personnel will inform the on-site Security Supervisor, or a designee, about the content and timing of the Crime Alert distribution upon determining a Crime Alert is warranted for the TAMHSC Round Rock campus.

Students and employees should report criminal offenses immediately to the UPD Security Section at the Round Rock campus (512-341-4900 or in person at TAMHSC Round Rock's UPD Security Desk (1st floor lobby, 3950 North A.W. Grimes Blvd., Round Rock, TX). UPD at the College Station campus may also be contacted by phone at 979-845-2345 or in person at 1111 Research Parkway, College Station, TX 77843. UPD is the organization designated to receive reports of criminal offenses described in the law for the purposes of making Crime Alert reports and the annual statistics disclosed in this report.

Crime Alerts are distributed to students, faculty, and staff via blast email. Crime Alerts are distributed in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences. Crime Alerts contain sufficient information about the nature of an identified threat to assist members of the campus community in taking appropriate action to protect themselves or their property. The Crime Alert generally include:

- A readily understandable description of the type of crime or occurrence.
- The general location, date and time of the offense.
- A physical description of the suspect(s), if available, when there is sufficient detail that would reasonably help identify a specific individual suspect or group of suspects.
- Possible connection to other incidents.
- Date and time the alert was issued.
- Suggested measures which members of the university community can take to help protect themselves.

It is important to note that in some cases law enforcement may need to withhold some facts if releasing the information would compromise an ongoing investigation or the identity of the victim. Victim names and other personally identifying information of victims are not included in Crime Alerts. An institution is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.

Emergency Response and Evacuation Policy

The procedures disclosed in this section apply to significant emergencies or dangerous situations occurring on the campus of TAMHSC Round Rock, i.e. on-campus property. The institution does not have separate procedures non-campus property.

On-campus emergencies should be reported immediately to the RRPD by dialing 911 from a campus phone, from a cellular phone, or in person. Upon receipt of the call, emergency operators can supply information or dispatch officers as necessary.

Emergency Notification System

HSC Alert is the TAMHSC's emergency notification system that gives the university the ability to communicate health and emergency information through some or all of the following mechanisms: text message, Texas A&M Email, pop-up messages on equipped university-owned computers, X (formerly known

as Twitter), RSS feed, and a mobile app. HSC Alerts related to the TAMHSC Round Rock campus are issued to the entire TAMHSC Round Rock campus community, rather than to specific segments of the Round Rock campus population. However, HSC Alerts are campus specific. For example, an HSC Alert for an emergency occurring at the TAMHSC Round Rock campus will typically not be issued to other TAMHSC remote campuses which are not impacted.

The TAMHSC will use the system only to provide official notification of critical emergencies (i.e., situations that pose an imminent threat to the community). It is the policy of the TAMHSC to immediately notify the campus community, via the HSC Alert Emergency Notification System, upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the TAMHSC Round Rock campus. Any member of the Local Emergency Coordination Team at the TAMHSC Round Rock campus (see Emergency Preparedness section below) or a member's designee confirms whether a significant emergency or dangerous situation exists by evaluating information received from entities which may include, but are not limited to: law enforcement, fire department, emergency medical services, Emergency Management, National Weather Service, Environmental Health and Safety, or other campus officials.

The HSC Alert emergency notification system does not replace the Crime Alert requirement. They differ in that the Crime Alert requirement applies to Clery reportable crimes, while the emergency notification system addresses a much wider range of threats (i.e. gas leaks, tornadoes, active shooter, etc.). If an emergency notification is issued, the university is not required to issue a Crime Alert based on the same circumstances; however, the university must provide adequate follow-up information to the community as needed. Victim names and other personally identifying information of victims are not included in emergency notifications.

Upon notification from an authorized Local Emergency Coordination Team member, an HSC Alert publisher will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the HSC Alert notification system; unless issuing the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. HSC Alert publishers at the TAMHSC Round Rock campus authorized to generate an HSC Alert and activate the notification system include

- Primary on campus publishers - TAMHSC Operations Manager, UPD Security Sergeant, UPD Advanced Security Officer,
- Secondary publisher - Associate Director of Emergency Management,
- Tertiary publishers - UPD Chief of Police, UPD Assistant Chief(s) of Police, UPD Dispatchers, and/or designee¹.

In accordance with TAMHSC policy, other central administration (the Assistant Vice President, Compliance and Risk Management located at the TAMHSC Bryan campus; the Texas A&M University Emergency Management staff located at the main campus; and/or designees) may confirm an emergency or dangerous situation and generate and issue an HSC Alert on behalf of the TAMHSC Round Rock campus. Additionally, in rare cases, an emergency or dangerous situation may require issuance of a modified emergency notification, outside of the HSC Alert emergency management system, on behalf of the campus. These cases include emergencies that prevent the local campus from issuing the alert or if a centralized global message is determined to be necessary by the President of Texas A&M University.

¹ In the event of a system problem, certain trained individuals from the Texas A&M University Technology Services can be called upon to send an HSC Alert.

Individuals with authority to issue HSC Alerts conduct monthly testing to validate their access to the emergency notification system. For the TAMHSC Round Rock campus, testing of the emergency notification system's operation is launched by personnel in Texas A&M University Emergency Management once per semester. After each test, or actual alert, Texas A&M University Emergency Management and Technology Services will analyze the functionality of each communication device within the notification system and prepare and maintain a report with the results of the findings. Any test may be cancelled by Texas A&M University Emergency Management. Reasons for cancelling tests include the existence of real threats that could necessitate sending an emergency message, recent emergency messages that obviate the need for that test, etc.

Registering for Emergency Notifications

Students, Faculty, and Staff Access

All TAMHSC faculty, staff, and students are automatically enrolled into the HSC Alert system through their Texas A&M email addresses. All TAMHSC personnel and students are highly encouraged to add a mobile number to allow alerts by text message. These individual users may choose to receive mobile communications via SMS text or to opt out of the SMS text entirely through the subscriber portal at <https://tamuhhealth.safety.info/Subscribers/>.

Pre-scripted messages have been developed and are used, with appropriate modifications, during emergency situations. HSC Alert is only used for emergencies, crises, and reports of serious crime where a situation exists which potentially constitutes an ongoing or immediate danger. This is a free service to members of the TAMHSC community.

Depending on the nature of the emergency, one or more notification systems may be utilized. These systems include, but are not limited to:

- Text messages
- Texas A&M email system
- Computer alerts
- X (formerly known as Twitter)
- Mobile app for Android and iOS devices
- Notifications outside of the HSC Alert system including local media communications and building fire alarms

All immediate notifications will have at least one follow-up message (i.e., the "All Clear" message). Generally, the follow-up messages will be issued utilizing the same notification systems as the initial notification. However, word-of-mouth, computer alerts, the use of electronic and cellular communication, or other means may be utilized when appropriate.

The success of this service relies on individuals to provide accurate contact information. The emergency alert system will contain email addresses for all faculty, staff, and students of TAMHSC. Mobile phone numbers and alternate email addresses can be added, or you can opt out of the system, by following the steps found here: <https://codemaroon.tamu.edu/HealthAbout.aspx>.

Public Access

Parents and other guests of Texas A&M University may register for text message alerts at the HSC Alert vendor's subscriber portal. A personal email address and private password are required to create a guest account and register one phone number to receive SMS text message alerts. The registration portal can be found at: <https://tamuhhealth.safety.info/Subscribers/>.

The public can receive HSC Alerts through X (formerly known as Twitter), however, delivery by X cannot be guaranteed since Texas A&M University does not manage this notification outlet. X users can follow HSCAlert to see alerts in their X feed and/or receive push alerts on a mobile device through the X mobile app. Once HSCAlert is followed, click the Bell Icon on the HSCAlert profile page to turn on push notifications for any mobile device with the X app installed.

Also, anyone with a device that uses the Android or iOS operating systems can download the free HSC Alert Mobile App for receiving alerts on their device via push notifications. The app requires a connection to the internet to receive the alerts. The application is available for download on Google Play and Apple Store. <https://codemaroon.tamu.edu/HealthMobileAppNotification.aspx>

Setup instructions for the HSC Alert public access mechanisms described above can be found here: <https://codemaroon.tamu.edu/HealthPublicAccess.aspx>.

Disseminating Information to the Larger Community

The TAMHSC Marketing and Communications Office or designee may communicate with local media such as newspapers, television stations and radio stations to disseminate emergency information to the surrounding community. This office, in coordination with impacted TAMHSC Marketing and Communications Managers for each college, provide a statement for posting additional information on the TAMHSC website. This website is another possible source for the larger community to obtain such information.

Emergency Preparedness

The TAMHSC Round Rock campus has a comprehensive all hazards Emergency Operations Plan which provides a framework for the campus response to crises and emergencies and can be found here: <https://em.tamu.edu/emergency-plans/additional-locations-emergency-plans.html>. The plan was developed using National Incident Management System (NIMS) principles to include the Incident Command System (ICS). The Emergency Operations Plan outlines the Round Rock campus' approach for organizing, coordinating, and directing available resources toward effective emergency operations by establishing authority and assigning responsibility for various emergency tasks.

In the Emergency Operations Plan, specific campus administrators (the Local Emergency Coordination Team) are identified who are responsible for oversight of key functions in the event of an emergency or crisis which impacts a large segment of the campus population. The Local Emergency Coordination Team coordinates with other campus offices (Facilities, Human Resources, etc.) and outside emergency response and life safety agencies (fire department, hospitals and medical centers) as needed. Any implementation of these emergency authorities will also be coordinated with Texas A&M University Emergency Management, UPD personnel, and TAMHSC administration. The College of Medicine Association Dean or designee, in consultation with HSC administration, may alter campus operations in support of an emergency response or for the safety and well-being of the campus community.

TAMHSC Local Round Rock Emergency Coordination Team Members

Associate Dean, College of Medicine (Senior Administrator)

Assistant Dean, College of Nursing (Senior Administrator)

Associate Vice President for Graduate Medical Education, College of Medicine

TAMHSC Operations Manager

The Local Emergency Coordination Team is responsible for maintaining and updating the TAMHSC Round Rock Emergency Operations Plan, which is reviewed annually, as well as having responsibility for creation and

establishment of annual training and exercise schedules to test functionality of the plan. University departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility.

The TAMHSC Round Rock Emergency Operations Plan is continually updated, and tabletop and other emergency planning exercises drills are conducted at least once a year. Exercises and emergency response planning is coordinated with Texas A&M University Emergency Management staff who document the exercises or drills, including the date, time, and whether the exercise was announced or unannounced. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. In addition, Environmental Health and Safety manages a robust Building Emergency Action Plan which works with facility managers to maintain and test building evacuation procedures annually for facilities on campus through unannounced emergency evacuation drills.

Fire and evacuation drills are held once a year for the building. Fire drills are a mandatory supervised evacuation of a building for a fire. The fire drill is scheduled with campus security, the individual building staff, and Lone Star Circle of Care. Students, faculty, and staff learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation.

The purpose of fire evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Fire evacuation drills are used as a way to educate and train occupants on issues specific to their building.

General information about the emergency response and evacuation procedures are publicized each year as part of the institution's Clery Act compliance efforts in this report. Following is a summary of TAMHSC's emergency response and evacuation procedures.

Shelter-in-Place

If an incident occurs and the building you are in is not damaged, stay inside-seeking an interior room-until you are told it is safe to come out. If your building is damaged, or you are directed to evacuate, take your personal belongings (purse, wallet, ID card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, proceed to the emergency assembly site for your area. If police or fire department personnel are on the scene, follow their directions.

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
- Locate a room to shelter inside. It should be an interior room without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
- Shut and lock all windows and close exterior doors.
- Take a list of the people with you and ask someone (other staff) to call the list in to campus security so they know where you are sheltering. If only students are present, one of the students should call in the list.
- Listen for further instructions through HSC Alert or emergency responders.

Campus Evacuation Procedures

The TAMHSC Vice President & Chief Operating Officer or designee will authorize campus evacuation orders. Once an evacuation order has been given, students and employees should follow the instructions and timelines for leaving the campus and should alert others to do the same. Information about returning to campus will be communicated through the TAMHSC webpage.

Building Evacuation Procedures

An evacuation will occur when the fire alarm sounds and/or notification is given by appropriate personnel. All persons (students, employees and visitors) are to immediately vacate the building in as safe a manner as possible. All persons should follow orders given by UPD security officers at the scene. Personnel shall not return to an evacuated building until instructed by UPD security or other appropriate officials. Evacuation drills are conducted periodically for on campus buildings. The building evacuation is documented and reviewed by Texas A&M University Environmental Health and Safety.

Testing Emergency Response and Evacuation Procedures

The TAMHSC Round Rock campus tests its emergency response and evacuation procedures as defined in the Clery Act on an annual basis. Test is defined as regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. Tests may be announced or unannounced. As overseen by Texas A&M University Emergency Management, TAMHSC conducts a drill or an exercise and publicizes its emergency response and evacuation procedures via campus email annually in conjunction with the test. For each test documentation describes the exercise, the date and time, and whether it was announced or unannounced. An after action report is completed and kept by Texas A&M University Emergency Management.

The Daily Crime Log

The UPD Security Section at the TAMHSC Round Rock campus, or other trained personnel, publishes a Daily Crime Log that is available free of charge to the media, the public, and campus offices. This summary identifies the nature of the crime, location, date and time occurred, date the crime was reported to the UPD Security Section, and disposition. A printed copy of this report may be obtained during business hours at the Security Desk, 1st Floor, TAMHSC Round Rock campus (3950 North A.W. Grimes Blvd., Round Rock, TX) or obtained by calling 512-341-4900.

Security of and Access to Campus Facilities

General Provisions

The Dean, Director, or Department Head is responsible for determining access to facilities under their control. The UPD Security Section, upon request, will prepare a security survey of the facility to determine security coverage and appropriate access control.

It is unlawful for any person to trespass on the grounds of any state institution of higher education of this state or to damage or deface any of the buildings, statues, monuments, memorials, trees, shrubs, grasses, or flowers on the grounds of any state institutions of higher education as indicated in *Texas Education Code Section 51.204*. Texas Penal Code *Criminal Trespass Section 30.05* and *Criminal Mischief Section 28.03* are State statutes that are similar in nature and are also widely utilized to help support *Texas Education Code Section 51.204*.

The governing board of a state institution of higher education or its authorized representatives may refuse to allow persons having no legitimate business to enter on property under the board's control, and may remove

any person from the property on his or her refusal to leave peaceably on request. Identification may be required of any person on the property. (*Texas Education Code Section 51.209*)

Residence Halls

The TAMHSC Round Rock campus does not utilize on-campus residence halls.

Parking Lots

Various campus parking lots are under video surveillance and may or may not be monitored. There are three “Blue Light” emergency phones located throughout the parking lots that connect to an emergency operator. Emergency call boxes are located near the main building entrances. These call boxes connect to the UPD Security Section who can dispatch officers and/or request emergency assistance.

Academic and Administrative Buildings

The Round Rock campus of TAMHSC is located within the City of Round Rock, and the public areas are therefore readily accessible. In general, the building is open to the public, at a minimum, during normal business hours. The facility may have specific hours of operation, which can vary depending upon factors such as the time of the year and operational requirements. Access to the building, or portions thereof, may be limited to authorized personnel at various times. Card swipe systems, locks and other means may be employed to limit access. Information about access to the facility can be obtained from the Security Section. UPD Security officers generally are not assigned to specific area of the building. However, they do patrol such areas on a regular basis.

Maintenance of Campus Facilities

Contracted facilities personnel are responsible for maintaining the buildings, grounds, and custodial services for the TAMHSC, Round Rock campus. TAMHSC Operations and Facilities Department (979-436-0545) has oversight of electricity, heating and cooling, running water, and waste disposal. Faculty and staff are encouraged to report maintenance problems to the contracted facilities manager, submit a work request through the department’s website: <https://aggieworks.tamu.edu/ready>, or the emergency number at 979-845-4311.

Additionally, facilities such as telephones, recreational areas, building renovations, furniture purchases, card access security system, and fire alarm/detection systems are all coordinated from the Operations and Facilities Department. For after-hours emergency repairs or for more information about any of these services, call 254-498-2788 or email richard.rivera@sscscserv.com. On-site UPD Security and contracted personnel closely monitor any security-related maintenance problems after hours, and report their findings to the appropriate official. The operations of the emergency call boxes are checked on a scheduled periodic basis by on-site UPD Security.

Alcohol Policy

The following alcohol policy applies to the TAMHSC Round Rock campus.

As an institution interested in the intellectual, physical and psychological well-being of the campus community, Texas A&M University deems it important to curtail the abusive or illegal use of alcoholic beverages. The Texas A&M University System strictly prohibits the unlawful manufacture, distribution (including sales), possession, or use of alcohol on Texas A&M University System property, while on official duty, and/or as part of any Texas A&M University System activities ([System Policy 34.02, Drug and Alcohol Abuse](#)). All purchases of alcoholic beverages by any member must comply with guidelines as established in [System Policy 34.03, Alcoholic Beverages](#) regarding the purchase's source of funds, purpose, and required documentation.

Consequences for policy violations could result in sanctions by the university and/or criminal charges/arrest by law enforcement agencies for state law violations.

The TAMHSC is committed to promoting responsible decision making regarding alcohol and other drugs through educational programming, resources, and referrals. Counseling programs and services are provided to students at TAMHSC Round Rock through the TELUS Health Student Support App (1-866-408-2828) and to College of Medicine students through additional providers: Norma Perez, Ph.D. (512-365-4278), Linda Chupik, LMFT (254-718-2690), and Danielle Witchel, LCSW (512-627-4109). Alleged violations of federal and state laws may result in criminal charges/arrest by law enforcement agencies. University conduct charges may be pursued against those alleged to have violated university policies and/or state/federal laws concerning controlled substances.

The TAMHSC is committed to promoting responsible decision making regarding alcohol and other drugs through educational programming, resources, and referrals. Counseling programs and services are provided to students at TAMHSC Round Rock through the TELUS Health Student Support App (1-866-408-2828) and to College of Medicine students through additional providers: Norma Perez, Ph.D. (512-365-4278), Linda Chupik, LMFT (254-718-2690), and Danielle Witchel, LCSW (512-627-4109). Weapons Policy

The following weapons policy applies to the TAMHSC Round Rock campus.

In accordance with [Texas Penal Code Ch. 46.03](#), a person commits an offense if the person intentionally, knowingly, or recklessly possesses or goes with a firearm, location-restricted knife, club, or prohibited weapon ([Texas Penal Code 46.05](#)) on the physical premises of a school or postsecondary educational institution, to include on any grounds or building owned by and under the control of a school or postsecondary educational institution and on which an activity sponsored by the school or institution is being conducted, or in a passenger transportation vehicle of a school or postsecondary educational institution. The following exception applies. A license to carry holder under Chapter 411, Texas Government Code, may carry a concealed handgun on or about the license holder's person while the license holder is on the campus of Texas A&M (all land and buildings owned or leased by Texas A&M) or in a university vehicle, unless prohibited by state law, federal law, or [University Rule 34.06.02.M1](#), *Carrying Concealed Handguns on Campus*. Prohibited areas include but are not limited to the George Bush Presidential Library under federal law and the following campus premises where effective notice is provided under Section 30.06 of the Texas Penal Code: child-care facilities owned or operated by Texas A&M University, counseling centers, health care facilities, collegiate sporting events, premises where formal administrative hearings/investigations are being conducted, certain high-hazard research areas and laboratories as approved by the president, and any premises where the university, as directed by the president as necessary for campus safety, gives effective notice on a temporary basis pursuant to Section 30.06 of the Texas Penal Code. The open carry of handguns is prohibited everywhere on campus including all land and buildings owned or leased by Texas A&M University. Licensed peace officers are authorized by

law to carry firearms at all times. [University SAP 34.06.02.M1.01](#) and [Student Conduct Code 24.4.14](#) contain additional weapons policy information.

Sexual Assault, Dating Violence, Domestic Violence, and Stalking

In accordance with federal law and [Texas A&M University System Regulation 08.01.01 Civil Rights Compliance](#) (System Regulation 08.01.01), Texas A&M University prohibits discrimination and harassment including sexual assault, dating violence, domestic violence, stalking, (as those terms are defined for the purposes of the Clery Act) and/or related retaliation. The following are statements of policy that address discrimination, harassment (including, but not limited to, sexual harassment² and sex-based misconduct³), complicity, and retaliation⁴. The policies apply whether this conduct occurs on or off campus⁵ and when it is reported to the university.

Procedures for Reporting Sexual Assault, Dating Violence, Domestic Violence, and Stalking

Individuals have the option of notifying on-campus and local law enforcement authorities to report sexual assault, dating violence, domestic violence, or stalking. Below is a list of local law enforcement agencies. Reports should be filed with the agency where the incident occurred.

Agency	Phone
UPD Security - Round Rock	512-341-4900
Round Rock Police Department	512-218-5500

² Sexual harassment is a form of sex discrimination. Unwelcome conduct on the basis of sex (of a sexual nature or otherwise): (1) by an employee of the university who conditions the provision of an aid, benefit, or service of the university on an individual's participation in that unwelcome sexual conduct; (2) determined by a reasonable person to be so severe and pervasive and objectively offensive that it effectively denies a person equal access to the university's education program or activity; or (3) sexual assault, dating violence, domestic violence, or stalking based on sex. For the purposes of defining sexual harassment specified in (2): severe means of sufficient seriousness to interfere with the rights, privileges, and legal activities of an individual, as well as actions that would be deemed by a reasonable person to be extreme or life-threatening; pervasive means conduct existing in or spreading over a large area of an activity or program over a period of time; and objectively offensive means behavior determined by a reasonable person to be offensive (actions that cause unreasonable harm or distress to another individual or group of people).

³ Sex-based misconduct is unwelcome conduct on the basis of sex that is severe, persistent, or pervasive enough to create a work, educational, or campus living environment that a reasonable person would consider intimidating, abusive, or offensive. Sex-based misconduct is explicitly prohibited under System Regulation 08.01.01. Aiding another in the commission of sex-based misconduct is also prohibited by System Regulation 08.01.01. Sex-based includes, but is not limited to, sexual assault, sexual exploitation, dating violence, domestic violence, and stalking based on sex. Sexual exploitation is defined as a situation in which an individual(s) takes non-consensual or abusive sexual advantage of another for his or her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited. For example, sexual exploitation could include such actions as secretly videotaping sexual activity, voyeurism, invasion of sexual privacy, exposing one's genitals or causing another to expose one's genitals, and knowingly exposing another person to a sexually transmitted infection or disease. Sexual exploitation is a form of sex-based misconduct.

⁴ Intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured under civil rights laws and regulations, or because the individual has opposed a discriminatory practice, files a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. The exercise of rights protected under the First Amendment does not constitute prohibited retaliation, nor does the filing of a mandatory report as required by System Regulation 08.01.01. In addition, a university official who files a mandatory report or charges an individual with making a materially false statement in the course of an investigation has not engaged in prohibited retaliation. Retaliation is explicitly prohibited under System Regulation 08.01.01. Aiding another in the commission of retaliation is also prohibited under this regulation.

⁵ Off campus conduct applies if the conduct occurs outside the context of a university employment or education program or activity but creates a hostile environment for students, employees or third parties while on university grounds or other property owned or controlled by university or in any university employment or education program or activity.

Williamson County Sheriff's Department	512-943-1300

The UPD Security Section and the RRPD are available to receive reports of sexual assault, dating violence, domestic violence, and stalking; assist in securing medical attention; participate in evidence preservation and collection; and inform the individual of legal and administrative options both on and off campus. Criminal investigations for the TAMHSC Round Rock campus may occur independent from a conduct proceeding and are conducted by the RRPD or other appropriate law enforcement agency in accordance with the Texas Penal Code, the Texas Code of Criminal Procedure, and information from the Williamson County District Attorney's Office. Law enforcement will help individuals understand the process of obtaining protective orders, restraining orders, or similar lawful orders issued by the courts.

All Texas A&M University employees are mandatory reporters who must report all known information about an alleged or suspected incident of discrimination, harassment, retaliation, or complicity that is experienced by, observed by or made known to an employee in the course and scope of their employment as soon as possible⁶. Employees are not required to report conduct prohibited by this policy if the employee experiences, observes, or becomes aware of the prohibited conduct outside the context of their employment.

An employee is also not required to report an incident where: (1) the employee was a victim of sexual harassment, sexual assault, dating violence, domestic violence, or stalking; (2) the incident about which the employee received information was due to a disclosure made at a sexual harassment, sexual assault, dating violence, domestic violence, or stalking public awareness event sponsored by the university or by a student organization affiliated with the university; or (3) the person has either learned of the incident during the course of their employer's review or process, or has confirmed with the designated office overseeing the review or process, that the incident has been previously reported.

An employee's failure to report alleged or suspected discrimination, harassment, retaliation, or complicity may result in disciplinary action, including termination of employment. An employee must be dismissed if, in accordance with disciplinary processes, the employee is determined to have knowingly failed to make a required report, or that employee, with the intent to harm or deceive, knowingly made a report that is false. Notwithstanding the above mandatory reporting requirement for employees, anyone may report matters which they believe are criminal to the appropriate local law enforcement agency.

Students and third parties are strongly encouraged, but not required, to report conduct prohibited by this policy.

At the TAMHSC Round Rock campus, reports that a student, an employee, or a third party has engaged in conduct prohibited by this policy should be made to:

Associate Vice President and Title IX Coordinator
 Office of Civil Rights and Title IX (CR/T9)
 COKE Building
 415 Houston St., Suite 202
 College Station, TX 77843-1243
 979-458-8407
civilrights@tamu.edu

⁶ Exceptions include confidential employees and are described in the "Confidentiality/Privacy" section of this report.

Website Reporting Form: <https://titleix.tamu.edu/report/>

CR/T9's Associate Vice President and Title IX Coordinator's responsibilities include, but are not limited to, (1) overseeing Texas A&M University's civil rights protections program; (2) ensuring all complaints of discrimination, harassment, retaliation, and complicity are promptly, thoroughly, and equitably reviewed, investigated, and resolved in accordance with System Regulation 08.01.01, [Texas A&M University Rule 08.01.01.M1, Civil Rights Compliance](#) (Rule 08.01.01.M1), and [Texas A&M University SAP 08.01.01.M1.01, Investigation and Resolution of Allegations of Discrimination, Harassment, Retaliation, and Complicity Against Students, Employees, and Third Parties](#); and (3) identifying and addressing any patterns or systematic problems that arise from the review of such complaints. The Associate Vice President and Title IX Coordinator or designee shall decide whether this policy shall be applied to such conduct on a case by case basis. Some conduct, while inappropriate and unprofessional, does not rise to the level of discrimination, harassment, retaliation, or complicity. These behaviors will be forwarded by CR/T9 to be addressed by the appropriate disciplinary authority, e.g., Supervisor, Student Conduct, Residence Life, etc., under rules or regulations other than this policy.

CR/T9 is the department designated by the university to receive and resolve all reports alleging discrimination, harassment, retaliation, and/or complicity. However, reports that the following individuals have engaged in conduct prohibited by this policy: the Texas A&M University System Chancellor; the Texas A&M President; a Chief Operating Officer; an employee who reports directly to the Chancellor, President, or Chief Operating Officer; the Title IX Coordinator or a Deputy Title IX Coordinator; the Chief Risk, Ethics, and Compliance Officer; or the Hearing Officer should be made to:

Texas A&M System Ethics and Compliance Office (SECO)
301 Tarrow, 6th floor
College Station, TX 77843
979-458-6120
civilrightsreporting@tamus.edu

Additional options for reporting to the university include:

- Submitting an identified report through the [Tell Somebody](#) online form or submitting an anonymous report by texting 979-269-8268 or by emailing tellsomebody@tamu.realresponse.com. Anonymous reporting may limit the university's ability to respond to the allegation.
- Submitting an electronic report through the "Make a Report" form found at <https://titleix.tamu.edu/>

Individuals may file a complaint at any time with any local, state or federal civil rights office, including, but not limited to, the Equal Employment Opportunity Commission, the Texas Workforce Commission's Civil Rights Division, the U.S. Department of Education's Office of Civil Rights and the U.S. Department of Justice.

CR/T9 has procedures in place to inform individuals of their rights to file criminal charges as well as the availability of services on and off campus. A complainant⁷ may request assistance from and/or will be assisted by CR/T9 in notifying law enforcement authorities if the complainant so chooses. A report to law enforcement is separate from a report to the university. An individual wishing to simultaneously pursue a law enforcement investigation and a university resolution of conduct prohibited by this policy should make a report to both entities. Individuals are notified of their right to report the incident to local police immediately, but always have the right to decline to notify such authorities. Reporting to law enforcement does not preclude an individual from pursuing disciplinary remedies with the university.

⁷ The individual(s) who is alleged to have been subjected to discrimination.

Although a report of conduct prohibited by this policy may be made at any time, regardless of when the conduct occurred, a report should be filed as soon as possible after the actions that caused the report. Prompt reporting assists investigators in the collection and preservation of evidence.

The filing of a report will not stop, delay, or affect pending personnel or disciplinary actions. This includes, but is not limited to, performance evaluations or disciplinary actions related to an employee or student who is not performing at acceptable levels or standards or who has violated System policies or regulations or university rules or SAPs.

The university's response to allegations of conduct prohibited by this policy will be prompt and equitable. The response is intended to stop/prevent recurrence of any harassment and remedy discriminatory effects of the conduct, as appropriate. A substantiated allegation of prohibited conduct will result in disciplinary action, up to and including termination of employment or separation from the university. Third parties who commit prohibited conduct may have their relationship with the university terminated and/or their privileges of being on university premises withdrawn.

CR/T9 conducts an initial review and preliminary assessment of all reports/complaints that are received by CR/T9 to assess and address the safety and well-being of the complainant, respondent⁸, and the community. As part of the initial review, CR/T9 will take the following step: (1) inform the individual reporting of the right to file a complaint with law enforcement (if applicable) in addition to filing a complaint with CR/T9, (2) provide assistance in notifying appropriate law enforcement authorities if the individual so chooses, (3) inform the individual of the right to decline to contact law enforcement, and (4) inform the individual of the right to file a complaint with state and federal agencies. CR/T9 will offer the opportunity to request supportive measures to provide for the safety of the individual and campus community.

CR/T9 will also take steps to advise about (1) the importance of preserving evidence, if applicable, that could assist in proving that a criminal offense occurred or may be helpful in obtaining a protective order or assist in an investigation, (2) the university's procedures for investigation and options for formal and informal resolutions, and (3) the university's prohibition against retaliation. At this time, CR/T9 will determine whether the complainant is a minor, elderly, or disabled and, if required, contact the appropriate agency in accordance with the Texas law.

CR/T9 provides a written notification of available resources, rights, and options to each individual reporting discrimination, harassment, or retaliation (whether the offense occurred on or off campus) regardless of whether the individual chooses to report the incident to local law enforcement or chooses to pursue informal or formal remedies through the university or criminal remedies through law enforcement. The written notification includes information regarding:

- the importance of preserving physical evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order;
- procedures about how and to whom the alleged offense should be reported;
- the option to notify proper law enforcement authorities including on-campus and local police;
- the option to be assisted by campus authorities in notifying law enforcement if the victim chooses;
- the option to decline to notify such authorities;

⁸ An individual who has been alleged to have engaged in discriminatory conduct as defined in this policy.

- the rights of individuals and the institution's responsibilities for orders of protection, no contact orders (mutual no contact restrictions), restraining orders, or similar lawful orders issued by criminal, civil, or tribal court or the institution;
- information about how the institution will protect confidentiality;
- existing on-campus and community resources/contacts (counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to students, faculty, and staff);
- the options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or supportive/protective measures;
- protection from retaliation; and
- an explanation of procedures for institutional disciplinary action in cases of alleged sexual assault, dating violence, domestic violence, and stalking.

Individuals reporting to the UPD Security Section on-site at Round Rock also receive the written notification.

Guidelines or Suggestions to Follow After an Incident of Sexual Assault, Dating Violence, Domestic Violence or Stalking (as applicable to the specific incident)

- Go to a safe place as soon as you can.
- Contact the Police Department at 911.
- Get medical attention as soon as possible to make sure you are physically well and to collect important evidence in the event you may later wish to take legal action. St. David's Round Rock Medical Center (512-341-1000) has a sexual assault program with trained Sexual Assault Nurse Examiners and a forensic unit offering detailed physical examinations, evidence collection, and expert testimony. Go to the hospital's emergency room and request to be seen by a SANE.
- Try to preserve all physical evidence. Do not wash, use the toilet, swim, brush teeth, or change clothing if you can avoid it. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag.
- Preserve evidence by saving text messages, instant messages, social networking pages, communications, pictures, or other documents, if any, that would be useful to police or investigators.
- Personnel are available to help explain your options, give you information, and provide emotional support. Personnel include: CR/T9 979-458-8407; Student Assistance Services 979-845-3113; TELUS Health Student Support App 1-866-408-2828 (confidential counseling for students); other mental health providers for College of Medicine students: Norma Perez, Ph.D. 512-365-4278, Linda Chupik, LMFT 254-718-2690, and Danielle Witchel, LCSW 512-627-4109; RRPD Victim Services 512-341-3124; TAMHSC Employee Assistance Program (GuidanceResources by ComPsych) 1-866-301-9623; and the Williamson County Victim's Services Division 512-943-1918.

Medical Treatment (as applicable to the specific incident)

It is important to seek immediate and follow-up medical attention for several reasons: first, to assess and treat any physical injuries sustained; second, to test for sexually transmitted infections or pregnancy and treat or take preventive measures; and third, to gather and preserve evidence that may assist in proving that the alleged criminal offense occurred or is occurring or may be helpful in obtaining a protection order. Physical evidence should be collected immediately, ideally within the first 24 hours. It may be collected later than this, but the quality and quantity of the evidence may be diminished. If individuals do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infection.

Confidentiality/Privacy

Students and employees have the option to disclose incidents to confidential reporters who are employees designated or permitted by the university to receive complaints of discrimination, harassment, retaliation, and complicity and maintain confidentiality. Confidential reporters include, but are not limited to, licensed health care personnel and certain mental health providers (professional psychologists/counselors) who receive reports when acting the course and scope of their employment as part of their official employment. When an individual shares information with a confidential reporter, the confidential reporter cannot legally disclose the communication to another person or the institution except under very limited circumstances. Such information could be disclosed when: (1) the individual gives written consent for its disclosure; (2) there is a concern that the party poses an imminent danger to themselves or others; (3) the information concerns conduct involving suspected abuse or neglect of a minor under the age of 18, the disabled, or the elderly; or (4) required by law.

Confidential reporters are required to provide general nonidentifying information as required to comply with the Clery Act or other applicable laws/regulations, and must report de-identified statistics to the Title IX Coordinator for any type of sex-based incident made known to them, and may not include any information that would violate that person's expectation of privacy. Publicly available recordkeeping, including Clery Act reporting and disclosures, must not include personally identifying information⁹. Incidents are shared in a way that does not identify the individuals. For example, licensed healthcare providers share de-identified information regarding conduct that may be a statistic in the Clery Annual Security Report and/or disclosed in the daily crime log without identifying the individuals concerned. Additionally, researchers are deemed confidential only when the research project is federally funded and the identity of research subjects on the specific project are deemed confidential by law.

At the TAMHSC Round Rock campus, the resources described in this paragraph are considered confidential reporters. Mental health and personal counseling contacts for College of Medicine students include: Norma Perez, Ph.D. (512-365-4278), Linda Chupik, LMFT (254-718-2690), and Danielle Witchel, LCSW (512-627-4109). The TAMHSC Employee Assistance Program - GuidanceResources by ComPsych (1-866-301-9623) is a confidential mental health counseling service available to employees and the employee's benefits-eligible dependents. Currently enrolled students at the College of Medicine in Round Rock can access student health services at the Lone Star Circle of Care (512-524-9291). Currently enrolled College of Nursing students at the TAMHSC Round Rock campus do not have access to on-campus student health services but can utilize a student health plan with in-network providers.

Additionally Texas A&M University offers its students TELUS Health Student Support App (1-866-408-2828) for immediate, 24/7 professional counseling via phone call, chat, or an option to schedule multiple sessions with a consistent counselor for short-term treatment. Instructions to access the TELUS Health Student Support App are found here <https://uhs.tamu.edu/mental-health/student-support.html>.

All other employees informed of possible discrimination, harassment, retaliation, and/or complicity should advise the reporting party that they cannot keep the information confidential and are required to report it to the university. Employees should inform the reporting party where confidential guidance can be obtained, such as the student counseling center or employee assistance program. To the extent possible, the university

⁹ Personally identifying information is defined as individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, regardless of whether the information is encoded, encrypted, hashed, or otherwise protected, including a first and last name; a home or other physical address; contact information (including a postal, email, or internet protocol address, or telephone or facsimile number); a social security number, a driver's license number, passport number or student identification number; and any other information, including date of birth, racial or ethnic background, or religious affiliation that would serve to identify any individual.

will protect the privacy of all parties to the report (see definition of private¹⁰).

Employees receiving a complaint under this policy may not disclose the identity of the complainant to any law enforcement authority unless:

- expressly authorized by the complainant;
- imminent threat to health or safety exists; or
- required by law.

Requests from complainants to withhold any name, or a request not to investigate or seek action against the respondent, will be considered by the university in the context of the university's duty to provide a safe and nondiscriminatory work, educational, and campus living environment. This may require that the university take actions when the complainant requests no action, such as when violence is involved, when the threat of violence exists, or when required by law, as in the case of elderly, disabled, or child abuse. A request to withhold information or not to investigate the alleged misconduct may limit the university's ability to respond.

Although individuals reporting sexual assault are not required to file criminal charges, the following program is offered in the State of Texas. In accordance with the Texas Code of Criminal Procedure, Chapter 57, when reporting certain sex offenses to a Texas law enforcement agency, victims may use a pseudonym to protect their identity. The offenses applicable to this program are identified in Chapter 62 of the Texas Code of Criminal Procedure, defined by the Texas Penal Code, and include sexual assault. The pseudonym will replace the victim's name in all public files and records concerning the offense, including police records, press releases, and records of judicial proceedings.

Resources, Rights, and Options for Victims

Following an allegation of sexual assault, dating violence, domestic violence, stalking, and/or related retaliation the complainant, the respondent, and other affected individuals have certain resources, rights, and options available to them. Parties with an inquiry or complaint, if known, are informed about their resources, rights, and options in writing when CR/T9 receives notification of an incident whether it occurred on or off campus and regardless of whether the individual elects to pursue a criminal complaint or disciplinary measures. Other personnel likely to receive reports of conduct prohibited by this policy in the Division of Student Affairs, Division of Human Resources and Organizational Effectiveness, and UPD Security may also provide resources, rights, and options in writing. Available assistance is also covered through prevention and awareness education. Additional information about any of the resources, rights, and options discussed in this section can be requested from CR/T9.

In addition to the Case Managers at CR/T9, the following are on-campus and community resources available to complainants, alleged offenders, and others.

Institutional Rights and Options (Supportive Measures)

The institution is obligated to offer and provide assistance to students, employees, and third parties in obtaining a range of supportive measures. Supportive measures are intended to restore or preserve equal access to the workplace and educational programs or activities without unreasonably burdening the other party; stop and prevent the reoccurrence of discrimination, harassment, and/or retaliation; and support the complainant and respondent during the investigation and resolution process. Supportive measures are non-disciplinary, non-punitive individualized services. Supportive measures are offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent.

In all complaints of discrimination, harassment, and/or retaliation, CR/T9 promptly contacts the parties to discuss the availability of supportive measures, considers the parties' wishes with respect to supportive measures, informs the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explains to the complainant the process for filing a formal complaint. The university must maintain the privacy of any supportive measures provided to the complainant or respondent to the extent that maintaining such privacy would not impair the ability of the university to provide supportive measures.

CR/T9 is responsible for coordinating the effective implementation of supportive measures. In addition to facilitating supportive measures, CR/T9 can provide parties with access to university officials with information about counseling, medical, mental health, victim advocacy, visa and immigration information, impact of a leave of absence on student financial aid, and other services available to complainants and respondents (on campus and in the community). CR/T9 will also notify the parties that options such as protective orders and criminal trespass warnings may be available through law enforcement agencies and the judicial system. A party may request a supportive measure through CR/T9 (979-458-8407) at any time, regardless of whether a formal complaint has been filed and regardless of whether the individual chooses to report the incident to law enforcement or pursue disciplinary remedies.

CR/T9 can assist with supportive measures that may include but are not limited to changes to academic, living, transportation and working situations or supportive measures according to the list below. In determining which supportive measures to impose and the reasonableness of the related measures, CR/T9 considers the request; the safety of the complainant, respondent, and the university community; the specific needs of the individuals; the severity or pervasiveness of the allegations; continuing effects; sharing of residence halls, dining halls, classes, transportation, or job locations; other judicial measures already in place; and other factors as appropriate. The university also provides reasonable supportive measures to third parties as appropriate and available, taking into account the role of the third party and the nature of any contractual relationship with the university. Parties seeking a supportive measure should discuss their options with their CR/T9 case manager.

Supportive measures provided by the institution vary and may include, but are not limited to, the following:

- Assistance in obtaining access to medical, mental health, legal (protective orders and criminal trespass warnings available through law enforcement and the judicial system), counseling support, victim advocacy, visa and immigration information, and financial aid guidance
- Extension of deadlines or other course-related adjustments, e.g., in cases in which a student complainant and student respondent are enrolled in the same course, either student may elect to drop the course without any academic penalty
- Modifications of work or class schedules
- Campus escort services
- Mutual no contact restrictions between the parties as described below
- Changes in work or housing locations
- Leaves of absence
- Increased security and monitoring of certain areas of campus or workplace
- Other similar measures

Mutual No Contact Restriction: A mutual no contact restriction is a supportive measure issued by the institution that prohibits two parties from contacting one another through any means. Mutual no contact restrictions can be issued in addition to court ordered protection but may also serve as an alternative for those who do not want to seek a court order. A complainant or a respondent can request a mutual no contact restriction through the CR/T9 at 979-458-8407. CR/T9 may issue a mutual no contact restriction at any time prior to or during

a conduct investigation based on information provided by the requestor. If good cause for a mutual no contact restriction is determined, both parties are notified of the restrictions in writing. Mutual no contact restriction records are maintained in CR/T9's tracking system.

Individuals should be aware that direct contact, refusal to leave a protected area, appearing at a location one reasonably knows the protected party is at, third-party contact, or even an anonymous contact are all potential violations of a mutual no contact restriction. Violations should be reported to CR/T9 and may result in further disciplinary action. Failure to comply with the terms of supportive measures such as mutual no contact restrictions may be considered a separate violation of system policies and regulations and university rules and procedures.

CR/T9 will also consider an interim removal/restriction of the respondent from university geography, programs, or activities if the respondent is an immediate threat to the health or safety of the community or another individual. Both an interim removal/restriction for student respondents and an interim administrative action for employee respondents, such as a leave of absence, are described below.

Interim Removal/Restriction of Students: A student may not be expelled or suspended prior to a decision of responsibility for a violation(s) of a university rule, policy, regulation, code, or SAP except as provided below.

Student Affairs staff may remove or restrict a student from an education program or activity on an emergency basis only after an individualized safety and risk analysis has determined that the student is an immediate threat to the physical health or safety of any other student or individual arising from the allegations. Student Affairs staff must provide the removed/restricted student with notice and opportunity to challenge the decision immediately following the removal/restriction. Upon being removed/restricted, the removed/restricted student must be granted the opportunity for a hearing within 5 business days to review whether or not the removal/restriction is warranted. The outcome of this hearing is not subject to appeal and is not a disciplinary action.

Student Affairs staff work in collaboration with appropriate TAMHSC administrators to implement the interim removal/restriction. During the interim removal/restriction, a student may be denied access to campus housing and/or the campus (including classes) and/or all other university activities or privileges for which the student might otherwise be eligible.

The interim removal/restriction does not replace the investigation and resolution process. The investigation and resolution process shall proceed as outlined in this policy, except that the timelines referenced in this policy may not be followed and the allegations will be resolved as soon as possible.

Interim Administrative Actions for Employees: In accordance with university rules and SAPs, CR/T9 may request that an employee be placed on leave, suspended with pay, reassigned and/or place in another type of temporary status pending completion of the investigation and resolution process. CR/T9 may also issue interim restrictions to an employee, which include, but are not limited to, contact restrictions (no-contact directives); representation of the university; "no trespass" orders, etc. Such interim actions will remain in place as specified in a notification to the employee or until the allegations are resolved.

Confidentiality/Privacy of Accommodations and Supportive Measures: The university will maintain as private any accommodations or supportive measures provided to the extent that maintaining such privacy would not impair the ability of the institution to provide the accommodations or supportive measures. CR/T9 is responsible for determining what information and to whom information will be disclosed based on the

circumstances of the allegation, the individuals involved, and related safety needs. CR/T9 uses discretion and only discloses information to key officials at the institution who perform the tasks necessary for obtaining or providing the particular accommodation or supportive measure. The identity of an alleged victim of sexual harassment, sex-based misconduct, sexual assault, dating/domestic violence, or stalking may only be disclosed to: (a) persons employed or under contract with the institution, who are necessary to conduct an investigation of the report or any related hearings; (b) a law enforcement officer as necessary to conduct a criminal investigation of the report; (c) the person or persons alleged to have perpetrated the incident, to the extent required by other law; or (d) potential witnesses to the incident as necessary to conduct an investigation of the report. Other areas receiving information related to supportive measures may include, but are not limited to: Student Affairs, University Housing and Residence Life, Parking and Transportation Services, Athletics, Student Financial Aid, Student Activities, Human Resources, academic departments (direct supervisor, Dean, or Associate Dean), or non-academic departments (direct supervisor, Vice President, or designee). Prior to disclosure, CR/T9 will receive consent to disclose the identity of the alleged victim, inform the individual of the information that will be shared, with whom it will be shared, and why.

Legal Rights and Options

The institution provides information and assistance to the complainant, the respondent, and other affected individuals in obtaining lawful orders issued by a criminal, civil, or tribal court including protective orders and criminal trespass warnings as discussed below. Failure to comply with any of the terms of lawful supportive may be considered a separate violation in the institutional disciplinary proceeding.

Protective Orders: Individuals may apply for protective orders through the Texas criminal justice system. A protective order is a supportive measure that requires the recipient to stay away from the protected individual's home, workplace, and/or children's schools (if the children are protected persons in the order) depending on the documented circumstances. It can require the recipient to stop communicating with the protected individual in a harassing or threatening manner, attend counseling, pay child support, and/or pay spousal support. An application for a protective order may be filed by an individual, a prosecuting attorney, or the Texas Department of Family and Protective Services (1-800-252-5400) on behalf of an individual. The application is obtained through the county attorney (Williams County Attorney's Office - Victim Services Division, 512-943-1918) or a private attorney. Forms associated with applying for a protective order are found on the following webpage:

[https://www.wilco.org/Portals/0/2017%20Protective%20Order%20Inquiry%20Form%20\(Part%201\)2017.pdf?ver=2017-06-20-133103-633](https://www.wilco.org/Portals/0/2017%20Protective%20Order%20Inquiry%20Form%20(Part%201)2017.pdf?ver=2017-06-20-133103-633)

The application for a protective order must be filed in either the county where the applicant lives or the county where the recipient lives. The applicant's address can be kept confidential. If the legal criteria for a protective order is met, the county or district attorney's office will prepare and file all of the paperwork necessary to request a protective order from a court. Such orders provide effective tools for law enforcement when they are called upon to protect an individual and their family. Additionally, an emergency protective order may be recommended and automatically issued by the court following the original report and arrest of the respondent. A hearing is held at a later date to determine if the order should be extended or modified.

Local law enforcement agencies are notified of protective orders that exist in their area. If the requestor or other institutional personnel become aware that a protective order is violated, local law enforcement should be contacted immediately. UPD Security at Round Rock (512-341-4900) can assist with this process. Responding agencies can be contacted for protective order violations including RRPD (512-218-5500) or the Williams County Sheriff's Department (512-943-1300). Violating protective orders generally carry authority for the violator's immediate arrest.

Criminal Trespass Warning: A criminal trespass warning is a supportive measure issued by the RRPD directed at those who are considered a danger to the campus community or a danger to a certain individual in the campus community. The warning advises the respondent to leave the premises and forbids them from entering and/or remaining on certain property which can cover either the entire campus or a specific campus location. To request a criminal trespass warning, contact RRPD at 512-218-5500 and request to speak with an officer. The officer issues the criminal trespass warning if the respondent is determined to pose a risk to campus safety based on information provided by the requestor as it relates to applicable state law. When the warning is issued, the officer is responsible for providing notice to the requestor and the person receiving the warning.

Law enforcement officers are notified of criminal trespass warnings that exist in their area. If a criminal trespass warning is violated, RRPD should be contacted immediately at 512-218-5500. A violation of the criminal trespass warning occurs when the individual is issued a warning but refuses to leave campus or is subsequently found in a prohibited area based on the trespass warning. The requestor and other institutional personnel should take appropriate action by contacting RRPD for a responding officer when they become aware of a potential violation of a criminal trespass warning. RRPD generally enforces these warnings by charging violators with criminal trespass resulting in arrest and/or fine.

If the complainant, alleged offender, or member of the university community has obtained an order of protection, civil no-contact order, or similar order from a court as described in this section, against another member of the university community, the order should be provided to the official contact or designee. In conjunction with RRPD and other university officials, the official contact or designee will take all reasonable actions authorized by law to implement the order.

Other Legal Options: The UPD's Community Services Unit (979-458-1674) and the Williamson County Victim Services Division (512-943-1918) are available to provide information about personal safety, Texas Crime Victim's Rights, Texas Crime Victims Compensation Fund and other information upon request. Or visit the Office of the Texas Attorney General's website at <https://www.texasattorneygeneral.gov/cvs/crime-victims-compensation>.

Investigations and Disciplinary Proceedings¹² for Sexual Assault, Dating violence, Domestic Violence, and Stalking

Proceedings from an allegation of sexual assault, dating violence, domestic violence, or stalking are provided in a prompt, fair, and impartial manner from the initial investigation to the final result, including any appeals. They are consistent with the institution's policies and transparent and equitable to the complainant and respondent. The investigation provides that:

- Both the complainant(s) and the respondent(s) must receive equitable treatment in all facets of the investigation and resolution process including, but not limited to, the right to an advisor (if any), the right to present evidence and witnesses, and the right to be informed of the outcome of the investigation.
- Timely and equal access to any information (inculpatory and exculpatory) discovered during the investigation as well as any information that will be used during informal and formal disciplinary meetings and hearings will be provided to the complainant, respondent, and appropriate officials.

¹² For the purposes of this section, proceeding means all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and the complainant, the respondent, and other affected individuals concerning accommodations or protective measures.

- During the investigation the complainant and respondent have timely notice of meetings at which the complainant or respondent, or both, may be present.
- Determinations use the preponderance of the evidence standard, i.e., what is more likely than not to be true, based on the totality of the available evidence.
- If the respondent has multiple roles at the university, such as when the respondent is both a student and an employee, the Chief Risk, Ethics, and Compliance Officer will consult with other relevant university officials and determine which procedure(s) to follow in the investigation and resolution of the allegations of prohibited conduct as well as other policy violations. The Chief Risk, Ethics, and Compliance Officer will consider the known facts and circumstances, including which role predominates in the context of the prohibited conduct.
- The university's disclosure of information related to an investigation, the DA's decision and/or the sanctions rendered are governed by the provisions of the Family Educational Rights and Privacy Act (FERPA), the Texas Public Information Act (TPIA), the Texas Education Code Section 51.971, and other applicable confidentiality laws.

Individuals conducting investigations and other decision makers, at a minimum, receive annual training on the issues related to sexual assault, dating violence, domestic violence, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. All of those involved in the administration of civil rights complaints at the university (including but not limited to: reporting, administering, investigating, adjudicating, advising, and informal resolution) complete annual training specific to their roles in accordance with requirements established by SECO in [System Regulation 08.01.01, Appendix B, Minimum Training Requirements for Civil Rights Investigations, Advisement, Adjudication, Appeals, and Informal Resolution in The Texas A&M University System](#). Minimum training requirements include university rules and procedure, applicable federal and state laws, how to conduct comprehensive civil rights investigations and prepare reports, trauma-informed investigation techniques and considerations, due process protections, how to value and weigh evidence and assess credibility, sanctioning, appellate processes, etc.

If an employee reasonably believes that an incident constitutes sexual harassment, sexual assault, dating violence, domestic violence, or stalking and that the incident is alleged to have been committed by or against a person who was a student enrolled at or an employee of the institution at the time of the incident, the employee must promptly report the incident to CR/T9. Students and third parties (including, but not limited to, anyone receiving services from the university, vendors and private business associates) are strongly encouraged to report the incident(s) promptly to CR/T9. An employee is not required to report an incident in which that employee was a victim of the sexual harassment, sexual assault, dating violence, domestic violence, or stalking. Once an individual discloses information to CR/T9, a complaint will be considered to be made with the university, and the institution's process is initiated regardless of whether the complainant chooses to pursue criminal charges.

Complaints are initially reviewed by CR/T9, not only to assess and address safety, but also to determine whether a violation of the System Regulation 08.01.01 and/or Rule 08.01.01.M1 and/or any other university rule, SAP, code, or policy could have occurred. During the initial review and preliminary assessment CR/T9 will:

- Inform the complainant about options for formal and informal resolutions and solicit the complainant's preferred method for resolving the matter. Complainants may request a formal resolution, an informal resolution, or "no resolution" of the allegations of discrimination, harassment, retaliation, and/or complicity.

- Offer assistance to the complainant in submitting a written formal complaint¹³ that details the nature and circumstances of the allegations, including the names of the complainants and respondents.

No Resolution

If the complainant requests that no resolution of the allegations occur, the university will seek to honor the request whenever possible without impeding the university's ability to enhance the safety and security of the complainant and the university community. The university may initiate an investigation based on the seriousness of the allegation, whether or not there are multiple allegations, and/or whether or not a respondent poses a risk of harm to others. CR/T9 will consider the following factors when evaluating such requests:

- All of the known circumstances, including any corroborating evidence;
- The nature and scope of the alleged conduct, including whether the reported behavior involves the use of a weapon;
- The respective ages and roles of the complainant and respondent;
- Whether there have been other reports of prohibited conduct or other misconduct by the respondent;
- Whether the report reveals a pattern of misconduct related to prohibited conduct (e.g. via illicit use of drugs or alcohol) at a given location or by a particular group;
- Fairness considerations for both the complainant and the respondent;
- Whether the university possesses other means to obtain relevant information and evidence;
- The university's obligation to provide a safe and non-discriminatory environment;
- Admissions of responsibility by the respondent, if any; and
- The impact of honoring the request on the complainant and the university community, including the risk of additional violence.

If the university is able to honor the complainant's request for no resolution, the university may close the matter with no action taken, or the university may proceed with other appropriate steps, including investigation and disciplinary action against the respondent for violations of other rules, SAPs, regulations, policies, or codes, if applicable.

If the university determines that the complainant's request cannot be honored, the complainant will be notified of the decision, and CR/T9 will take appropriate actions, including but not limited to, (1) offering support services or academic adjustments and (2) initiating a formal investigation or informal resolution.

Informal Resolution

Informal resolutions do not utilize a formal hearing and may or may not involve the establishment of findings of fact and the application of sanctions.

At any time prior to the determination of a final decision, the parties may seek informal resolution to resolve the complaint. The following conditions apply to informal resolution:

- Informal resolution is a voluntary process. No party may be compelled to participate in informal resolution. The university, in consultation with SECO, must agree to allow an informal resolution to

¹³A formal complaint is a document or electronic submission (such as by electronic mail or through an on-line portal provided for this purpose) filed by a complainant, or signed by the Title IX Coordinator, alleging sex-based discrimination against a respondent and requesting that the university investigate the allegation(s). The formal complaint must contain the complainant's physical or digital signature, or otherwise indicate that the complainant is the person filing the complaint. Alternatively, a Title IX Coordinator may sign a formal complaint but is not a complainant or otherwise a party to the complaint. The university may consolidate formal complaints as to allegations of sex-based violations against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, when the allegations of sexual harassment arise out of the same facts or circumstances.

move forward and must obtain the parties' voluntary, written consent to the informal resolution process.

- Prior to an informal resolution, the parties will be provided with: (a) written notice of the allegations; (b) the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; and (c) the consequences of withdrawing from the informal process and resuming the formal process, and including the records that will be maintained or could be shared.
- Once a party agrees to participate in informal resolution, they may withdraw from the process at any time prior to a final agreement and resume the formal grievance process. Information shared in the informal resolution process may not be introduced into the formal process without independent evidence.
- Once a final agreement is established through informal resolution, the complaint may not return to the formal complaint process unless one or both parties fail to abide by any conditions established in the agreement.
- Informal resolution options include mediation, restorative conferences, shuttle facilitation, and other forms of facilitated dialogue.
- Mediation may not be used to resolve complaints of rape, statutory rape, dating violence, domestic violence, or any case in which imminent threats of harm may exist.
- The university may not offer an informal resolution process in sex-based complaints unless a formal complaint is filed and may not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Formal Resolution

The allegations will be considered for investigation pursuant to the following procedures. CR/T9 reserves the right to resolve the complaint informally or through no resolution if the allegation does not rise to the level of conduct prohibited by System Regulation 08.01.01.

Upon receipt of a report, CR/T9 may consult with the Texas A&M University System Office of General Counsel (OGC) as needed and make a preliminary determination about whether to conduct a formal investigation of the allegations. The preliminary determination may include, but is not limited to, the following:

- An assessment of whether there is sufficient known or obtainable information to proceed with an investigation of the complaint;
- An assessment of whether the allegations are baseless;
- An assessment of whether the allegations, if true, would constitute a violation of System Regulation 08.01.01; and/or
- An assessment of whether a complainant's request for no resolution may be honored.

If it is determined that there is insufficient information to proceed with an investigation; or that the allegations are baseless; or that the allegations, if true, would not constitute conduct prohibited by System Regulation 08.01.01 and/or Rule 08.01.01.M1; or, that an investigation will not occur due to the complainant's request for no resolution, CR/T9 may:

- dismiss the complaint,
- close it for insufficient evidence to investigate or lack of jurisdiction,
- refer the report to a different office at the university (the university office may review the conduct and take appropriate action, including but not limited to, disciplinary action against the respondent for violations of other university rules, codes, regulations, policies, or SAPs, if applicable), or

- with the consent of the parties, as well as the approval of SECO, refer the complaint to informal resolution (cases involving allegations based on sex require the submission of a formal complaint before they may be referred to informal resolution).

CR/T9 will notify the complainant of such action in writing. Complaints that have been dismissed or referred may be appealed in accordance with the appeal procedures section of this policy.

Once it has been determined that the university will proceed with a formal investigation, CR/T9 will appoint the Investigative Authority (IA)¹⁴ within 5 business days to initiate the process of determining whether a violation of System Regulation 08.01.01 or other university rule, SAP, code, or policy occurred.

The Associate Vice President and Title IX Coordinator (or designee) shall simultaneously notify the complainant(s) and respondent(s) in writing of the commencement of the investigation. The notice of investigation will include:

- receipt of the complaint stating the allegation of a violation of this policy;
- interim supportive measures, if any;
- admonishments regarding cooperation and prohibiting retaliation;
- any informal resolution process that may be available;
- an unredacted version of the complaint to an employee respondent(s) and their advisor, if applicable, with admonishments regarding privacy; and
- the appointed IA; the appointed Designated Administrator (DA) and Appellate Authority (AA)¹⁵.

If in the course of an investigation the university decides to investigate allegations about the complainant or respondent that were not included in the original notice, the university must provide notice of the additional allegations to the parties.

If the respondent is an employee, the Associate Vice President and Title IX Coordinator (or designee) shall notify, in writing, the respondent's supervisor that CR/T9 is investigating an allegation that the respondent has engaged in conduct that may be a violation of System Regulation 08.01.01 and/or Rule 08.01.01.M1 or other university rules, SAPs, codes, or policies.

CR/T9 is responsible for all administrative actions required to conduct the investigation. These include, but are not limited to, informing the parties of extensions or other delays affecting the investigation, contacting

¹⁴ The IA is one or more trained individuals appointed to conduct a formal investigation to discover and examine the facts related to an allegation and conclude if, based on the preponderance of the evidence, the allegation is substantiated, unsubstantiated, or if there is insufficient information. In complaints involving allegations of sex-based behaviors, the IA will be limited to only reporting the evidence collected during the investigation, as well as issuing appropriate determinations surrounding credibility of parties, witnesses, and evidence.

¹⁵ The DA is the decision-making entity specified in university rules. This may be an administrator or a hearing officer/panel but may not include a person with a clear conflict of interest (e.g., supervisor, subordinate, and/or family member of either party) or personal bias. The role of the DA is to determine whether or not allegations of misconduct rise to the level of a violation of System Regulation 08.01.01 based on the evidence provided and utilizing the preponderance of the evidence standard. The DA cannot have served as an investigator nor may they later serve as an appellate authority in the same case. Title IX Coordinators may not serve as a DA in any case involving an allegation of discrimination or harassment based on sex. The AA is any individual or panel responsible for rendering appeal decisions as specified in university rules. The role of the AA is to review the process by which an original decision was reached and render an appellate decision, consistent with the grounds for appeal. Title IX Coordinators may not serve as an AA in any case involving an allegation of discrimination or harassment based on sex. All persons serving as DAs, AAs, and IAs will be impartial and free of conflicts of interest or bias for or against the complainant or the respondent. Parties who are concerned about the impartiality of an individual serving in one of these roles should submit their concerns, in writing, to the Chief Risk, Ethics, and Compliance Officer (civilrights@tamu.edu) who may designate alternative individuals to fulfill any of these roles.

supervisors or faculty regarding their employees' or students' time away from work or class to participate in the investigative process, making reports to university administrators, coordinating supportive measures, and undertaking any other tasks necessary to properly conduct the investigation.

The IA will review the complaint, conduct a prompt, fair, thorough, and impartial investigation. Abuse of the investigation and resolution process is prohibited and subject to disciplinary action up to and including dismissal or separation from the university. Examples of abuse of process include, but are not limited to:

- Failure to appear at a meeting, interview, hearing, or conference as set forth in a notice issued by CR/T9;
- Falsification, distortion, destruction, or misrepresentation of evidence or information;
- Disruption or interference with the orderly conduct of an investigation, interview, meeting, hearing or conference;
- Intentionally initiating or causing a false report to be initiated;
- Attempting to discourage an individual's proper participation in, or use of, the investigation and resolution process, disciplinary process, or legal process;
- Attempting to influence the impartiality of the IA, AA, or DA prior to, and/or during the course of the investigation and resolution process;
- Verbal or physical intimidation, and/or retaliation of any party to the investigation and resolution process prior to, during, and/or afterwards;
- Failure to abide by the terms of university administered sanctions;
- Influencing or attempting to influence another person to commit an abuse of the investigation and resolution process; and/or
- Failure to cooperate fully with the IA (applies to employees only).

Students, employees, and third parties who are found responsible for abuse of the investigation and resolution process are subject to the sanctions as described in this policy. During the investigation, the complainant and the respondent will have an equal opportunity to be heard, submit information and corroborating evidence, identify witnesses who may have relevant information, and submit questions to be asked of the other party. Questions for the other party will be asked by and at the discretion of the IA. The IA will meet separately with the complainant, the respondent, and any witnesses, and will gather other relevant and available evidence and information. The IA may also consult medical, forensic, technological, or other experts when expertise is needed in order to achieve an understanding of the issues under investigation.

Witnesses must (1) have observed the acts in question, (2) have information related to or relevant to the incident, or (3) have information about impact, mitigation, aggravation, and/or character in order to participate in the investigation process.

Investigations provide both the complainant and respondent the same opportunities to have others present during any institutional proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor¹⁶ of their choice. The advisor may be present at any time in which the party participates in the investigation and resolution process, including the filing of the complaint, the interview with the IA, and all other meetings or proceedings related to the investigation and resolution of the complaint.

¹⁶ An advisor is an individual selected by each complainant and respondent to provide guidance, support, or advice during the investigation and resolution process and to conduct cross-examination when a complaint is referred to a formal hearing. An advisor may be an attorney. The university may appoint an advisor of the university's choice for a complainant or respondent for a hearing if either party does not have an advisor present. Advisors may not otherwise represent or speak for the party they are advising. Each party is allowed one advisor, although the university may establish circumstances under which a second advisor would be permitted (e.g., accommodating a party with a disability).

Proceedings will not limit the choice of advisor allowing a party to select any person to be an advisor, including legal counsel.

If the allegations are related to sexual harassment or sex-based misconduct, a party must have an advisor for the hearing to provide guidance and to conduct cross examination. If a party does not have an advisor for a hearing involving sexual harassment or sex-based misconduct allegations, the university will appoint an advisor for the party. To the extent reasonably possible, the university will provide a party without an advisor with a list of trained advisors and allow the party to select an advisor to be appointed from the list.

Restrictions regarding the extent to which the advisor will participate in the proceedings may be established and applied equally to both parties. In all instances, the advisor's participation will be limited to the role of an observer, except that the advisor will (1) conduct the cross examination during a hearing on allegations of sexual harassment and sex-based misconduct and (2) provide support and guidance to their party. An advisor can be barred from being present during the investigation and resolution process if, in the judgment of the IA, the DA, the AA, or the Associate Vice President and Title IX Coordinator, the advisor attempts to advocate on behalf of a party (other than cross-examination), or is otherwise disruptive. All parties, including advisors, are informed of participation restrictions before a proceeding is conducted so that parties understand and respect the limitations.

When the university is made aware that there is a concurrent criminal investigation, CR/T9 may inform the law enforcement agency that a university investigation is also in progress; ascertain the status of the criminal investigation; and determine the extent to which any evidence collected by law enforcement may be available to the university in its investigation.

At the request of law enforcement, the university may temporarily defer part or all of the investigation until after the initial evidence-gathering phase of the law enforcement investigation is complete. The IA will communicate with the parties (as appropriate) about the law enforcement agency's request to the extent allowed by law; the university's obligations and supportive measures; procedural options; anticipated timing; and the implementation of any necessary interim measures for the safety and well-being of all affected individuals.

Standards for the resolution of criminal allegations are different than the standards for resolution of a violation of System Regulation 08.01.01 and/or any other university policy, rule, SAP, or code; therefore, the university will not base its decisions on any law enforcement determination and/or the outcomes of any criminal proceedings.

Within 30 business days, the IA will prepare an initial draft investigation report at the conclusion of the investigation and provide it to OGC for review. The initial draft investigation report includes the following but does not contain speculation, opinions, findings, decisions, or recommendations for sanctions¹⁷:

- statement of the allegation(s)
- listing of individuals interviewed including dates of the interviews
- all inculpatory evidence (evidence that would tend to support a finding that a respondent is responsible for the alleged misconduct) that is directly related to the allegations

¹⁷ The investigation report for a non-sex based civil rights complaint must also include the IA's conclusion, based on the preponderance of the evidence, whether or not the alleged behavior/conduct occurred, did not occur, or there was insufficient evidence to establish that the behavior occurred or not, but will not determine whether or not the behavior establishes a violation of system or university regulations or rules.

- all exculpatory evidence (evidence that would tend to support a finding that a respondent did not commit the alleged misconduct) that is directly related to the allegations
- credibility assessments which may not be based on an individual's status as a complainant, respondent, or witness
- listing of relevant documents attached to the report as exhibits

The IA has the sole discretion to determine the relevance of evidence and whether it should be included in or excluded from the investigation report. OGC will coordinate with SECO and provide its review of the initial draft investigation report to the IA within 10 business days.

The IA will have 5 business days to create a final draft investigation report and share that document electronically with both the complainant, respondent, and their advisors, if any. The university provides parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including the evidence upon which the university does not intend to rely in reaching a determination regarding responsibility, and inculpatory or exculpatory evidence related to the allegations whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. This includes sending to each party and the party's advisor, if any, the final draft investigation report (with exhibits) subject to inspection and review. Both the report and the collected evidence will be unredacted to the extent allowed by law.

The complainant and the respondent will be given 10 business days to review the final draft investigation report and evidence and submit a written response to the IA for the IA to consider prior to final completion of the investigative report. A party's response may include: (1) written comment or feedback; (2) additional evidence or information; (3) the names of additional witnesses or a request for the collection of other information by the IA; and/or (4) questions to be asked (at the discretion of the IA) of the other parties or witnesses. If a party's response to the final draft investigation report includes new evidence/information/witness names that were not provided to the IA during the original investigation, the party must submit a written explanation as part of the response as to why the evidence/information/witness names were not originally provided to the IA. The IA has the discretion to disregard or accept new information/evidence/witness names. A party may not withhold information/evidence/witness names, refuse to answer question(s) or participate in the original investigation and then provide the information for the first time at party review. The IA must explain to the party proposing the questions any decision to exclude a question as repetitious or not relevant. A party's written response, if any, will be shared with all other parties and incorporated in the investigation report as an exhibit.

While it is the IA's responsibility to undertake a thorough search for relevant facts and evidence and to gather evidence sufficient to reach a determination regarding responsibility, the IA must conclude the investigation within a reasonably prompt time frames and without the power of subpoena.

At the conclusion of the review and respond period, the IA will determine if the final draft investigation report should be amended with any new information or evidence. If necessary, the IA may pursue additional investigative steps and/or amend the final draft investigation report. The IA will have 10 business days to complete this process.

The IA will then have 5 additional business days to prepare a final report (as amended, if applicable), and forward it along with exhibits, responses from the parties, and other information directly related and relevant to the allegations, to OGC and SECO for legal review. OGC and SECO will then have 5 business days to provide feedback to IA. The latter review provided by OGC and SECO may be waived by mutual agreement

between the university and OGC/SECO if no substantive changes were made following the initial review. After receiving the legal review, the IA will have 5 business days to finalize the investigation report and submit to the parties and to the DA for decision-making and sanctions.

Circumstances may warrant extensions to the time frames in this section. The IA should send an extension request, if needed, to CR/T9. Both the complainant(s) and the respondent(s) are notified of any extensions in writing.

The respondent is presumed to not have engaged in prohibited conduct until the DA finds that there is sufficient evidence based on a preponderance of the evidence to find that the respondent has violated System Regulation 08.01.01 and/or Rule 08.01.01.M1. If violation(s) are found, the DA may issue sanctions.

Procedures governing the resolution of all sexual harassment and sex-based misconduct allegations

The university's Chief Risk, Ethics, and Compliance Officer will appoint a university official and/or a hearing officer to be the DA. The university official and/or hearing officer will render decisions in cases with allegations against employees, third parties, and students¹⁸.

The DA will review the unredacted final investigation report, the documentary evidence, the record of the hearing (if applicable), and any other relevant information. The DA or designee will provide the final investigative report and exhibits to the parties. The parties will also be provided a pre-hearing conference to review the hearing process as well as to explore any available options for informal resolution. The parties have at least 10 business days to review the final investigative report and to respond in writing to the DA (if desired) prior to the hearing. The DA has the sole discretion to determine the relevance of evidence and whether it should be heard at a hearing. Neither the Texas Rules of Evidence nor the federal Rules of Evidence apply in university hearings. At any time prior to the adjudication of a formal complaint, the parties may seek informal resolution to resolve the complaint.

Unless waived by the parties, following the pre-hearing conference the parties will be given a minimum of 5 business days' notice of any formal hearing. The notice must include the date, time, and location of the hearing, as well as instructions for those participating in hearings through online means.

The DA will conduct a live hearing¹⁹ to allow the parties to question witnesses, submit evidence or information, and to allow the DA and the parties' advisors to cross-examine other parties or witnesses. The complainant and the respondent at a hearing must have an advisor with them. In cases in which a party does not have an advisor, the university will provide a trained advisor to assist them in the hearing process.

Cross-examination of the complainant, respondent, and any witnesses may not be conducted by the opposing party but must be conducted by their advisor. Questions are to be directed to the DA, who will determine whether or not each question will be admitted into the hearing. If a question is deemed repetitious or not relevant, the decision-maker must explain the decision to exclude it. When parties are being subject to cross-examination, the advisor may not answer on behalf of the party.

¹⁸ Exceptions: The chancellor or designee will serve as the DA in complaints against the Texas A&M President or an employee who reports directly to the Texas A&M President; a Chief Operating Officer or an employee who reports directly to the Chief Operating Officer; or an employee who works in the department of CR/T9. The chair of the Board of Regents or designee will serve as the DA in complaints against the chancellor or an employee who reports directly to the chancellor.

¹⁹ Hearings will be closed to the public. The university will create an audio or audiovisual recording, or transcript, of any live hearing and make it available to the parties for inspection and review. Physical access to the recording or transcript must be provided upon request for the purpose of preparing an appeal following the hearing. Attendance at a hearing may be in person or may be conducted through remote means, provided that all parties and the DA can see and hear one another in real time during the course of the hearing.

The DA will preside over the hearing and make final determinations on the relevance of questions and evidence asked during the cross-examination. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the alleged conduct, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The DA cannot draw an inference regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

Following the hearing, the DA will develop a draft result²⁰ (hereafter called decision), based on the preponderance of the evidence, as to a) whether or not the alleged conduct occurred; and b) whether each allegation is substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01 and/or Rule 08.01.01.M1. If applicable, the DA will also include a decision as to whether the respondent violated any other university regulation, code, policy, SAP, or rule. If the DA determines that any regulations, policies, rules, SAPs, or codes have been violated, the DA will consider any information about impact, mitigation, aggravation, and the respondent's character (see factors listed in the Sanctioning Considerations section) and include a decision about sanctions. The DA will submit the draft to SECO within 2 business days. SECO will have a maximum of 3 business days to provide feedback to the DA.

Thereafter, the DA will have a maximum of 3 additional business days to issue a decision letter. The decision letter must be sent simultaneously to notify the parties, in writing, of the decision on responsibility and sanctions except when to do so would violate state or federal law [e.g. Family Education Rights and Privacy Act (FERPA)]. The decision must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, the decision letter must include the rationale for the decision and the sanctions²¹. The decision will include information about appealing the decision and/or sanctions.

Decision letters must include (1) identification of the allegations; (2) a description of the procedural steps taken from the receipt of a formal complaint through determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held, if any; (3) a finding for each allegation as to whether the conduct occurred and findings of fact supporting the determination; (4) conclusion regarding the application of the university's conduct standards to the facts; (5) a statement of, and rationale for, the result as to each allegation including a determination regarding responsibility (substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01 and/or Rule 08.01.01.M1), any disciplinary sanctions the university imposes on the respondent, and whether remedies designed to restore or preserve equal access to the university's education program or activity will be provided by the university to the complainant, and; (6) the university's procedures and permissible bases for the complainant and respondent to appeal the decision and/or sanctions. If it was alleged that any other system regulations or university rules, SAPs, codes, or policies were violated, there will be a statement of responsibility as to these allegations as well. The decision on responsibility made by the DA

²⁰ Result is defined as any initial, interim and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanction imposed by the institution.

²¹ The decision of the DA will include how the university weighted the evidence and information presented during the hearing, how the evidence and information support the decision and sanctions, and how the standard of evidence was applied.

does not constitute an employment action with respect to faculty and non-faculty employees. Any sanction against an employee, imposed as a result of a substantiated finding, will constitute an employment action.

If for any reason there is reasonable cause for the university to delay the issuance of the decision letter, this will be communicated to the parties by the DA or designee. If a student respondent withdraws or graduates from the university pending the resolution of a complaint, the process will continue and, the university will not issue a transcript on behalf of the student until the conclusion of the process.

Upon request by another postsecondary educational institution, the university must provide to the requesting institution any determination that a student violated the university's code of conduct by committing sexual harassment, sexual assault, sex-based misconduct, dating violence, domestic violence, and/or stalking based on sex.

The goal is to resolve complaints in a reasonably prompt timeframe; however, extenuating circumstances requiring additional time may necessitate an extension for good cause. Written notice of the delay and the reason for the delay is provided to the complainant and the respondent by CR/T9 or designee.

Procedures governing the resolution of all other civil rights complaints (pay disparities and/or program inequities, excluding [hostile environment](#), and allegations other than sexual harassment and sex-based misconduct)

Following are the resolution procedures for pay disparities and/or program inequities, excluding hostile environment, and non sex-based complaints based on race, color, religion, national origin, age, disability, genetic information, and/or veteran status. When a complaint involves allegations of misconduct that involve both sex-based allegations and allegations of other civil rights violations, the process shall be conducted under the requirements established for sex-based offenses.

The DA will review the unredacted final investigation report (see footnote 17), the documentary evidence, and any other relevant information. If the DA has substantial doubts about the thoroughness, fairness, and/or impartiality of the investigation, the DA may refer the matter back to the IA with further instructions, which could include the appointment of a different IA. At any time prior to the adjudication of a formal complaint, the parties may seek informal resolution to resolve the complaint.

The DA will develop a draft decision (see footnote 20), based on the preponderance of the evidence, as to a) a finding for each allegation as to whether conduct occurred; and b) a finding of responsibility for each allegation: substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01 and/or Rule 08.01.01.M1. If it was alleged that any other system regulations or university rules, SAPs, codes, or policies were violated, there will be a statement of responsibility as to these allegations as well.

The DA will submit the draft decision to OGC within 5 business days after receiving the final investigation report and consult, as needed, with respect to sanctioning. OGC will coordinate with SECO and provide its review of the draft decision within 5 business days. For a complaint against a student, it may be impractical for OGC to review the intended decision prior to issuance by the DA. Universities are therefore exempt from obtaining OGC review of the decision, for student complainants, prior to issuance but may request assistance from OGC and SECO when needed.

The DA will have 5 business days to finalize the decision and simultaneously notify the parties, the IA, and any other university official with a need to know, in writing, of the decision and sanctions. In cases in which

the allegations are substantiated, the final decision will also be provided to an employee respondent's supervisor. The decision must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, in the decision, the DA will state the rationale for the decision and the sanctions, if any (see footnote 21). The final decision will include instructions for appealing the decision and/or sanctions.

Circumstances may warrant extensions to the time frames in this section. The DA should send an extension request, if needed, to the office or individuals who appointed them. Both the complainant(s) and the respondent(s) should be notified of any extensions in writing.

Sanctioning Considerations

In determining appropriate sanctions, many factors may be considered. Factors include, but are not limited to:

- the expressed wishes of the complainant(s),
- the nature of the conduct,
- the impact of the conduct on the complainant(s) and university community and the need to protect the safety of the university community,
- prior disciplinary history of the respondent,
- whether the respondent has accepted responsibility for the conduct,
- the necessity of any specific action in order to eliminate the discrimination, harassment, and/or retaliation and prevent its recurrence, as well as the need to remedy its effects on the complainant(s) or other university community members, and/or
- any other mitigating, aggravating, or compelling circumstances.

Sanctioning for Employees

If an employee is found to have engaged in sexual harassment or sex-based misconduct, the sanction will be termination of employment. If an employee is found to have engaged in conduct prohibited by System Regulation 08.01.01 and/or Rule 08.01.01.M1 (other than sexual harassment and/or sex-based misconduct), the DA may assign appropriate sanction(s) which may have educational, restorative, punitive, and rehabilitative components. Sanctions include written warning or reprimand, required training and/or attendance at counseling, no contact directives, probation, suspension, and termination.

If an employee is found responsible for violating any other rule, policy, SAP, code, or regulation, the DA may assign appropriate sanction(s) or may refer the sanctioning to any other appropriate university administrator.

Sanctioning for Students

If a student is found responsible for sexual harassment or sex-based misconduct, the student will be sanctioned in accordance with the [Texas A&M University Title IX Cumulative Student Sanctioning Matrix](#) which is described in the following table. Behavior examples identified in the table are not intended to represent an exhaustive listing of sexual harassment or sex-based misconduct. If a student is found responsible for engaging in any other form of conduct prohibited by System Regulation 08.01.01 or Rule 08.01.01.M1, or if the student is found responsible for violating any other university rule or System regulation, the DA will assign appropriate sanctions which may have educational, restorative, and rehabilitative components and/or may place a student in a probationary or review status or separate the student from the university.

		Intimidation or physical abuse in retaliation for reporting sexual misconduct, dating/domestic violence, and/or stalking	

The Stage 4 sanction is expulsion. The Stage 3 sanction is suspension. The Stage 2 sanction is conduct probation – not in good standing²³. Stage 1 sanctions include conduct probation – in good standing, restrictions, restitution, community/university service, educational requirements, and letters of reprimand. Texas A&M University sanctions are defined below.

²² Predation is an intent to engage in acts of misconduct prior to its occurrence, demonstrating premeditation, planning or forethought. Predation is reflected in communicated intent (physical, verbal, visual, or written), threats directed at a party, attempts to incapacitate a party, attempts to isolate a party, utilizing physical force or violence, or other actions that a reasonable person would construe as a pre-meditation to engage in actions that are unwanted by/against the recipient. Committing any of these actions with an individual under the age of consent is also considered predatory.

²³ A student who is not in good standing is subject to the following restrictions: (1) Ineligibility to hold an office in any student organization recognized by the university or to hold any elected or appointed office of the university. (2) Ineligibility to represent the university in any way, including representing the university at any official function, intercollegiate athletics or any forms of intercollegiate competition or representation. This includes events taking place both on and off of the university campus. (3) Ineligibility to receive a university administered scholarship when the length of the period of not in good standing is greater than one semester. Some scholarships adhere to more strict guidelines, and, therefore, ineligibility may result from a lesser length of not in good standing. This sanction implies a serious offense and must be uniformly applied by the office administering the scholarship upon notification by CR/T9. (4) Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct.

Texas A&M Student Sanctioning Matrix - Stage 4 Sanctions

Expulsion: Separation of the student from the university whereby the student is not eligible for readmission to this University.

Texas A&M Student Sanctioning Matrix - Stage 3 Sanctions

Letter of Enrollment Block: A letter stating that the student may not reenter Texas A&M University without prior approval through CR/T9 or the Vice President for Student Affairs or designee (in collaboration with appropriate TAMHSC administrators) if enrollment has been blocked for a previous student conduct problem.

Suspension: Separation of the student from the university for a definite period of time. The student is not guaranteed readmission at the end of such period of time, but is guaranteed a review of the case and a decision regarding eligibility for readmission. The suspension takes effect when the appeal for the offense is exhausted, waived or time limit has passed. Suspensions may be implemented in one of two ways: immediate implementation of suspension or deferred implementation of suspension. The sanction of suspension may be placed in deferred status. If the student is found in violation of any university's regulations, policies, rules, codes, or SAPs during the time of deferred suspension, the suspension takes effect immediately without further review.

Additional student conduct sanctions appropriate to the new violation also may be applied. A student who has been issued a deferred suspension sanction is deemed "not in good standing" with the university.

At the end of the suspension period, the student is eligible for reenrollment. Actual admission to the university will be determined by the academic rules in place at the time of application for reenrollment. If admitted, the student is required to attend a mandatory meeting with the Student Conduct Office (979-847-7272) prior to course registration.

Texas A&M Student Sanctioning Matrix - Stage 2 Sanctions

Conduct Probation – Not in Good Standing: An official warning that the student's conduct is in violation of Texas A&M University regulations, policies, rules, codes, or SAPs, but is not sufficiently serious to warrant expulsion or suspension. A student on conduct probation is deemed "not in good standing" with the university (see Footnote 23). If there is a finding of responsibility for subsequent violations of the university's regulations, policies, rules, codes, or SAPs during this period of time, more severe sanctions may be administered.

Texas A&M Student Sanctioning Matrix - Stage 1 Sanctions

Conduct Probation – In Good Standing: An official warning that the student's conduct is in violation of Texas A&M University regulations, policies, rules, codes, or SAPs, but is not sufficiently serious to warrant expulsion, suspension, or conduct probation – not in good standing. A student on conduct probation – in good standing shall have their conduct under review for a specified period of time. This sanction may require regular meetings with an appropriate official to ascertain and evaluate compliance with student rules. Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct. Students placed on this sanction remain in good standing with the university. If there is a finding of responsibility for subsequent violations of regulations, policies, rules, codes, or SAPs during this period of time, more severe sanctions may be administered.

Restrictions: The withdrawal of specified privileges for a definite period of time, but without the additional stipulations contained in the imposition of a sanction which results in a student being not in good standing. The restrictions involved will be clearly defined.

Restitution: A payment for financial injury to an innocent party in cases involving theft, destruction of property or deception. The assessed costs to be paid may be in addition to receipt of any of the above sanctions.

Community/University Service: A student may be offered an opportunity to complete a specified number of hours of community/university service. The type of community/university service must be approved by the respondent's CR/T9 Case Manager.

Educational Requirements: A provision to complete a specific educational requirement. Such educational requirements may include, but are not limited to, completion of an alcohol education workshop, an ethics and decision-making workshop, essays, reports, reflective writing assignments, etc.

Letter of Reprimand: A letter that makes a matter of record any incident that reflects unfavorably on the student or the university.

Minimum Sanctions

In addition, students found responsible for committing dating or domestic violence and/or non-consensual sexual penetration of another person will be subject to a minimum sanction of a one-year suspension, in the absence of significant mitigating factors. Students found responsible for these acts who have demonstrated predation for the purpose of carrying out these acts will be subject to permanent expulsion.

Students found responsible for committing acts of sexual harassment, sexual assault, dating violence, domestic violence, stalking based on sex, and/or any other sex-based misconduct who are allowed to return after a suspension of one year or more will be ineligible to hold an office in any student organization, ineligible to represent the university in any way (including intercollegiate athletics or other competitions, both on and off campus), and ineligible to receive an institutional scholarship, in the absence of significant mitigating factors.

Campus Housing Sanctions

In addition to the sanctions specified in the [Texas A&M University Title IX Cumulative Student Sanctioning Matrix](#), occupants of each residence hall, by majority vote, have the power to establish additional "in house" rules approved by the Department of Residence Life. Generally, "in house" rule infractions are handled by Residence Life staff. Campus housing sanctions are described below.

Loss of Campus Housing Privilege: Removal from university housing for conduct reasons.

Deferred Loss of Campus Housing Privilege: The sanction of loss of campus housing privilege may be placed in deferred status. If a student is found in violation of any university rule during the time of the deferred sanction, removal from housing takes effect immediately without further review. Additional student conduct sanctions appropriate to the new violation also may be taken. In addition, a student is ineligible to hold an elected or appointed office in any affiliated housing organization. This includes but is not limited to the following offices/positions: president, vice president, secretary, treasurer, Residential Housing Association delegate.

Campus Housing Probation: An official notice that the student's conduct is in violation of residence hall rules, university apartments rules and/or university rules and that more stringent student conduct sanctions, including removal from housing, may result if future violations occur. In addition, a student is ineligible to hold an elected or appointed office in any affiliated housing organization. This includes but is not limited to the following offices/positions: president, vice president, secretary, treasurer, Residential Housing Association delegate.

Corps of Cadets Sanctions

In addition to any of the sanctions listed in this section, members of the Corps of Cadets are subject to disciplinary action in accordance with Corps Operations Manual.

Appeals procedures governing the resolution of all sexual harassment and sex-based misconduct allegations

An appeal of the Title IX Coordinator's complaint dismissal, hearing decision, and/or sanctions related to an allegation of sexual harassment or sex-based misconduct may be made by the complainant and/or the respondent. The AA, the individual or panel responsible for rendering appeal decisions, is assigned based on the status of the respondent in accordance with the following table. AAs shall not have had any previous involvement and/or participation in the investigation and/or decision pertaining to an appeal under review.

If the allegations are against a:	Student	Non-Faculty Employee (including administrative appointment held by faculty member) and Third Party	Faculty Employee
Then the AA is:	University Disciplinary Appeals Panel (UDAP) https://student-rules.tamu.edu/rule58/	Vice President for the Division of Human Resources and Organizational Effectiveness or designee https://policies.tamus.edu/32-01-02.pdf	Provost and Vice President for Academic Affairs or designee who may seek an advisory opinion from the University Committee on Faculty Disciplinary Appeals (UCFD) before rendering decision

All appeals will be confined to a review of the record from the investigation and any relevant evidence, as well as the DA's decision as related to the grounds for appeal. The appeal does not create an entitlement to a new investigation. The appeals process carries a presumption that the original decision was correct unless a preponderance of the evidence demonstrates that one or more of the conditions of the appeal are met, and that either or both parties was deprived of a fair process.

Appeals must be submitted in writing and must include a statement outlining the basis for the appeal²⁴ and any evidence which supports the appeal. Appeals must be filed at the location and within the timeframe dated in the DA's written notice of the decision (within 5 business days of notification of the decision). Decisions made by the DA shall not be final until an appeal deadline is passed, or when the appeal process is exhausted, or when all parties choose not to appeal.

²⁴ Results (decision and/or sanctions) or dismissal of a complaint can be appealed on any of all of the following bases, as applicable: (a) A procedural irregularity that affected the outcome; (b) New evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter. The new evidence must be provided at the time of the appeal through the designated mechanism for filing an appeal; (c) The Title IX Coordinator, investigator(s) or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or (d) The appropriateness or severity of the sanctions. If an employee was found to have sexually harassed another member of the university or agency community, the appropriateness or severity of the sanction cannot be appealed.

To be a valid appeal, the appeal must: (1) be filed at the location and within the time frame stated in the DA's written notice; (2) identify one of the bases for appeal (see footnote 24); and (3) provide credible information or evidence substantiating the identified bases for appeal.

If the AA determines that an appeal is not valid, the AA will provide simultaneous written notice to the parties and CR/T9 that no valid appeal was filed and that the decision of the DA is final and the case is closed.

If a timely and valid appeal is filed by either party, the other party will be notified as soon as practical thereafter by the AA. The parties will be given 3 business days to review the appeal and submit a written response a) that provides support for or challenges the decision by the DA, and b) that responds to the appeal bases submitted by the appealing party. Any written response must be submitted to the AA.

The AA will review the Title IX Coordinator's letter of dismissal, the investigation report, the DA's decision, the documentary evidence, the record from the hearing (if applicable), or any other relevant information and render a written decision on the appeal. If both parties file a valid appeal, the AA will review both appeals and will render decisions accordingly.

The AA will render one or more of the following written decisions:

- Affirm the DA's decision on responsibility and, if applicable, the sanctions. There are no relevant issues of concern related to the ground(s) of the appeal, and, therefore, the decision is affirmed and final.
- Remand the complaint back to the DA because new evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, appears to be relevant and could have significantly affected the outcome of the decision on responsibility, dismissal of the complaint, or the sanctions. The DA will reconvene the hearing for the limited purpose of considering the new evidence. The DA will issue a new decision which may be appealed by the parties in accordance with the previously described appeal procedures.
- Remand the complaint back to the DA with an instruction to correct the procedural error or omission. If the procedural error occurred in the investigation phase, the DA will instruct the IA to correct the procedural error or omission and amend the Investigative Report, as appropriate. The IA will then submit the amended investigative report to the parties for review and response and then to the DA for a new decision in accordance with formal resolution procedures. If the procedural error occurred in the resolution phase, the DA will correct the procedural error or omission and then issue a new decision in accordance with the formal resolution procedures. The new decision of the DA may be appealed by the parties in accordance previously described appeal procedures.
- Remand the complaint to 1) CR/T9 or 2) SECO with the instruction to remedy a bias by the IA or DA or the Title IX Coordinator. If bias was present in the IA, CR/T9 will appoint a new IA to review the investigation, collect additional evidence or information as appropriate, and follow the investigation requirements as outlined in the formal resolution procedures. A new report will be written and provided to the DA for a new hearing. If the bias was present in the DA, CR/T9 will appoint a new DA to re-hear the case with the existing investigation. If the bias was present in the Title IX Coordinator, SECO will appoint a new staff member to address the influence of the Title IX Coordinator on the case.

- Modify the decision on sanctions because the sanctions given were inappropriate or disproportionate to the severity of the conduct after considering all the circumstances²⁵. The AA will impose new sanctions, which are final.

Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, the AA will render a written decision simultaneously to the parties that includes a rationale for the decision as to each of the grounds appealed, changes occurring based on appeal, and when such results become final (see footnote 21).

To the extent reasonably possible:

- For student respondents: The AA will provide the written decision simultaneously to the parties and CR/T9 within 10 business days following the 3 business day review deadline. AAs are exempt from obtaining OGC review of decisions for student respondents prior to issuance but may request assistance from OGC and SECO when needed.
- For employee or third-party respondents: The AA will provide a draft decision to OGC for review within 5 business days following the 3 business day review deadline. System Office officials will provide its review of the draft decision to the AA within 5 business days. To the extent possible, the AA will provide a final written decision simultaneously to the parties and CR/T9 within 5 business days of receipt of the review from the System Office. If the complaint on appeal is substantiated, the respondent's supervisor will also be informed.

The decision of the AA is considered be final and binding on all involved parties.

Circumstances may warrant extensions to the timeframes outlined in this section. The AA may send an extension request to the office or individual who appointed them with a rationale for an extension. If the extension is granted, the AA will notify the parties and CR/T9 in writing.

Appeal procedures governing the resolution of other complaints (allegations other than sexual harassment and sex-based misconduct)

Any employee disciplined pursuant to this regulation may appeal that action in accordance with [System Policy 12.01, Academic Freedom, Responsibility and Tenure](#); [System Policy 32.01, Employee Complaint and Appeal Procedures](#); [System Regulation 32.01.01, Complaint and Appeal Process for Faculty Members](#); [System Regulation 32.01.02, Complaint and Appeal Process for Nonfaculty Employees](#); and/or other system policies or regulations as appropriate.

Any student receiving a sanction of separation (expulsion or suspension) pursuant to this regulation may appeal the sanction in accordance with the code of conduct for student grievances, [Student Rule 51, Student Conduct Separation and Appeal](#).

Extensions

The university will make every reasonable effort to comply with the timelines contained in this procedure. However, extensions may be obtained by the IA, DA, or AA, as appropriate under the circumstances. Time frames for the receipt, investigation, and adjudication of complaints may be extended for good cause. Good cause is to be determined by the university in consultation with OGC and SECO and reasonable extensions

²⁵ If an employee was found to have sexually harassed another member of the university or agency community, the AA may not render a decision which modifies the sanctions.

may be granted at the discretion of the university. Circumstances that warrant an extension may include, but are not limited to:

- Temporary unavailability of the complainant(s), respondent(s) or witnesses;
- Delays in issuance and/or receipt of information to or from the IA;
- Temporary unavailability of the IA, DA, or AA due to illness, family needs or professional commitments;
- Holidays or other periods when the complainant, respondent, witnesses, or other university employees may be unavailable; and/or
- New allegations, new evidence, new witnesses, or any other fact or circumstance that would require further investigation.

All requests for extensions must be justified in writing and shall be sent by the IA, DA, or AA to DREC for review and approval by the Chief Risk, Ethics, and Compliance Officer or designee. CR/T9 will simultaneously notify the complainant and respondent in writing of any extensions and the reason for the extensions.

Dismissals under Title IX

Cases involving allegations of sexual harassment, sexual assault, and dating violence, domestic violence, and/or stalking based on sex are subject to mandatory or discretionary dismissal from the Title IX process²⁶ under federal law. However, at the discretion of the Title IX Coordinator, in consultation with OGC and SECO, cases dismissed from the Title IX process may be subject to investigation and adjudication as sex-based misconduct which provides for the same investigation and resolution process as cases meeting sexual harassment under Title IX.

Mandatory dismissals

If the conduct alleged in the formal complaint would not constitute sexual harassment as defined even if proved, did not occur in the university's education program or activity, or did not occur against a person in the United States, then the university must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX only. Such dismissal does not preclude action under

- Sex-based Misconduct procedures or
- Another provision of the university's conduct standards.

Discretionary dismissals

The university may dismiss a formal complaint for the purposes of sexual harassment under Title IX if the complainant notifies the Title IX Coordinator in writing that the complainant wishes to withdraw it, if the respondent is no longer enrolled or employed by the university, or if specific circumstances prevent the university from collecting evidence sufficient to reach a determination (for example, when the complainant has ceased participating in the process; in certain fact specific cases when the passage of time precludes the

²⁶ Complaints will be processed under Title IX if all of the following apply: (1) The university has actual knowledge of a notice of sexual harassment or a complaint involving allegations of sexual harassment, sexual assault, and/or dating violence, domestic violence, and stalking based on sex to the Title IX Coordinator or any university official who has authority to institute corrective measures and redress harassment on behalf of the university including Deputy Title IX Coordinators, the Chief Risk, Ethics and Compliance Officer, the Director of Employee Relations, the Vice President for Human Resources, Faculty Affairs, the Office of the Provost, the Vice President for Student Affairs or designee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge; (2) A formal complaint is filed by the complainant or signed by the Title IX Coordinator; (3) The alleged behavior/conduct must have occurred against a person while in the United States; (4) At the time the formal complaint was filed, the complainant was participating or attempting to participate in the university's education program or activity. This includes an enrolled student, an employee, and applicants for admission or employment at the university, and; (5) The alleged conduct meets the definition of sexual harassment as set forth in this policy.

collection of sufficient evidence; when complainant's identity is not known; and when the exact same allegations have already been investigated and adjudicated). Such dismissal does not preclude action under

- Sex-based Misconduct procedures or
- Another provision of the university's conduct standards.

Upon a dismissal required or permitted pursuant to the above, the university must promptly send written notice of the dismissal and the reason(s) therefore simultaneously to the parties. The parties must be given the opportunity to appeal a dismissal to the designated AA in accordance with the appeal procedures referenced above.

Primary Prevention and Awareness Programs²⁷

The university engages in ongoing primary prevention programs that are directed at incoming students and new employees. The primary programs are defined as programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexual interactions, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Texas A&M University provides culturally relevant, inclusive primary prevention and awareness education to incoming students and new employees to clearly define sexual assault, dating violence, domestic violence, stalking, and consent in reference to sexual activity (as defined by the institution, the purposes for which the institutional definition is used, and as defined in the applicable jurisdiction. The programs identify sexual assault, dating violence, domestic violence, and stalking as conduct prohibited by the university and provide information regarding bystander intervention, risk reduction in recognizing warning signs of abusive behavior, ways to avoid potential attacks, and individuals' rights and options. This training includes procedures individuals should follow if sexual assault, dating violence, domestic violence, or stalking occurs and procedures the institution will follow when one of these behaviors is reported. This includes, but is not limited to, the importance of preserving evidence; options for notifying law enforcement and campus authorities; procedures for institutional disciplinary action and conduct proceedings; possible sanctions following a proceeding; on-campus and community resources (existing counseling, health, mental health, advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services); rights and options for obtaining lawful orders; options for, available assistance in, and how to request changes in academic, living, transportation, and working situations or supportive measures; how the institution will protect the confidentiality of victims and other necessary parties; and protection from retaliation.

Primary prevention and awareness programs offered by the university include the following:

Health Promotion in Student Life facilitates a session at new student conferences (orientation) which includes information on bystander intervention, consent, and options for reporting discrimination, harassment, and sexual violence. The session is mandatory for all incoming, undergraduate freshmen and transfer students.

²⁷ For the purposes of this section awareness programs means community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration. Programs to prevent dating violence, domestic violence, sexual assault, and stalking means comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, assessed for value, effectiveness, or outcome; and consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

The new student handbook, available to undergraduate students electronically through a link they receive in an email from Student Life before the start of classes, contains information on sexual assault, dating violence, domestic violence, and stalking; awareness; rights; resources; and options available through the CR/T9 department. In addition resources and information about how to report incidents are provided to College of Nursing students in their new student handbooks, housed on the College of Nursing website, and new student guides, provided upon admission. The College of Medicine student handbook distributed electronically to MD students at the TAMHSC Round Rock campus defines sexual harassment, includes it as a type of sexual misconduct for which students are subject to discipline, and describes how to report incidents to the university. College of Medicine MD students are also reminded of their reporting options for civil rights violations, including sexual harassment and sex-based misconduct, at live presentations during mini-orientations that occur at beginning of their first and second years and via a reminder email in years three and four.

The university requires a mandatory online training module (Sexual Assault Prevention) focused on sexual harassment, sexual assault, dating violence, domestic violence, and stalking. Each semester, the training is sent to all incoming Texas A&M University undergraduate, graduate, and professional students. New students are required to complete this training at all campuses with the exception of Texas A&M University Qatar.

Prevention and awareness education is provided to new employees through web-based *Creating a Discrimination Free Workplace* training mandated by The Texas A&M University System. All employees are required to complete the training every two years thereafter.

Ongoing Prevention and Awareness Campaigns

The university engages in ongoing prevention and awareness campaigns that are directed at students and employees. Ongoing campaigns are defined as programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking using a range of strategies with audiences throughout the institution. The same information included in the institution's primary prevention and awareness programs is incorporated into ongoing prevention and awareness campaigns. Various departments on campus support ongoing campaigns for students and employees as described below.

Ongoing prevention and awareness campaigns offered by the university and in the community include the following:

Hope Alliance provides advocacy, education, prevention programs and support services for female and male students, faculty, and staff and can be contacted at 1-800-460-7233 (<http://www.hopealliancetxt.org/>). This 24 hour hotline addresses the dynamics and frequency of sexual assault; safety against and prevention of sexual assault, dating violence, domestic violence, and stalking; recognizing signs of unhealthy relationships. Hope Alliance also provides an emergency safe shelter and can assist in how to respond to and help survivors of sexual assault.

The RRPD offers ongoing education available to students and employees to promote prevention and personal safety. Programs include: National Night Out, Adopt-A-Cop, Lock Box Program, and Seniors and Law Enforcement working Together (S.A.L.T.).

Ongoing prevention and awareness campaigns have been developed at the Texas A&M University main campus and are available to other campus locations. The campaigns are described below.

Substance Misuse and Violence Prevention (SMVP) within Student Life at the Texas A&M University main campus provides Green Dot Bystander Intervention training that addresses the dynamics and frequency of sexual assault; safety against and prevention of sexual assault, dating violence, domestic

violence, and stalking; recognizing signs of unhealthy relationships; and active bystander intervention. Through Green Dot training, participants learn how to use the 3 D's (direct, delegate, and distract) to intervene in any acts of power-based personal violence they may witness. SMVP furthers prevention of power-based interpersonal violence at the university by offering Green Dot and other education and training on the topics of bystander intervention, consensual language, healthy relationships, and responding to and assisting survivors of sexual assault. These programs occur throughout the year and are available upon request at the Texas A&M University main campus and other campus locations (<https://studentlife.tamu.edu/hp/>, smvp@tamu.edu or 979-845-0280). Presentations are provided for classes, student organization meetings, orientations, residence hall programs, and other events.

SMVP also facilitates the implementation of STAND Up training, which provides information to faculty, staff, and students regarding how to have trauma-informed conversations with individuals impacted by interpersonal violence. This training covers definitions, self-care techniques, listening skills, the neurobiology of trauma, reporting requirements, and campus and community resources for individuals impacted by interpersonal violence.

The university developed the Step In. Stand Up. Campaign, endorsed by the President, to create a culture of awareness that does not tolerate incidents of sexual violence. A large group of student leaders were involved to assist in crafting the message and the Campaign logo with the intention of reaching a broad campus population. The Campaign asks supporters to “step in” as active bystanders to prevent incidences of sexual violence from occurring and to “stand up” to support survivors. Special efforts are made during sexual assault awareness month that include providing resource tables, facilitating pledge banner signatures, distributing t-shirts, and hosting speakers who advocate for social change and awareness. A website for the Campaign includes an online pledge of commitment, university-wide statements of support, campus and community resources, and information on how to report sexual violence (<http://stepinstandup.tamu.edu/>).

Student Life offers the following prevention and awareness presentations designed for general student audiences both virtually and in-person upon request:

- Alcohol: Know the Basics - The key topics covered are designed to ensure participants can make healthy life decisions when choosing to drink.
- Consent and Alcohol: Do They Mix? - This workshop builds an understanding of how alcohol use impacts memory, and how this affects consensual communication required for healthy sexual activity.
- Consent 101 - This workshop provides evidence-based, foundational knowledge of consent and how to practice and communicate this as a part of healthy relationships.
- Healthy Relationships - The purpose of this lesson is to understand the behaviors and actions that define healthy, unhealthy, and abusive relationships.
- Interpersonal Violence Prevention 101 - This workshop is an introduction to understanding different types of violence and abuse experienced across the lifespan, and the health-related consequences that someone may experience as a result of being directly or indirectly affected by interpersonal violence.
- In Their Shoes - A revolutionary community education tool, In Their Shoes® is designed for experiential learning about dating violence.
- Think Outside the Gender Box - This activity-based workshop helps students understand how gender norms and stereotypes may influence our expectations of those who cause harm or are harmed, and how we react to those individuals.

Pregnant & Parenting Student Services provides support for pregnant and parenting students and functions as a resource and referral center. Student Life can be contacted to assist parenting students at <https://studentlife.tamu.edu/program-areas/>, Student Parent Liaison - studentlife@tamu.edu, or 979-845-3111. CR/T9 can be contacted to assist students who are pregnant or have related conditions at <https://titleix.tamu.edu/title-ix-and-pregnancy-students/>, TIIX.Pregnancy@tamu.edu, or 979-845-8116.

The Division of Human Resources and Organizational Effectiveness offers training for employees that focuses on competencies to enhance workplace relationships and improve performance. Competencies include interpersonal style and communication, valuing differences, people/team management and development, conflict management, project and change management, customer service, problem solving, process improvement, and adaption to change. Other online courses are offered that provide guidance in following university policies and rules and reporting and addressing complaints.

CR/T9 maintains a webpage <https://titleix.tamu.edu/our-stats/> containing annual statistics related to reports of sexual harassment, sexual assault, dating violence, or stalking alleged to have been committed by or against a person who was a student enrolled at or an employee of the institution at the time of the incident. The webpage also includes the institution's campus climate survey conducted to capture student voices concerning sexual assault and misconduct and gain a better understanding of each student's experiences and opinions about sexual harassment and sexual violence within the campus community.

The Title IX webpage, <http://titleix.tamu.edu/>, describes university resources, assistance, educational opportunities, and reporting procedures for campus community members impacted by sexual violence, sexual harassment, and other illegal discrimination. CR/T9, Student Life, and UPD provide information for students, faculty, and staff who wish to report any form of sexual discrimination or harassment. The [Step In. Stand Up. website](#) referenced above also includes information on these topics.

A notice of non-discrimination and abuse is sent to all students and employees at the beginning of the fall and spring semesters regarding reporting procedures and requirements related to incidents of illegal discrimination, sexual harassment (including sexual assault, dating violence, domestic violence, and stalking), and related retaliation.

All students and employees are provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims both on-campus and in the community. The written notification is provided to students and employees by TAMHSC administration. An email is distributed annually (fall semester) that contains information covering how to report incidents, applicable policies, and other available options in addition to existing services and resources.

Bystander Intervention and Risk Reduction²⁸

Everyone has a role in changing community knowledge, attitudes and behaviors. Change happens as each person is able to identify risky situations and take action to confront, interrupt, or prevent acts of sexual violence. Bystander intervention programs can help individuals observe a situation and determine an appropriate intervention where someone could use some help. If you find a friend in a situation that concerns you, consider the following strategies to intervene safely and effectively.

- Create a distraction to interrupt the flow of events
- Involve others to help you
- Make an excuse to remove a friend from the situation
- Point out the unwanted behavior in a safe and respectful manner
- Call for help, if needed

Sexual assault is never a victim's fault. However, there are ways that may reduce the risk of being sexually assaulted including being prepared, alert, and assertive. Consider the following tips:

- Be aware of your surroundings
- Practice responsible drinking; alcohol is a factor in many sexual assaults
- Never leave your drink unattended
- Don't accept drinks from someone you don't know or trust
- Stay with your friends and make sure your friends stay with you
- Be careful of online relationships
- Trust your instincts

We are reminded to think about relationships, specifically relationships that may be, or become abusive. Be aware of the signs:

- Is one of the partners verbally and emotionally abusive?
- Is one of the partners isolating the other from friends and family?
- Is one of the partners controlling, intimidating or always jealous?
- Is there a threat of harm?

²⁸ For the purposes of this section bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

Hazing

In accordance with federal law, [Texas A&M University System Policy 07.01 Ethics](#) (System Policy 07.01), and the [Texas A&M University Student Conduct Code](#), Texas A&M University prohibits hazing, organization-related intimidation and/or abuse, and related retaliation. The following are statements of policy that address hazing, organization-related intimidation and/or abuse, and related retaliation. The policies apply whether the conduct occurs on or off campus²⁹ and when it is reported to the university.

Procedures for Reporting Hazing

The prevention of hazing is the responsibility of every member of the university community. Students and employees with firsthand knowledge of hazing are required to report the misconduct to the appropriate official at the institution or to a peace officer/law enforcement agency in accordance with System Policy 07.01 and Texas state law. Complaints should be submitted as soon as possible after the event takes place. Failure to report is a violation of policy and Texas state law.

Reports of hazing misconduct should be made to the Texas A&M University Student Community Standards Department through any of the following mechanisms:

- Campus Community Incident Reports may be entered online [here](https://studentactivities.tamu.edu/incident-reporting/) and from the following webpage: <https://studentactivities.tamu.edu/incident-reporting/>. Information collected via this reporting system will be treated as confidential and is protected under the Family Educational Rights and Privacy Act of 1974.
- Call 979-847-7272
- Email sco@tamu.edu
- Visit the Student Services Bldg., College Station campus, 3rd Floor

Hazing complaints often involve student behavior, however, individuals may submit a complaint against an employee for an alleged violation of university policy including hazing. Such hazing complaints will be referred by Student Community Standards to the following offices with jurisdiction over employees. These offices may also be contacted directly.

- Faculty employee accused - Faculty Affairs (979-845-4284, fa-grievances@tamu.edu)
- Staff employee accused - Division of Human Resources & Organizational Effectiveness, Employee Relations (979-862-4027, employee-relations@tamu.edu)

Individuals subjected to hazing have the option to pursue criminal charges by notifying the UPD Security Section at Round Rock (512-341-4900), UPD (979-845-2345, upd@tamu.edu), or the local police agency in the jurisdiction where the hazing behavior occurred. Mandatory reporters may also report to UPD.

Hazing Standards for Student Respondents

Institutional Definitions of Hazing

According to the [Student Conduct Code 24.4.5](#), hazing means any intentional, knowing, or reckless act, occurring on or off any campus of Texas A&M University, by one person alone or acting with others, directed

²⁹ The university may take action in situations occurring off university premises involving: student misconduct demonstrating flagrant disregard for any person or persons; or when a student's or student organization's behavior is judged to threaten the health, safety, and/or property of any individual or group; and/or when a student's sexual harassment of a member of the university community occurring off campus creates a hostile environment on campus. Using the Vice President for Student Affairs' discretion, the Vice President for Student Affairs or designee shall decide whether the Student Conduct Code shall be applied to conduct occurring off campus, on a case-by-case basis. This Student Conduct Code applies at all locations of the university, except those campuses who write their own student conduct code.

against an individual for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization³⁰; or as part of any activity of a recognized student organization, student group, Corps of Cadets, Corps outfit, Corps unit, Corps Special Activities, or Athletics that meets the criteria of hazing. Hazing is considered prohibited conduct according to [Student Conduct Code 24.4.5.1](#) and includes:

- any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity;
- sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other similar activity that subjects the individual to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the individual;
- consumption of a food, liquid, alcoholic beverage, liquor, drug, or other substance, other than as described below as coercion to consume, that subjects the individual to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the individual;
- any activity that induces, causes, or requires the individual to perform a duty or task that involves a violation of a criminal law or university rule that implicates a criminal law; or
- coercion of the individual to consume a drug or an alcoholic beverage or liquor in an amount that would lead a reasonable person to believe that the individual is intoxicated.

“Coercion” means a threat, however communicated, to commit a violation of a criminal law or university rule that implicates a criminal law; inflict bodily injury in the future on the person threatened or another; accuse a person of any criminal offense or violation of university rule; expose a person to hatred, contempt, or ridicule; harm the credit or professional repute of any person; or take or withhold action as a public servant, or to cause a public servant to take or withhold action.

A student may also be held responsible for organization-related intimidation and/or abuse that does not rise to the level of hazing but is considered prohibited conduct according to the [Student Conduct Code 24.4.5.2](#). Organization-related intimidation and/or abuse includes, but is not limited to:

- conduct that endangers the mental or physical health or safety of the individual;
- behavior that is severe and/or persistent to a degree that a reasonable person similarly situated would be prevented from accessing an educational opportunity or benefit. This behavior includes, but is not limited to, verbal abuse, deceit, threats, intimidation, and unreasonable requirements for new and continued membership of an organization;
- confining a person or exposing participants to uncomfortable elements such as environments that are too hot, cold, noisy, small, or intimidating;
- parading individuals in public areas, transporting individuals in a motor vehicle while wearing a visual obstruction, or privately conducting visually obstructed activities that serve no constructive purpose;
- encouraging or requiring a person to publicly carry objects or wear apparel that is abnormal, not normally in good taste, conspicuous, and/or indecent;
- destroying or removing public or private property;
- any activity that induces, causes, or requires the individual to perform a duty or task that involves a violation of a university rule that does not implicate a criminal law;

³⁰ The term organization means any number of people who meet any single or combination of the following criteria: belong to a group whose members are primarily Texas A&M University students including but not limited to academic, athletic, recreational, religious, performance, political, and social or similar groups, and/or have complied with the formal requirements for university recognition, and/or are advised by a university official whose position description designates them as an advisor, and/or are advised by a university official who has volunteered as an advisor, and/or live in close proximity to, for example, residence hall floors or wings, Corps outfit, Corps unit or Corps Special Activity, and/or are otherwise considered by the university to be an organization.

- soliciting, encouraging, directing, aiding, or attempting to aid another in engaging in intimidation or harassment; or
- assisting, directing, or in any way causing others to participate in degrading behavior and/or behavior that causes ridicule, humiliation, or embarrassment.

A student is responsible for the prohibited conduct described above, including hazing and organization-related intimidation and/or abuse, if the student:

- engages in the prohibited conduct;
- solicits, encourages, directs, aids, or attempts to aid another in engaging in the prohibited conduct;
- recklessly permits the prohibited conduct to occur; or
- has firsthand knowledge of the planning of a specific incident of prohibited conduct involving a student or has firsthand knowledge that a specific incident of prohibited conduct has occurred and knowingly fails to report that knowledge to the Vice President for Student Affairs or other appropriate official of the institutions, a peace officer, or a law enforcement agency.

Hazing and organization-related intimidation and/or abuse and are categorized based on the conduct and potential resulting harm. It is not a defense that the person (or group), against whom the misconduct was directed, consented or acquiesced to the behavior in question. Previously practiced “traditions” (including Corps of Cadets, fraternity/sorority, or any other group or organization activity, practice or tradition) or coercion by current or former members or student leaders of the involved organization, will not suffice as a justifiable reason for participation in hazing or organization-related intimidation and/or abuse.

Students who meet the following will not be charged with a violation of the hazing misconduct rule:

- Student is a recipient and/or victim of hazing and has not perpetrated hazing on others involved in the fact pattern for which they are reporting, and
- Student reports the activities to the Vice President for Student Affairs or designee responsible for oversight of student conduct and/or reports to the University Police Department.

Administrative Procedures, Investigation, and Adjudication for Hazing Allegations Against Students

Individuals may bring a complaint against a student for alleged violations of the Student Conduct Code. Any complaint should be submitted as soon as possible after the event takes place. Such complaints should be submitted to Student Community Standards through a [Campus Community Incident Report](#), by calling 979-847-7272, or by emailing sco@tamu.edu.

Student Community Standards receives the complaint and reviews it for alleged student rule violations according to the Student Conduct Code. An investigation may be initiated to determine if the complaint has merit. The Student Community Standards investigation process includes party notification, interviews/fact gathering, and drafting an investigation report as documented here:

https://studentconduct.tamu.edu/wp-content/uploads/2021/12/InvestigationFlowChart_Updated-Sept.-2021.pdf.

Investigations may result in charges, a form of alternative dispute resolution, or dismissal of complaint. This decision is made at the sole discretion of the Associate Vice President of Student Affairs or designee.

If Student Community Standards determines the behavior described in the report does not rise to the level of a possible rule violation, they may choose to take no action or to hold an informal “call-in meeting” with the student to help the student reflect on the reported incident, to provide information about the student rules,

and/or to connect the student to any resources that might be helpful. If Student Community Standards determines one or more rule violations may have occurred, a charge letter is issued to the student. The charge letter contains information about the possible outcome(s) for the violation(s) noted in the letter.

Possible outcomes include (1) an administrative conduct conference with a Student Conduct Administrator (SCA) which is conducted when the charge letter indicates that the most severe possible outcome is conduct probation or (2) a conduct conference panel which is conducted when the charge letter indicates possible suspension or expulsion. Students have the opportunity to accept or not accept responsibility for the alleged student rule violation(s) in the charge letter.

After the student is provided information about the conference and the opportunity to review the conduct file, the student (and their advisor) officially responds to the charges and conduct file information at the conduct conference. The SCA or conduct panel members then decide whether the alleged violation(s) identified in the charge letter occurred using the preponderance of the information standard (more likely than not to have occurred) and, if so, whether it is a violation of the Student Conduct Code. Outcomes are typically communicated at the end of the conference. If the student is found responsible for one or more violations, sanctions are assigned by the SCA or panel members. Student Community Standards also issues an official outcome letter that includes findings, rationale, assigned sanctions, and a link to the appeal request form.

Appeals must be filed within five university business days as noted in the outcome letter. An appeal can be based on one or more of the following factors:

- New, relevant information that was not available at the time of the original conduct conference would have made a difference in the outcome;
- The severity of the sanction(s) assigned in the original conduct conference was not appropriate for the violation(s) for which the student was found responsible; and/or
- A procedural error occurred in the course of the original conduct conference that had an impact on the outcome.

If an appeal is not submitted by the deadlines specified in the outcome letter, the opportunity to appeal is waived.

When a student is found responsible or accepts responsibility for a violation of the Student Conduct Code, sanctions are assigned. Sanctions are selected with the purposes of fostering development, promoting wellbeing, and addressing the impact of the incident. The nature of the violation, prior violations/previous disciplinary history, mitigating/aggravating circumstances surrounding the incident, motivation for the behavior, and developmental and educational impact are all factors considered in determining appropriate sanctions. Sanctions that may be imposed against students for any single student conduct code violation include expulsion, suspension, conduct probation, restrictions, restitution, community/university service, educational requirements, letter of enrollment block, letter of reprimand and are defined in [Student Rule 27](#).

Actions of recognized student organizations are also subject to review. Failure to abide by the university student rules may result in organizational disciplinary hearings by Student Community Standards. Student Community Standards communicates with the Director of Student Activities or their designees regarding the process and timing of the investigation and possible organizational conduct action. Organizational sanctions may range from a warning through revocation of recognition privileges. Student organization disciplinary procedures are outlined in the [Student Organization Manual](#).

Examples of conduct that cause or create such a risk include whipping, beating, striking, electronic shocking, placing of a harmful substance on someone's body, or similar activity; causing, coercing, or otherwise inducing sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity; causing, coercing, or otherwise inducing another person to consume food, liquid, alcohol, drugs, or other substances; causing, coercing, or otherwise inducing another person to perform sexual acts; any activity that places another person in reasonable fear of bodily harm through the use of threatening words or conduct; any activity against another person that includes a criminal violation of local, State, Tribal, or Federal law; and any activity that induces, causes, or requires another person to perform a duty or task that involves a criminal violation of local, State, Tribal, or Federal law.

Crime Prevention and Security Awareness

It is important for all of us to understand our role in the reduction of crime. A conceptual aid often employed by crime prevention practitioners is referred to as the Crime Triangle. For any crime to occur three elements must be present: desire, ability, and opportunity.

Members of the university community easily recognize there is little that can be done to control the criminal's ability and desire. The university community's greatest strength in the prevention of crime is our initiative to reduce or eliminate the opportunity for a crime to occur.

A primary goal of UPD, its Security Section, and the RRPD is the prevention of crime before it occurs. Because law enforcement officers cannot be everywhere all the time, they need the help of all members of the university community to take an active role in their personal safety and property protection. Crime prevention is important to the campus community. Reporting any crime or suspected crime immediately is helpful to UPD Security or RRPD and may prevent someone else from becoming a victim of a more serious crime.

No formal crime prevention programs or programs about campus security procedures and practices are offered at the TAMHSC Round Rock campus. However, students and employees at TAMHSC Round Rock have access to the RRPD and UPD crime prevention programs and programs regarding security procedures/practices as described below.

The RRPD's Victim's Assistance Program is staffed by specially trained crime prevention volunteers. This element of the department focuses on providing a proactive crime prevention approach through increased responsiveness and education by coordinating critical crisis intervention services on a 24-hours a day basis. These efforts help to alleviate the psychological and emotional trauma incurred as the result of a crime or serious accident. These volunteers are dedicated to crime prevention efforts and programs. For additional information or to schedule a program you are encouraged to call the RRPD Victim's Assistance Program at 512-341-3124.

The RRPD has several Community Programs that are available free of charge. The programs are designed for students, faculty, and staff and encourage them to be responsible for their own security and the security of others. Education officer(s) can present classes at business luncheons, social functions, almost any location of your choice or in the community room of the RRPD (by reservation).

Below you will find a list and brief description of each program that are currently being offered:

- National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, better places to live. Together, we are making that happen. National Night Out enhances the relationship between neighbors and law enforcement while bringing back a true sense of community and provides a great opportunity to bring police and neighbors together under positive circumstances.

- Adopt-A-Cop is a new program that enhances relationships between the RRPD and the citizens of Round Rock. It is open to citizens of Round Rock, and all Police Department employees. Officers and civilian staff make up the divisions at the police department, which includes Patrol Division, Criminal Investigation Division, Training Division, and Support Services Division. Adoption registration is available for anyone that wishes to connect with local law enforcement and support the employee on a long-term basis.
- Lock Box Program - Several years ago, the “Lock Box” program was designed to give emergency workers a quick way to gain entry to the homes of citizens at a high risk of needing emergency assistance (including the elderly, mobility-impaired or those with other disabilities) without causing the damage and expense of forcing entry into their homes during an emergency. The “Lock Box” program provides police, fire and EMS workers with a coded exterior key-box (much like those used by realtors). This method eliminated the need to break doors or windows to reach those inside the home that required immediate assistance.
- Seniors and Law Enforcement working Together (S.A.L.T.) - The county’s first volunteer program that specifically partners senior-citizens and law enforcement officers. The Round Rock S.A.L.T. group is working to expand S.A.L.T. throughout Williamson County. The program was developed by the Office of the Texas Attorney General. More information can be obtained by calling 512-218-5520.
- Internship Program - The RRPD offers an internship program designed to introduce students to the many facets of law enforcement. The student internship program is an educational program that hosts interns to observe functions of the police department and their security procedures and practices. The student intern program works in conjunction with colleges and universities that offer academic credit for student internship. The internship program is a formal method of providing full-time post-secondary students the opportunity to work in a police agency and observe some aspects of its operations. Student interns are required to be enrolled in an accredited college or university; be enrolled in the intern program class set forth by the institution; provide satisfactory proof of student medical/health insurance prior to the internship; and meet all the goals and objectives and work/credit requirements mandated by the institution. The program provides an excellent opportunity to increase the quality of the applicant pool for various positions within the department.

Finally, another training opportunity offered by your police department is the Citizen’s Police Academy. The Citizens Police Academy (CPA) is a 10-week program that gives community members opportunities to experience first-hand the realities of life as a police officer in the RRPD and provide a clearer knowledge of RRPD security procedures and practices. The Citizens Police Academy is an example of the successes borne of the partnership between the police and the community. One of many continued efforts to develop citizen awareness and understanding of the role of law enforcement, the RRPD offers the Citizens Police Academy for residents of all backgrounds and occupations.

For more information on these programs you may call the Community Affairs Officer at 512-671-2871. Website: <http://www.roundrocktexas.gov/departments/police/community-programs/>

The university also offers other services and programs through UPD at the Texas A&M University main campus. The programs are available upon request to employees and students and are designed to improve safety on campus and educate the community about security issues. Programs include self-defense programs, personal safety awareness, sexual assault prevention, motor vehicle theft prevention, presentations

(orientations) including information about campus security procedures and practices, etc. For additional information contact the UPD Community Services Unit at 979-458-1674.
