Preparation of the Annual Security Report and Disclosure of Crime Statistics

Enacted in 1990, The Crime Awareness and Campus Security Act was designed to assist the campus community in making decisions which affect their personal safety by requiring institutions of higher education to provide certain campus security information to current and prospective students and employees annually. The Higher Education Act of 1998 and the subsequent amendments of the implementing regulations (34 C.F.R.668.46) significantly expanded institutions' obligations under the Act. The Act was also renamed the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act" (hereafter the Clery Act).

The Texas A&M University Health Science Center (TAMHSC) Security Department is responsible for preparing and distributing the Annual Security Report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). The Annual Security Report is published every year by October 1st and contains three years of selected campus crime statistics and certain campus security policy statements for the 2022 – 2023 academic year in accordance with the Clery Act. The 2022 Annual Security Report contains crime statistics for calendar years 2021, 2020, and 2019.

The TAMHSC Security Department coordinates with the Office of Risk, Ethics, and Compliance (OREC) to compose the Annual Security Report and statistical information with input from various sources such as local law enforcement agencies, Student Affairs, and other campus personnel.

Annual Security Report Notifications

Each year, an e-mail notification which provides website access to this report is sent to all current students, faculty, and staff. The TAMHSC Temple Annual Security Report can be found at the following website: <https://orec.tamu.edu/wp-content/uploads/HSCTempleAnnualSecurityReport.pdf>. A paper copy may be requested at the TAMHSC Temple, 4th Floor, Student Affairs suite, 2401 S. 31st St., Temple, TX 76508 or by calling 254-724-0245. A paper copy is also made available upon request at each TAMHSC location.

The TAMHSC Temple does not provide on-campus student housing facilities, therefore, does not have an Annual Fire Safety Report on Student Housing.

Prospective employees are notified of the availability of the Annual Security Report through an email distributed when applying for a position. Website access to the Annual Security Report is provided by the Division of Human Resources and Organizational Effectiveness through a link called "A safe and welcoming environment" located on the Prospective Employees webpage (<https://employees.tamu.edu/talent-management/careers/index.html>) and on the Required Employee Notices & Important Reminders webpage

(<https://employees.tamu.edu/employees/required-notice.html>) through a link under the “Safety and Security Notices” heading.

Prospective students are notified of the availability of the Annual Security Report through an email distributed when applying for admission. Website access to the Annual Security Report is provided by the Office of Admissions through a link titled “Campus Safety” located at the bottom of the Admissions webpage (<http://admissions.tamu.edu/>).

Campus Law Enforcement Policies

Security Department Overview

The TAMHSC Temple campus is adjacent to the Baylor Scott & White Hospital in Temple which employs a security department. The unarmed, non-commissioned security officers routinely patrol the TAMHSC Medical Education Building, however, they are not certified peace officers and do not have authority to detain or arrest. Baylor Scott & White security responds to the TAMHSC Medical Research Building for fire alarm activations or when requested. The TAMHSC Temple campus does not have a written mutual aid agreement with the Baylor Scott & White Security Department, however, an excellent working relationship is maintained. The officers answer calls for service, respond to alarms, and are available 24 hours a day, year round including holidays. The Security Office is located in the entrance of the emergency department on the ground floor of the South Tower of Baylor Scott & White Hospital in Temple.

Police Department Overview

The Temple Police Department (TPD) provides law enforcement to all components of the TAMHSC Temple including the academic campus. To provide a safe campus for our students, staff, faculty and visitors, the department has uniformed officers on patrol 24-hours a day, year round. To provide this around-the-clock coverage, TPD works in three shifts, patrolling by foot, car, and bicycle. Patrol is the core of the TPD. The TPD officers answer emergency calls and enforce state criminal and traffic laws.

Jurisdiction

The TPD is the primary police authority for TAMHSC Temple campus. The police officers are certified Texas peace officers as defined in article 2.12 of the Texas Code of Criminal Procedure. Pursuant to Section 51.203 of the Texas Education Code, the primary jurisdiction of the TPD officers is the municipality of Temple.

Arrest Authority

As certified peace officers, TPD’s armed police officers have the full authority to detain and arrest.

Enforcement Authority

The TPD is computer linked to city, state and federal criminal justice agencies, which provide access to criminal records, wanted persons, stolen property, and vehicle information. All crimes reported to TPD are investigated and are referred for prosecution through the Offices of the County Attorney and District Attorney when appropriate. Criminal matters involving university students or employees may also be referred to university administration for disciplinary action.

Working Relationships and Agreements

The TAMHSC maintains working relationships with state and local law enforcement agencies including the TPD, Bell County Sheriff’s Office, Texas Department of Public Safety, Texas Alcoholic Beverage Commission, and the local field office of the Federal Bureau of Investigation as needed. These working

relationships are not maintained through a written mutual aid agreement with the TAMHSC regarding the investigation of alleged criminal offenses.

A request is distributed to local law enforcement agencies annually to solicit cooperation in informing the institution about crimes. The request is specific to informing the TAMHSC Bryan Security Department about situations reported to the given local law enforcement agency that may warrant an emergency response or timely warning notification at TAMHSC Temple.

Monitoring Non-Campus Locations

The TAMHSC does not operate non-campus housing or non-campus student organization facilities. The TPD monitors and records criminal activity and has primary jurisdiction in surrounding areas off campus. When a TAMHSC student is involved in an off campus offense at a surrounding location, TPD responds to calls and may also assist in cooperation with state or federal law enforcement. There is no Memorandum of Understanding between the TPD and TAMHSC.

Institutional sponsored activity by a student or student organization to a location outside of the Temple area may result in the location meeting the criteria for Clery non-campus property. TAMHSC does not use campus security to monitor or record criminal activity at these non-campus locations. The local law enforcement agency with jurisdiction at the location responds when police services are requested.

Professional Standards

Providing excellent service and maintaining good relationships within the community is vital to achieving the overall mission of keeping the campus safe and secure. All members of the TPD community can expect to be treated in a courteous and professional manner by members of the department. TPD will not tolerate an employee who acts unprofessionally or who does not provide an appropriate level of service. Instances where TPD employees have been especially helpful or have exceeded expectations in service can also be recognized.

The quality of service is dependent in part on feedback from the community. Please help to improve the department by bringing complaints and compliments to the attention of any of the following individuals in a timely manner:

- Request the on-duty Security Supervisor by calling 254-298-5500
- Address written correspondence to: TPD, 209 E. Avenue A, Temple, TX 76501

Reporting Crimes

Incident Reporting and Response

Any on-campus emergency, criminal offense, or suspected criminal activity, should be reported immediately to the TPD by dialing 911 from a campus phone, from a cellular phone, or in person. In addition, call boxes are located on or near each building. These phones will immediately contact Baylor Scott & White Security.

Upon receipt of the call, the Baylor Scott & White Hospital Security Department can supply information or dispatch officers as necessary.

For non-emergencies from a campus phone, dial 254-724-2344 to contact Baylor Scott & White Security. To contact the TPD from an off campus phone, campus payphone, or cell phone, call 254-298-5500. The web address for TPD is: https://www.templetx.gov/departments/city_departments/police/index.php.

Baylor Scott & White Security will respond as quickly and safely as possible to any request for assistance, whether it is an emergency or not. Response includes dispatching a security officer to attend to the needs of the victim and secure the scene and, as situations warrant, contact outside services such as local law enforcement, the fire department, or emergency personnel to respond to the incident. TPD or Bell County Sheriff officers in vehicles, on foot, or on bicycles will assist and may be contacted directly. Response time is based on current activity and severity of the call. Crimes in progress, alarms, traffic accidents with injuries, and medical assists have a higher priority than other types of calls. For non-campus offenses, we encourage prompt reporting to the proper local law enforcement agency.

We cannot overemphasize the importance of prompt and accurate reporting of crime. If a crime is not reported promptly, evidence can be destroyed or the potential to apprehend a suspect is lost. Without accurate reports, leads could be missed and the investigation headed in the wrong direction. If a crime or emergency is witnessed, promptly report it to the TPD and answer questions as accurately as possible. The subsequent investigation can only be as thorough as the information received. If you are the victim of a crime, or have seen or received information of criminal activity or other emergency, contact the TPD immediately.

Reporting Criminal Offenses to University Officials: Campus Security Authorities

Faculty, staff, and students are encouraged to report any criminal offenses within the campus environment directly to the Baylor Scott & White Security or TPD. For non-campus offenses, we encourage accurate and prompt reporting to the proper local law enforcement agency. As an option, students and employees may also report criminal offenses to the following TAMHSC offices:

School of Medicine Assistant Dean for Student Affairs	254-724-0245	2401 S. 31 st St., Medical Education Center, Room 407H, Temple campus

Crime reports provided to these and other campus security authorities are used by the school to fulfill its responsibility to annually disclose accurate crime statistics and to issue or facilitate the issuance of timely warnings or emergency notifications. Campus security authority crime reports should include sufficient detail such as dates and locations, and where appropriate, personally identifying information, including name and contact information, if available.

Students, faculty, staff, community members, and guests are encouraged to report all crimes and public safety related incidents to Baylor Scott & White Security and TPD in an accurate and prompt manner when the victim of such crimes elects or is unable to make such a report. The TAMHSC offices listed above, will assist students with notifying the proper law enforcement authorities, if the victim chooses. It is the goal of the institution to provide assistance wherever the report is made and include Clery countable crimes in the annual security report.

Contracted professionally licensed counseling personnel, who are exempt from the reporting requirements of the Clery Act, are available to TAMHSC Temple students and employees. As the counseling services are generated through referral using a network of local providers, there are no institutional procedures in place for professional counselors to encourage (if and when they deem appropriate) voluntary, confidential crime reporting for inclusion in the annual disclosure of crime statistics. TAMHSC Temple has no pastoral counselors who are exempt from reporting requirements under the Clery Act.

Confidential and Anonymous Reporting of Crimes

The TAMHSC and TPD encourage anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, TPD cannot hold reports of crimes in confidence. However, victims of certain offenses are eligible for a pseudonym in which the victim's true identity will not be released when reporting to law enforcement. An individual who is involved in or witnesses an active or ongoing emergency should dial 911 and report the emergency immediately.

Voluntary, confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made by victims, witnesses, and others to the campus security authorities listed on the previous page and all other campus security authorities. Annual crime statistics and the crime log are confidential in that personally identifiable information is not included in the disclosure.

Crimes can be reported anonymously by calling the Bell County Crime Stoppers at 1-800-729-8477. Non-emergency types of crimes can be reported anonymously via the Crime Stoppers web page at <http://bellcountycrimestoppers.com/>

Timely Warning Policy

The circumstances in which a Timely Warning (Crime Alert) will be generated include, but are not limited to, the receipt of a report to the TAMHSC Security Department or other campus security authority of a crime reportable under the Clery Act, that poses a serious or continuing threat to the campus community. The TAMHSC Director of Security, or a designee, is responsible for determining if a Crime Alert will be issued. Crimes reportable under the Clery Act include, but are not limited to, major incidents of arson, murder/non-negligent manslaughter, robbery, aggravated assault, sex offenses, or other crimes as determined necessary by

the Director of Security or a designee. The determination will be made on a case-by-case basis after due consideration of all available facts of the crime, such as the nature of the crime and whether a continuing danger to the campus community exists. If the TAMHSC Security Department or other campus security authorities are not notified of a crime in a manner that would allow the department to provide timely notice, a Crime Alert may not be issued depending on the circumstances. All situations will be evaluated on a case by case basis.

The TAMHSC Security Department is responsible for the writing and issuance/sending of Crime Alerts. Personnel authorized to write and/or issue (send) a Crime Alert are the Director of Security (Houston campus) and the Security Sergeant (Bryan campus), or designee. Anyone with information warranting a Crime Alert should report the circumstances immediately to the TAMHSC Bryan Security Department (979-436-9000), to the TAMHSC Temple Associate Dean (254-724-8878), or to Baylor Scott & White Security located at 2401 South 31st St., Temple, TX 76508 in the South Tower, 1st floor (254-724-2344).

Crime Alerts are distributed to students, faculty, and staff via blast email in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences. Crime Alerts contain sufficient information about the nature of an identified threat to assist members of the campus community in taking appropriate action to protect themselves or their property. The Crime Alert generally include:

- A readily understandable description of the type of crime or occurrence.
- The general location, date and time of the offense.
- A physical description of the suspect(s), if available, when there is sufficient detail that would reasonably help identify a specific individual suspect or group of suspects.
- Possible connection to other incidents.
- Date and time the alert was issued.
- Suggested measures which members of the university community can take to help protect themselves.

It is important to note that in some cases law enforcement may need to withhold some facts if releasing the information would compromise an ongoing investigation or the identity of the victim. Victim names and other personally identifying information of victims are not included in Crime Alerts. An institution is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.

Emergency Response and Evacuation Policy

The procedures disclosed in this section apply to significant emergencies or dangerous situations occurring on the campus of TAMHSC Temple, i.e. on-campus property. The institution does not have separate procedures for non-campus property.

Emergency Notification System

HSC Alert is the TAMHSC's emergency notification system that gives the university the ability to communicate health and emergency information through some or all of the following mechanisms: SMS text message, Texas A&M Email, pop-up messages on equipped university-owned computers, Twitter, RSS, and a mobile app. HSC Alerts related to the TAMHSC Temple campus are issued to the TAMHSC Temple campus community, rather than to specific segments of the Temple campus population. However, HSC Alerts are campus specific. For example, an HSC Alert for an emergency occurring at the TAMHSC Temple campus will typically not be issued to other TAMHSC remote campuses which are not impacted.

The TAMHSC will use the system only to provide official notification of critical emergencies (i.e., situations that pose an imminent threat to the community). It is the policy of the TAMHSC to immediately notify the campus community, via the HSC Alert Emergency Notification System, upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the TAMHSC Temple campus. Any member of the Emergency Management Team at the TAMHSC Temple campus (see Emergency Preparedness section below) or a member's designee confirms whether a significant emergency or dangerous situation exists by evaluating information received from entities which may include, but are not limited to: law enforcement, fire department, Emergency Management, National Weather Service, Environmental Health and Safety, or other campus officials.

The HSC Alert emergency notification system does not replace the Crime Alert requirement. They differ in that the Crime Alert requirement applies to Clery reportable crimes, while the emergency notification system addresses a much wider range of threats (i.e. gas leaks, tornadoes, active shooter, etc.). If an emergency notification is issued, the university is not required to issue a Crime Alert based on the same circumstances; however, the university must provide adequate follow-up information to the community as needed.

Upon notification from an authorized Emergency Management Team member, an HSC Alert publisher will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the HSC Alert notification system; unless issuing the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. HSC Alert publishers at the TAMHSC Temple campus authorized to generate an HSC Alert and activate the notification system include the campus' Associate Dean, Campus Operational Director, Director of Security, or designee. Victim names and other personally identifying information of victims are not included in emergency notifications.

In accordance with TAMHSC policy, other central administration (the Assistant Vice President, Compliance and Risk Management located at the TAMHSC Bryan campus; the Texas A&M University Emergency Management staff located at the main campus; or the Director of Security located at the TAMHSC Houston campus; and/or designees) may confirm an emergency or dangerous situation and generate and issue an HSC Alert on behalf of the TAMHSC Temple campus. Additionally, in rare cases, an emergency or dangerous situation may require issuance of a modified emergency notification, outside of the HSC Alert emergency notification system, on behalf of the campus. These cases include emergencies that prevent the local campus from issuing the alert or if a centralized global message is determined to be necessary by the President of Texas A&M University.

Individuals with authority to issue HSC Alerts conduct monthly testing to validate their access to the emergency notification system. For the TAMHSC Temple campus, testing of the emergency notification system's operation is launched by personnel in Texas A&M University Emergency Management once per semester. After each test, or actual alert, Texas A&M University Emergency Management and the Division of Information Technology will analyze the functionality of each communication device within the notification system and prepare and maintain a report with the results of the findings. Any test may be cancelled by Texas A&M University Emergency Management. Reasons for cancelling tests include the existence of real threats that could necessitate sending an emergency message, recent emergency messages that obviate the need for that test, etc.

Registering for Emergency Notifications

Students, Faculty, and Staff Access

All TAMHSC faculty, staff, and students are automatically enrolled into the HSC Alert system through their Texas A&M email addresses. All TAMHSC personnel and students are highly encouraged to add a mobile number to allow alerts by text message. These individual users may choose to receive mobile communications via SMS text or to opt out of the SMS text entirely through the subscriber portal at <https://tamuhhealth.safety.info/Subscribers/>.

Pre-scripted messages have been developed and are used, with appropriate modifications, during emergency situations. HSC Alert is only used for emergencies, crises, and reports of serious crime where a situation exists which potentially constitutes an ongoing or immediate danger. This is a free service to members of the TAMHSC community.

Depending on the nature of the emergency, one or more notification systems may be utilized. These systems include, but are not limited to:

- Text messages
- Texas A&M email system
- Computer alerts
- Twitter
- Mobile app for Android and iOS devices

All immediate notifications will have at least one follow-up message (i.e., the “All Clear” message). Generally, the follow-up messages will be issued utilizing the same notification systems as the initial notification. However, word-of-mouth, computer alerts, the use of electronic and cellular communication, or other means may be utilized when appropriate.

The success of this service relies on individuals to provide accurate contact information. The emergency alert system will contain email addresses for all faculty, staff, and students of TAMHSC. Mobile phone numbers and alternate email addresses can be added, or you can opt out of the system, by following the steps found here: <https://codemaroon.tamu.edu/HealthAbout.aspx>.

Public Access

Parents and other guests of Texas A&M University may register for text message alerts at the HSC Alert vendor’s subscriber portal. A personal email address and private password are required to create a guest account and register one phone number to receive SMS text message alerts. The registration portal can be found at: <https://tamuhhealth.safety.info/Subscribers/>.

The public can receive HSC Alerts through Twitter, however, delivery by Twitter cannot be guaranteed since Texas A&M University does not manage this notification outlet. Twitter users can follow HSCAlert to see alerts in their Twitter feed and/or receive push alerts on a mobile device through the Twitter mobile app. Once HSCAlert is followed, click the Bell Icon on the HSCAlert profile page to turn on push notifications for any mobile device with the Twitter app installed.

Also, anyone with a device that uses the Android or iOS operating systems can download the free HSC Alert Mobile App for receiving alerts on their device via push notifications. The app requires a connection to the internet to receive the alerts. The application is available for download on Google Play and Apple Store. <https://codemaroon.tamu.edu/HealthMobileAppNotification.aspx>

Setup instructions for the HSC Alert public access mechanisms described above can be found here: <https://codemaroon.tamu.edu/HealthPublicAccess.aspx>.

Disseminating Information to the Larger Community

The TAMHSC Marketing and Communications Office or designee may communicate with local media such as newspapers, television stations and radio stations to disseminate emergency information to the surrounding community. This office, in coordination with impacted TAMHSC Marketing and Communications Managers for each college, provide a statement for posting additional information on the TAMHSC website. This website is another possible source for the larger community to obtain such information.

Emergency Preparedness

The TAMHSC Temple campus has a comprehensive all hazards emergency operations plan which provides a framework for the campus response to crises and emergencies. The plan was developed using National Incident Management System (NIMS) principles to include the Incident Command System (ICS). The emergency operations plan includes information about incident teams, shelter-in-place and evacuation procedures; and local contingency and continuity planning requirements.

In the emergency operations plan, specific campus administrators (the Emergency Management Team) are identified who are responsible for oversight of key functions in the event of an emergency or crisis which impacts a large segment of the campus population. The Emergency Management Team coordinates with other campus offices (Facilities, Human Resources, etc.) and outside emergency response agencies (fire department, hospitals and medical centers) as needed. Any of the TAMHSC Temple Senior Administrators listed below or an administrator's designee may alter campus operations in response to the emergency or for the safety and well-being of the campus community.

TAMHSC Temple Emergency Management Team Members

Temple Campus Associate Dean, School of Medicine (Senior Administrator)

Campus Operational Director, School of Medicine (Senior Administrator)

Facilities Director

University departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The TAMHSC Temple emergency operations plan is continually updated, and tabletop and other emergency planning exercises are conducted at least once a year at each TAMHSC Temple campus. Exercises and emergency response planning is coordinated by Texas A&M University Emergency Management staff who document the exercises or drills, including the date, time, and whether the exercise was announced or unannounced. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. In addition, Environmental Health and Safety manages a robust Building Evacuation Program which works with facility managers to maintain and test building evacuation procedures annually for facilities on campus through unannounced emergency evacuation drills.

Fire and evacuation drills are held once a year for each building. Fire drills are a mandatory supervised evacuation of a building for a fire. The fire drill is scheduled with Baylor Scott & White Security, and the individual building staff. Students, faculty and staff learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation.

The purpose of fire evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Fire evacuation drills are used as a way to educate and train occupants on issues specific to their

building. Evacuation maps are posted in all classrooms (near the back of the entry door), in faculty lounges, staff break rooms, offices, and in the stairwells of all buildings.

General information about the emergency response and evacuation procedures are publicized each year as part of the institution's Clery Act compliance efforts in this report. Following is a summary of TAMHSC's emergency response and evacuation procedures.

Shelter-in-Place

If an incident occurs and the building you are in is not damaged, stay inside-seeking an interior room-until you are told it is safe to come out. If your building is damaged, or you are directed to evacuate, take your personal belongings (purse, wallet, ID card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, proceed to the emergency assembly site for your area. If police or fire department personnel are on the scene, follow their directions.

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
- Locate a room to shelter inside. It should be an interior room without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
- Shut and lock all windows and close exterior doors.
- Take a list of the people with you and ask someone (other staff) to call the list in to TPD so they know where you are sheltering. If only students are present, one of the students should call in the list.
- Listen for further instructions through HSC Alert or emergency responders.

Campus Evacuation Procedures

The TAMHSC Senior Vice President & Chief Operating Officer or designee will authorize campus evacuation orders. Once an evacuation order has been given, students and employees should follow the instructions and timelines for leaving the campus and should alert others to do the same. Information about returning to campus will be communicated through the TAMHSC webpage.

Building Evacuation Procedures

An evacuation will occur when the fire alarm sounds and/or notification is given by appropriate personnel. All persons (students, employees and visitors) are to immediately vacate the building in as safe a manner as possible. All persons should follow orders given by the Campus Operational Director, Baylor Scott & White security officers, TPD, and/or other appropriate officials at the scene. Personnel shall not return to an evacuated building until instructed by safety or other appropriate officials. Evacuation drills are conducted periodically for on campus buildings. The building evacuation is documented and reviewed by Texas A&M University Environmental Health and Safety.

Testing Emergency Response and Evacuation Procedures

TAMHSC tests its emergency response and evacuation procedures as defined in the Clery Act on an annual basis. Test is defined as regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. Tests may be announced or unannounced. TAMHSC conducts a drill or an exercise and publicizes its emergency response and evacuation procedures via campus email annually in conjunction with the test. For each test, documentation describes the exercise, the

date and time, and whether it was announced or unannounced. An after action report is completed and kept by the Texas A&M University Assistant Emergency Management Coordinator.

The Daily Crime Log

The TAMHSC Temple campus does not operate a Security or Police Department and is not required by federal law to maintain a “daily crime log”.

Security of and Access to Campus Facilities

General Provisions

The Dean, Director, or Department Head is responsible for determining access to facilities under their control. The TAMHSC Security Department, upon request, will prepare a security survey of the facility to determine security coverage and appropriate access control.

It is unlawful for any person to trespass on the grounds of any state institution of higher education of this state or to damage or deface any of the buildings, statues, monuments, memorials, trees, shrubs, grasses, or flowers on the grounds of any state institutions of higher education as indicated in *Texas Education Code Section 51.204*. Texas Penal Code *Criminal Trespass Section 30.05* and *Criminal Mischief Section 28.03* are State statutes that are similar in nature and are also widely utilized to help support *Texas Education Code Section 51.204*.

The governing board of a state institution of higher education or its authorized representatives may refuse to allow persons having no legitimate business to enter on property under the board's control, and may remove any person from the property on his or her refusal to leave peaceably on request. Identification may be required of any person on the property. (*Texas Education Code Section 51.209*)

Residence Halls

The TAMHSC Temple campus does not utilize on-campus residence halls.

Parking Lots

Parking lots immediately adjacent to the Medical Research Building and under the control of the TAMHSC are not monitored. Parking lots immediately adjacent to the Medical Education Building are under the control of Baylor Scott & White and may or may not be monitored.

Academic and Administrative Buildings

The Temple campus of TAMHSC is located within the City of Temple, and the public areas are therefore readily accessible. In general, the academic and administrative buildings are open to the public, at a minimum, during normal business hours. Individual facilities may have specific hours of operation, which can vary depending upon factors such as the time of the year and operational requirements. Access to some buildings, or portions of buildings, may be limited to authorized personnel at various times. Card swipe systems, locks and other means may be employed to limit access. Information about access to a specific facility can be obtained from the Security Manager, TAMHSC Round Rock campus. TPD and Baylor Scott & White security officers generally are not assigned to specific academic or administrative buildings. However, they do patrol such areas.

Maintenance of Campus Facilities

Contracted facilities personnel are responsible for maintaining the buildings, grounds, and custodial services for the TAMHSC Temple campus. TAMHSC Operations and Facilities Department provides oversight of

electricity, heating and cooling, running water, and waste disposal. Faculty and staff are encouraged to report maintenance problems to the contracted facility manager, submit a work request through the department's website: <https://assetworks.tamhsc.edu/>, or the emergency number at 214-828-8250.

Additionally, facilities such as telephones, recreational areas, building renovations, furniture purchases, card access security system, and fire alarm/detection systems are all coordinated from the Operations and Facilities Department. For after-hours emergency repairs or for more information about any of these services, call 512-589-0139 or 512-621-8139 or email Dan.Clawson@sscserv.com.

TAMHSC contracted personnel closely monitor any security-related maintenance problems after hours, and report their findings to the appropriate TAMHSC official. The operations of the emergency call boxes are checked on a scheduled periodic basis by Baylor Scott & White Security.

Alcohol Policy

The following alcohol policy applies to the TAMHSC Temple campus.

As an institution interested in the intellectual, physical and psychological well-being of the campus community, Texas A&M University deems it important to curtail the abusive or illegal use of alcoholic beverages. The Texas A&M University System strictly prohibits the unlawful manufacture, distribution (including sales), possession, or use of alcohol on Texas A&M University System property, while on official duty, and/or as part of any Texas A&M University System activities ([System Policy 34.02, Drug and Alcohol Abuse](#)). Possession or consumption of alcoholic beverages on property under control of the Texas A&M University System will not be permitted except in special use buildings and facilities that may be designated by the chief executive officer of the member, approved by the chancellor, and subsequently reported to the board on an annual basis ([System Policy 34.03, Alcoholic Beverages](#)).

A listing of locations at Texas A&M University that are approved for possession or use of alcohol can be found at https://rules-saps.tamu.edu/wp-content/uploads/2020/08/Approved_Sites.pdf as authorized in [University SAP 34.03.99.M0.01, Alcoholic Beverages](#). A licensed contracted vendor must be used to serve (sell) alcohol at events held in these approved locations, unless listed as a non-restricted location. [Texas A&M University Student Rules, Student Conduct Code, 24.4.13, Alcohol](#) also prohibits alcohol use, possession, manufacturing, or distribution (including sales) of alcoholic beverages on Texas A&M University premises and at university sponsored events, except as expressly authorized by university policies.

The purchase, service (including sales), possession, and consumption of alcohol beverages in facilities under the control of the Texas A&M University System shall in all respects comply with state law ([System Policy 34.03, Alcoholic Beverages](#)). Texas A&M University prohibits the use or possession of alcoholic beverages on campus by any individual under the age of 21 ([University SAP 34.03.99.M0.01 Alcoholic Beverages](#) and [Texas A&M University Student Rules, Student Conduct Code, 24.4.13, Alcohol](#)).

All purchases of alcoholic beverages by any member must comply with guidelines as established in [System Policy 34.03, Alcoholic Beverages](#) regarding the purchase's source of funds, purpose, and required documentation.

Consequences for policy violations could result in sanctions by the university and/or criminal charges/arrest by law enforcement agencies for state law violations.

The TAMHSC is committed to promoting responsible decision making regarding alcohol and other drugs through educational programming, resources, and referrals. Counseling programs and services are provided to students at TAMHSC Temple through the Deer Oaks Student Assistance Program (1-866-329-4148); My Student Support Program (My SSP @ TAMU) (1-866-408-2828); and through other additional providers: Linda Chupik, LMFT (254-773-4022, ext. 204), Frank A. Pugliese, Ph.D. (254-774-8272), Scott & White Mental Health Clinic (254-724-1184). The Work/Life Solutions Program by GuidanceResources (1-866-301-9623, <https://employees.tamu.edu/eap/>) manages the alcohol & drug abuse and rehabilitation program for employees and provides licensed counseling and referral services.

Illegal Drugs Policy

The following illegal drugs policy applies to the TAMHSC Temple campus.

Federal law prohibits the unlawful possession, use, sale, or distribution of drugs. Texas state law prohibits the possession, use, sale, manufacture, or delivery of a controlled substance without legal authorization. A controlled substance includes any drug, substance or immediate precursor covered under the Texas Controlled Substances Act, including but not limited to opiates, barbiturates, amphetamines, marijuana, and hallucinogens. The possession of drug paraphernalia is also prohibited under Texas state law. Drug paraphernalia includes all equipment, products and material of any kind that are used to facilitate, or intended or designed to facilitate, violations of the Texas Controlled Substances Act. According to [System Policy 34.02, Drugs and Alcohol Abuse](#), all students and employees are expected to abide by federal and state laws pertaining to controlled substances and illicit drugs. More specifically, Texas A&M University Student Rules prohibit using, possessing, being under the influence of, manufacturing, or distributing illegal drugs or illegally obtained/possessed controlled substances ([Texas A&M University Student Rules, Student Conduct Code, 24.4.12, Drugs](#)). Alleged violations of federal and state laws may result in criminal charges. University conduct charges may be pursued against those alleged to have violated university policies and/or state/federal laws concerning controlled substances.

The TAMHSC is committed to promoting responsible decision making regarding alcohol and other drugs through educational programming, resources, and referrals. Programs and services are provided to students at TAMHSC Temple through the Deer Oaks Student Assistance Program (1-866-329-4148); My SSP @ TAMU (1-866-408-2828); and through other additional providers: Linda Chupik, LMFT (254-773-4022, ext. 204), Frank A. Pugliese, Ph.D. (254-774-8272), Scott & White Mental Health Clinic (254-724-1184). The Work/Life Solutions Program by GuidanceResources (1-866-301-9623, <https://employees.tamu.edu/eap/>) manages the alcohol & drug abuse and rehabilitation program for employees and provides licensed counseling and referral services.

Weapons Policy

The following weapons policy applies to the TAMHSC Temple campus.

In accordance with [Texas Penal Code Ch. 46.03](#), it is a felony to intentionally, knowingly, or recklessly possess a firearm, location-restricted knife, club, or prohibited weapon on the physical premises of a school or educational institution, to include any grounds or buildings on which any activity sponsored by the school or educational institution is being conducted, or a passenger transportation vehicle of a school or educational institution. The following exception applies. A license to carry holder under Chapter 411, Texas Government Code, may carry a concealed handgun on or about the license holder's person while the license holder is on the campus of Texas A&M (all land and buildings owned or leased by Texas A&M) or in a university vehicle, unless prohibited by state law, federal law, or [University Rule 34.06.02.M1](#), *Carrying Concealed Handguns on Campus*. Prohibited areas include but are not limited to campus daycares, counseling centers, health care facilities, collegiate interscholastic events, collegiate sporting events if notice under 30.06 is provided, specific premises where formal administrative hearings/investigations are conducted, locations with official Texas Penal Code 30.06 signage, and certain high-hazard research areas/laboratories as approved by the president. The open carry of handguns is prohibited everywhere on campus including all land and buildings owned or leased by Texas A&M University. Licensed peace officers are authorized by law to carry firearms at all times. [University SAP 34.06.02.M1.01](#) and [Student Conduct Code 24.4.14](#) contain additional weapons policy information.

Sexual Assault, Dating Violence, Domestic Violence, and Stalking

In accordance with federal law and [Texas A&M University System Regulation 08.01.01 Civil Rights Compliance](#) (System Regulation 08.01.01), Texas A&M University prohibits discrimination and harassment including sexual assault, dating violence, domestic violence, stalking, (as those terms are defined for the purposes of the Clery Act) and/or related retaliation. The following are statements of policy that address discrimination, harassment (including, but not limited to, sexual harassment¹ and sex-based misconduct²), complicity, and retaliation³. The policies apply whether this conduct occurs on or off campus and when it is reported to the university.

Procedures for Reporting Sexual Assault, Dating Violence, Domestic Violence, and Stalking

Individuals have the option of notifying on-campus and local law enforcement authorities to report sexual assault, dating violence, domestic violence, or stalking. Below is a list of local law enforcement agencies. Reports should be filed with the agency where the incident occurred.

Agency	Phone
Temple Police Department	254-298-5500
Bell County Sheriff's Department	254-933-5412

The TPD is available to receive reports of sexual assault, dating violence, domestic violence, and stalking; assist in securing medical attention; participate in evidence preservation and collection; and inform the individual of legal and administrative options both on and off campus. Criminal investigations for the TAMHSC Temple campus may occur independent from a conduct proceeding and are conducted by the TPD or other appropriate law enforcement agency in accordance with the Texas Penal Code, the Texas Code of Criminal Procedure, and information from the Bell County District Attorney's Office. Law enforcement will help

¹ Sexual harassment is a form of sex discrimination. Unwelcome conduct on the basis of sex (of a sexual nature or otherwise): (1) by an employee of the university who conditions the provision of an aid, benefit, or service of the university on an individual's participation in that unwelcome sexual conduct; (2) determined by a reasonable person to be so severe and pervasive and objectively offensive that it effectively denies a person equal access to the university's education program or activity; or (3) sexual assault, dating violence, domestic violence, or stalking based on sex. For the purposes of defining sexual harassment specified in (2): severe means of sufficient seriousness to interfere with the rights, privileges, and legal activities of an individual, as well as actions that would be deemed by a reasonable person to be extreme or life-threatening; pervasive means conduct existing in or spreading over a large area of an activity or program over a period of time; and objectively offensive means behavior determined by a reasonable person to be offensive (actions that cause unreasonable harm or distress to another individual or group of people). Includes complaints based on sex, sexual orientation, and/or gender identity.

² Sex-based misconduct is unwelcome conduct on the basis of sex that is severe, persistent, or pervasive enough to create a work, educational, or campus living environment that a reasonable person would consider intimidating, abusive, or offensive. Sex-based misconduct is explicitly prohibited under System Regulation 08.01.01. Aiding another in the commission of sex-based misconduct is also prohibited by System Regulation 08.01.01. Sex-based includes, but is not limited to, sexual assault, sexual exploitation, dating violence, domestic violence, and stalking based on sex. Sexual exploitation is defined as a situation in which an individual(s) takes non-consensual or abusive sexual advantage of another for his or her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited. For example, sexual exploitation could include such actions as secretly videotaping sexual activity, voyeurism, invasion of sexual privacy, exposing one's genitals or causing another to expose one's genitals, and knowingly exposing another person to a sexually transmitted infection or disease. Sexual exploitation is a form of sex-based misconduct. Includes complaints based on sex, sexual orientation, and/or gender identity.

³ Intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured under civil rights laws and regulations, or because the individual has opposed a discriminatory practice, files a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. The exercise of rights protected under the First Amendment does not constitute prohibited retaliation, nor does the filing of a mandatory report as required by System Regulation 08.01.01. In addition, a university official who files a mandatory report or charges an individual with making a materially false statement in the course of an investigation has not engaged in prohibited retaliation. Retaliation is explicitly prohibited under System Regulation 08.01.01. Aiding another in the commission of retaliation is also prohibited under this regulation.

individuals understand the process of obtaining protective orders, restraining orders, or similar lawful orders issued by the courts.

All Texas A&M University employees are mandatory reporters who must report all known information about an alleged or suspected incident of discrimination, harassment, retaliation, or complicity that is experienced by, observed by or made known to an employee in the course and scope of their employment as soon as possible⁴. Student workers are not required to report conduct prohibited by this policy if the student worker experiences, observes, or becomes aware of the prohibited conduct outside the context of their employment.

An employee is also not required to report an incident where: (1) the employee was a victim of sexual harassment, sexual assault, dating violence, domestic violence, or stalking; (2) the incident about which the employee received information was due to a disclosure made at a sexual harassment, sexual assault, dating violence, domestic violence, or stalking public awareness event sponsored by the university or by a student organization affiliated with the university; or (3) the person has either learned of the incident during the course of their employer's review or process, or has confirmed with the designated office overseeing the review or process, that the incident has been previously reported.

An employee's failure to report alleged or suspected discrimination, harassment, retaliation, or complicity may result in disciplinary action, including termination of employment. An employee must be dismissed if, in accordance with disciplinary processes, the employee is determined to have knowingly failed to make a required report, or that employee, with the intent to harm or deceive, knowingly made a report that is false. Notwithstanding the above mandatory reporting requirement for employees, anyone may report matters which they believe are criminal to the appropriate local law enforcement agency.

Students and third parties are strongly encouraged, but not required, to report conduct prohibited by this policy.

At the TAMHSC Temple campus, reports that a student, an employee, or a third party has engaged in conduct prohibited by this policy should be made to:

Assistant Vice President and Title IX Coordinator
Department of Civil Rights and Equity Investigations (CREI)
YMCA Building
365 Houston St., Suite 108
College Station, TX 77843
979-458-8407
civilrights@tamu.edu
Website Reporting Form: <https://titleix.tamu.edu/report/>

CREI's Assistant Vice President and Title IX Coordinator's responsibilities include, but are not limited to, (1) overseeing Texas A&M University's civil rights protections program; (2) ensuring all complaints of discrimination, harassment, retaliation, and complicity are promptly, thoroughly, and equitably reviewed, investigated, and resolved in accordance with System Regulation 08.01.01, [Texas A&M University Rule 08.01.01.M1, Civil Rights Compliance](#) (Rule 08.01.01.M1), and [Texas A&M University SAP 08.01.01.M1.01, Investigation and Resolution of Allegations of Discrimination, Harassment, Retaliation, and Complicity Against Students, Employees, and Third Parties](#); and (3) identifying and addressing any patterns or systematic problems that arise from the review of such complaints. The Assistant Vice President and Title IX Coordinator

⁴ Exceptions include confidential employees and are described in the "Confidentiality/Privacy" section of this report.

or designee shall decide whether this policy shall be applied to such conduct on a case by case basis. Some conduct, while inappropriate and unprofessional, does not rise to the level of discrimination, harassment, retaliation, or complicity. These behaviors will be forwarded by CREI to be addressed by the appropriate disciplinary authority, e.g., Supervisor, Student Conduct, Residence Life, etc., under rules or regulations other than this policy.

CREI is the department designated by the university to receive, investigate, and resolve all reports alleging discrimination, harassment, retaliation, and/or complicity. However, reports that the following individuals have engaged in conduct prohibited by this policy: the Texas A&M University System Chancellor; the Texas A&M President; a Chief Operating Officer; an employee who reports directly to the Chancellor, President, or Chief Operating Officer; the Title IX Coordinator or a Deputy Title IX Coordinator; the Chief Risk, Ethics, and Compliance Officer; or the Hearing Officer should be made to:

Texas A&M System Ethics and Compliance Office (SECO)

301 Tarrow, 6th floor

College Station, TX 77843

979-458-6120

civilrightsreporting@tamus.edu

Additional options for reporting to the university include:

- Submitting an anonymous report through [Tell Somebody](#), an electronic reporting option. Anonymous reporting may also limit the university's ability to respond to the allegation.
- Submitting an electronic report through the "Make a Report" form found at <https://titleix.tamu.edu/>

Individuals may file a complaint at any time with any local, state or federal civil rights office, including, but not limited to, the Equal Employment Opportunity Commission, the Texas Workforce Commission's Civil Rights Division, the U.S. Department of Education's Office of Civil Rights and the U.S. Department of Justice.

CREI has procedures in place to inform individuals of their rights to file criminal charges as well as the availability of services on and off campus. A complainant⁵ may request assistance from and/or will be assisted by CREI in notifying law enforcement authorities if the complainant so chooses. A report to law enforcement, even to TPD, is separate from a report to the university. An individual wishing to simultaneously pursue a law enforcement investigation and a university resolution of conduct prohibited by this policy should make a report to both entities. Individuals are notified of their right to report the incident to local police immediately, but always have the right to decline to notify such authorities. Reporting to law enforcement does not preclude an individual from pursuing disciplinary remedies with the university.

Although a report of conduct prohibited by this policy may be made at any time, regardless of when the conduct occurred, a report should be filed as soon as possible after the actions that caused the report. Prompt reporting assists investigators in the collection and preservation of evidence.

The filing of a report will not stop, delay, or affect pending personnel or disciplinary actions. This includes, but is not limited to, performance evaluations or disciplinary actions related to an employee or student who is not performing at acceptable levels or standards or who has violated System policies or regulations or university rules or SAPs.

⁵ The individual(s) who is alleged to have been subjected to discrimination.

The university's response to allegations of conduct prohibited by this policy will be prompt and equitable. The response is intended to stop/prevent recurrence of any harassment and remedy discriminatory effects of the conduct, as appropriate. A substantiated allegation of prohibited conduct will result in disciplinary action, up to and including termination of employment or separation from the university. Third parties who commit prohibited conduct may have their relationship with the university terminated and/or their privileges of being on university premises withdrawn.

CREI conducts an initial review and preliminary assessment of all reports/complaints that are received by CREI to assess and address the safety and well-being of the complainant, respondent⁶, and the community. As part of the initial review, CREI will take the following step: (1) inform the individual reporting of the right to file a complaint with law enforcement (if applicable) in addition to filing a complaint with CREI, (2) provide assistance in notifying appropriate law enforcement authorities if the individual so chooses, (3) inform the individual of the right to decline to contact law enforcement, and (4) inform the individual of the right to file a complaint with state and federal agencies. CREI will offer the opportunity to request supportive measures to provide for the safety of the individual and campus community.

CREI will also take steps to advise about (1) the importance of preserving evidence, if applicable, that could assist in proving that a criminal offense occurred or may be helpful in obtaining a protective order or assist in an investigation, (2) the university's procedures for investigation and options for formal and informal resolutions, and (3) the university's prohibition against retaliation. At this time, CREI will determine whether the complainant is a minor, elderly, or disabled and, if required, contact the appropriate agency in accordance with the Texas law.

CREI provides a written notification of available resources, rights, and options to each individual reporting discrimination, harassment, or retaliation (whether the offense occurred on or off campus) regardless of whether the individual chooses to report the incident to local law enforcement or chooses to pursue informal or formal remedies through the university or criminal remedies through law enforcement. The written notification includes information regarding:

- the importance of preserving physical evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order;
- procedures about how and to whom the alleged offense should be reported;
- the option to notify proper law enforcement authorities including on-campus and local police;
- the option to be assisted by campus authorities in notifying law enforcement if the victim chooses;
- the option to decline to notify such authorities;
- the rights of individuals and the institution's responsibilities for orders of protection, no contact orders (mutual no contact restrictions), restraining orders, or similar lawful orders issued by criminal, civil, or tribal court or the institution;
- information about how the institution will protect confidentiality;
- existing on-campus and community resources/contacts (counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to students, faculty, and staff);
- the options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or supportive/protective measures;
- protection from retaliation; and

⁶ An individual who has been alleged to have engaged in discriminatory conduct as defined in this policy.

- an explanation of procedures for institutional disciplinary action in cases of alleged sexual assault, dating violence, domestic violence, and stalking.

Guidelines or Suggestions to Follow After an Incident of Sexual Assault, Dating Violence, Domestic Violence or Stalking (as applicable to the specific incident)

- Go to a safe place as soon as you can.
- Contact the Police Department at 911.
- Get medical attention as soon as possible to make sure you are physically well and to collect important evidence in the event you may later wish to take legal action. Baylor Scott & White Hospital (254-724-2111) has a sexual assault program with trained Sexual Assault Nurse Examiners (SANE) and a forensic unit offering detailed physical examinations, evidence collection, and expert testimony. Go to the hospital's emergency room and request to be seen by a SANE.
- Try to preserve all physical evidence. Do not wash, use the toilet, swim, brush teeth, or change clothing if you can avoid it. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag.
- In cases of sexual assault, domestic violence, dating violence, and stalking, preserve evidence by saving text messages, instant messages, social networking pages, communications, pictures, or other documents, if any, that would be useful to police or investigators.
- Personnel are available to help explain your options, give you information, and provide emotional support. Personnel include: CREI 979-458-8407; Student Assistance Services 979-845-3113; Deer Oaks Student Assistance Program counseling services 1-866-329-4148; other providers for School of Medicine students: Linda Chupik, LMFT (254-773-4022, ext. 204), Frank A. Pugliese, Ph.D. (254-774-8272), Scott & White Mental Health Clinic (254-724-1184); TPD Victim's Assistance Program 254-298-5678; TAMHSC Employee Assistance Program (Work/Life Solutions Program by GuidanceResources) 1-866-301-9623; and the Bell County Victim's Services Division 254-933-5235.

Medical Treatment (as applicable to the specific incident)

It is important to seek immediate and follow-up medical attention for several reasons: first, to assess and treat any physical injuries sustained; second, to test for sexually transmitted infections or pregnancy and treat or take preventive measures; and third, to gather and preserve evidence that may assist in proving that the alleged criminal offense occurred or is occurring or may be helpful in obtaining a protective order. Physical evidence should be collected immediately, ideally within the first 24 hours. It may be collected later than this, but the quality and quantity of the evidence may be diminished. If individuals do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infection.

Confidentiality/Privacy

Students and employees have the option to disclose incidents to confidential reporters who are employees designated or permitted by the university to receive complaints of discrimination, harassment, retaliation, and complicity and maintain confidentiality. Confidential reporters include, but are not limited to, licensed health care personnel and certain mental health providers (professional psychologists/counselors) who receive reports when acting the course and scope of their employment as part of their official employment. When an individual shares information with a confidential reporter, the confidential reporter cannot legally disclose the communication to another person or the institution except under very limited circumstances. Such information could be disclosed when: (1) the individual gives written consent for its disclosure; (2) there is a concern that the party poses an imminent danger to themselves or others; (3) the information concerns

conduct involving suspected abuse or neglect of a minor under the age of 18, the disabled, or the elderly; or (4) required by law.

Confidential reporters are required to provide general nonidentifying information as required to comply with the Clery Act or other applicable laws/regulations, and must report de-identified statistics to the Title IX Coordinator for any type of sex-based incident made known to them, and may not include any information that would violate that person's expectation of privacy. Publicly available recordkeeping, including Clery Act reporting and disclosures, must not include personally identifying information⁷. Incidents are shared in a way that does not identify the individuals. For example, licensed healthcare providers share de-identified information regarding conduct that may be a statistic in the Clery Annual Security Report and/or disclosed in the daily crime log without identifying the individuals concerned. Additionally, researchers are deemed confidential only when the research project is federally funded and the identity of research subjects on the specific project are deemed confidential by law.

Confidential mental health counseling services are provided to students at TAMHSC Temple through the Deer Oaks Student Assistance Program (1-866-329-4148) who provides students off campus counseling. Additional mental health counseling contacts for School of Medicine students include: Linda Chupik, LMFT (254-773-4022, ext. 204), Frank A. Pugliese, Ph.D. (254-774-8272), Scott & White Mental Health Clinic (254-724-1184). The TAMHSC Employee Assistance Program - Work/Life Solutions Program by GuidanceResources (1-866-301-9623) is a confidential mental health counseling service available to employees and the employee's benefits-eligible dependents. Currently enrolled students at the School of Medicine in Temple can access student health services at the Scott & White Westfield Clinic (254-742-7400).

Additionally Texas A&M University offers its students My SSP @ TAMU (1-866-408-2828) for immediate, 24/7 professional counseling via phone call, chat, or an option to schedule multiple sessions with a consistent counselor for short-term treatment. Instructions to access the My SSP @ TAMU app are found here <https://caps.tamu.edu/myssp/>.

All other employees informed of possible discrimination, harassment, retaliation, and/or complicity should advise the reporting party that they cannot keep the information confidential and are required to report it to the university. Employees should inform the reporting party where confidential guidance can be obtained, such as the student counseling center or employee assistance program. To the extent possible, the university will protect the privacy of all parties to the report (see definition of private⁸).

Employees receiving a complaint under this policy may not disclose the identity of the complainant to any law enforcement authority unless:

- expressly authorized by the complainant;
- imminent threat to health or safety exists; or
- required by law.

⁷ Personally identifying information is defined as individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, regardless of whether the information is encoded, encrypted, hashed, or otherwise protected, including a first and last name; a home or other physical address; contact information (including a postal, email, or internet protocol address, or telephone or facsimile number); a social security number, a driver's license number, passport number or student identification number; and any other information, including date of birth, racial or ethnic background, or religious affiliation that would serve to identify any individual.

⁸ Private - that which affects, characterizes, or belongs to an individual person, as opposed to the general public. With respect to this regulation, private means restricting information to those with a reasonable need to know.

Requests from complainants to withhold any name, or a request not to investigate or seek action against the respondent, will be considered by the university in the context of the university's duty to provide a safe and nondiscriminatory work, educational, and campus living environment. This may require that the university take actions when the complainant requests no action, such as when violence is involved, when the threat of violence exists, or when required by law, as in the case of elderly, disabled, or child abuse. A request to withhold information or not to investigate the alleged misconduct may limit the university's ability to respond.

Although individuals reporting sexual assault are not required to file criminal charges, the following program is offered in the State of Texas. In accordance with the Texas Code of Criminal Procedure, Chapter 57, when reporting certain sex offenses to a Texas law enforcement agency, victims may use a pseudonym to protect their identity. The offenses applicable to this program are identified in Chapter 62 of the Texas Code of Criminal Procedure, defined by the Texas Penal Code, and include sexual assault. The pseudonym will replace the victim's name in all public files and records concerning the offense, including police records, press releases, and records of judicial proceedings.

Resources, Rights, and Options for Victims

Following an allegation of sexual assault, dating violence, domestic violence, stalking, and/or related retaliation the complainant, the respondent, and other affected individuals have certain resources, rights, and options available to them. Parties with an inquiry or complaint are informed of resources, rights, and options in writing when CREI receives notification of an incident whether it occurred on or off campus and regardless of whether the individual elects to pursue a criminal complaint or disciplinary measures. Other personnel likely to receive reports of conduct prohibited by this policy in the Division of Student Affairs and the Division of Human Resources and Organizational Effectiveness may also provide resources, rights, and options in writing. Available assistance is also covered through prevention and awareness education and can be found on the Title IX webpage at <https://titleix.tamu.edu/get-help/>. Additional information about any of the resources, rights, and options discussed in this section can be requested from CREI.

In addition to the Case Managers at CREI, the following are on-campus and community resources available to complainants, alleged offenders, and others.

Institutional Rights and Options (Supportive Measures)

The institution is obligated to offer and provide assistance to students, employees, and third parties in obtaining a range of supportive measures. Supportive measures are intended to restore or preserve equal access to the workplace and educational programs or activities without unreasonably burdening the other party; stop and prevent the reoccurrence of discrimination, harassment, and/or retaliation; and support the complainant and respondent during the investigation and resolution process. Supportive measures are non-disciplinary, non-punitive individualized services. Supportive measures are offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent.

In all complaints of discrimination, harassment, and/or retaliation, CREI promptly contacts the parties to discuss the availability of supportive measures, considers the parties' wishes with respect to supportive measures, informs the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explains to the complainant the process for filing a formal complaint. The university must maintain the privacy of any supportive measures provided to the complainant or respondent to the extent that maintaining such privacy would not impair the ability of the university to provide supportive measures.

CREI is responsible for coordinating the effective implementation of supportive measures. In addition to facilitating supportive measures, CREI can provide parties with access to university officials with information about counseling, medical, mental health, victim advocacy, visa and immigration information, impact of a leave of absence on student financial aid, and other services available to complainants and respondents (on campus and in the community). CREI will also notify the parties that options such as protective orders and criminal trespass warnings may be available through law enforcement agencies and the judicial system. A party may request a supportive measure through CREI (979-458-8407) at any time, regardless of whether a formal complaint has been filed and regardless of whether the individual chooses to report the incident to law enforcement or pursue disciplinary remedies.

CREI can assist with supportive measures that may include but are not limited to changes to academic, living, transportation and working situations or supportive measures according to the list below. In determining which supportive measures to impose and the reasonableness of the related measures, CREI considers the request; the safety of the complainant, respondent, and the university community; the specific needs of the individuals; the severity or pervasiveness of the allegations; continuing effects; sharing of residence halls, dining halls, classes, transportation, or job locations; other judicial measures already in place; and other factors as appropriate. The university also provides reasonable supportive measures to third parties as appropriate and available, taking into account the role of the third party and the nature of any contractual relationship with the university. Parties seeking a supportive measure should discuss their options with their CREI case manager.

Supportive measures provided by the institution vary and may include, but are not limited to, the following:

- Assistance in obtaining access to medical, mental health, legal (protective orders and criminal trespass warnings available through law enforcement and the judicial system), counseling support, victim advocacy, visa and immigration information, and financial aid guidance
- Extension of deadlines or other course-related adjustments, e.g., in cases in which a student complainant and student respondent are enrolled in the same course, either student may elect to drop the course without any academic penalty
- Modifications of work or class schedules
- Campus escort services
- Mutual no contact restrictions between the parties as described below
- Changes in work or housing locations
- Leaves of absence
- Increased security and monitoring of certain areas of campus or workplace
- Other similar measures

Mutual No Contact Restriction: A mutual no contact restriction is a supportive measure issued by the institution that prohibits two parties from contacting one another through any means. Mutual no contact restrictions can be issued in addition to court ordered protection but may also serve as an alternative for those who do not want to seek a court order. A complainant or a respondent can request a mutual no contact restriction through the CREI at 979-458-8407. CREI may issue a mutual no contact restriction at any time prior to or during a

conduct investigation based on information provided by the requestor. If good cause for a mutual no contact restriction is determined, both parties are notified of the restrictions in writing. Mutual no contact restriction records are maintained in CREI's tracking system.

Individuals should be aware that direct contact, refusal to leave a protected area, appearing at a location one reasonably knows the protected party is at, third-party contact, or even an anonymous contact are all potential violations of a mutual no contact restriction. Violations should be reported to CREI and may result in further disciplinary action. Failure to comply with the terms of supportive measures such as mutual no contact restrictions may be considered a separate violation of system policies and regulations and university rules and procedures.

CREI will also consider an interim removal of the respondent from university programs or activities if the respondent is an immediate threat to the health or safety of the community or another individual. Both an interim removal for student respondents and an interim administrative action for employee respondents, such as a leave of absence, are described below.

Interim Removal of Students: A student may not be expelled or suspended prior to a decision of responsibility for a violation(s) of a university rule, policy, regulation, code, or SAP except as provided below.

The Dean of Student Life may remove a student from an education program or activity on an emergency basis only after an individualized safety and risk analysis has determined that the student is an immediate threat to the physical health or safety of any other student or individual arising from the allegations. The Dean of Student Life must provide the removed student with notice and opportunity to challenge the decision immediately following the removal. Upon being removed, the removed student must be granted the opportunity for a hearing within 5 business days to review whether or not the removal is warranted. The outcome of this hearing is not subject to appeal and is not a disciplinary action.

The Dean of Student Life works in collaboration with appropriate TAMHSC administrators to implement the interim removal. During the interim removal, a student may be denied access to campus housing and/or the campus (including classes) and/or all other university activities or privileges for which the student might otherwise be eligible.

The interim removal does not replace the investigation and resolution process. The investigation and resolution process shall proceed as outlined in this policy, except that the timelines referenced in this policy may not be followed and the allegations will be resolved as soon as possible.

Interim Administrative Actions for Employees: In accordance with university rules and SAPs, CREI may request that an employee be placed on leave, suspended with pay, reassigned and/or place in another type of temporary status pending completion of the investigation and resolution process. CREI may also issue interim restrictions to an employee, which include, but are not limited to, contact restrictions (no-contact directives); representation of the university; "no trespass" orders, etc. Such interim actions will remain in place as specified in a notification to the employee or until the allegations are resolved.

Confidentiality/Privacy of Accommodations and Supportive Measures: The university will maintain as private any accommodations or supportive measures provided to the extent that maintaining such privacy would not impair the ability of the institution to provide the accommodations or supportive measures. CREI is responsible for determining what information and to whom information will be disclosed based on the circumstances of the allegation, the individuals involved, and related safety needs. CREI uses discretion and

only discloses information to key officials at the institution who perform the tasks necessary for obtaining or providing the particular accommodation or supportive measure. The identity of an alleged victim of sexual harassment, sex-based misconduct, sexual assault, dating/domestic violence, or stalking may only be disclosed to: (a) persons employed or under contract with the institution, who are necessary to conduct an investigation of the report or any related hearings; (b) a law enforcement officer as necessary to conduct a criminal investigation of the report; (c) the person or persons alleged to have perpetrated the incident, to the extent required by other law; or (d) potential witnesses to the incident as necessary to conduct an investigation of the report. Other areas receiving information related to supportive measures may include, but are not limited to: Student Affairs, University Housing and Residence Life, Parking and Transportation Services, Athletics, Student Financial Aid, Student Activities, Human Resources, academic departments (direct supervisor, Dean, or Associate Dean), or non-academic departments (direct supervisor, Vice President, or designee). Prior to disclosure, CREI will receive consent to disclose the identity of the alleged victim, inform the individual of the information that will be shared, with whom it will be shared, and why.

Legal Rights and Options

The institution provides information and assistance to the complainant, the respondent, and other affected individuals in obtaining lawful orders issued by a criminal, civil, or tribal court including protective orders and criminal trespass warnings as discussed below. Failure to comply with any of the terms of lawful supportive measures may be considered a separate violation in the institutional disciplinary proceeding.

Protective Orders: Individuals may apply for protective orders through the Texas criminal justice system. A protective order is a supportive measure that requires the recipient to stay away from the protected individual's home, workplace, and/or children's schools (if the children are protected persons in the order) depending on the documented circumstances. It can require the recipient to stop communicating with the protected individual in a harassing or threatening manner, attend counseling, pay child support, and/or pay spousal support. An application for a protective order may be filed by an individual, a prosecuting attorney, or the Texas Department of Family and Protective Services (1-800-252-5400) on behalf of an individual. The application is obtained through the county attorney (Bell County District Attorney's Office - Victim Services Division, 254-933-5235) or a private attorney. More information can be found at the following webpage: http://www.bellcountytexas.com/county_government/district_attorney/victim_services_division.php

The application for a protective order must be filed in either the county where the applicant lives or the county where the recipient lives. The applicant's address can be kept confidential. If the legal criteria for a protective order is met, the county or district attorney's office will prepare and file all of the paperwork necessary to request a protective order from a court. Such orders provide effective tools for law enforcement when they are called upon to protect an individual and their family. Additionally, an emergency protective order may be recommended and automatically issued by the court following the original report and arrest of the respondent. A hearing is held at a later date to determine if the order should be extended or modified.

Local law enforcement agencies are notified of protective orders that exist in their area. If the requestor or other institutional personnel become aware that a protective order is violated, local law enforcement should be contacted immediately. Baylor Scott & White Security (254-724-2344) can assist with this process. Responding agencies can be contacted for protective order violations including TPD (254-298-5500) or the Bell County Sheriff's Department (254-933-5412). Violating protective orders generally carry authority for the violator's immediate arrest.

Criminal Trespass Warning: A criminal trespass warning is a supportive measure issued by the TPD directed at those who are considered a danger to the campus community or a danger to a certain individual in the campus

community. The warning advises the respondent to leave the premises and forbids him/her from entering and/or remaining on certain property which can cover either the entire campus or a specific campus location. To request a criminal trespass warning, contact TPD at 254-298-5500 and request to speak with an officer. The officer issues the criminal trespass warning if the respondent is determined to pose a risk to campus safety based on information provided by the requestor as it relates to applicable state law. When the warning is issued, the officer is responsible for providing notice to the requestor and the person receiving the warning.

Law enforcement officers are notified of criminal trespass warnings that exist in their area. If a criminal trespass warning is violated, TPD should be contacted immediately at 254-298-5500. A violation of the criminal trespass warning occurs when the individual is issued a warning but refuses to leave campus or is subsequently found in a prohibited area based on the trespass warning. The requestor and other institutional personnel should take appropriate action by contacting TPD for a responding officer when they become aware of a potential violation of a criminal trespass warning. TPD generally enforces these warnings by charging violators with criminal trespass resulting in arrest and/or fine.

If the complainant, alleged offender, or member of the university community has obtained an order of protection, civil no-contact order, or similar order from a court as described in this section, against another member of the university community, the order should be provided to the official contact or designee. In conjunction with the TPD and other university officials, the official contact or designee will take all reasonable actions authorized by law to implement the order.

Other Legal Options: The TPD Victim's Assistance Program (254-298-5678) and the Bell County Victim Services Division (254-933-5235) are available to provide information about personal safety, Texas Crime Victim's Rights, Texas Crime Victims Compensation Fund and other information upon request. Or visit the Office of the Texas Attorney General's website at <https://www.texasattorneygeneral.gov/cvs/crime-victims-compensation>.

Investigations and Disciplinary Proceedings¹⁰ for Sexual Assault, Dating violence, Domestic Violence, and Stalking

Proceedings from an allegation of sexual assault, dating violence, domestic violence, or stalking are provided in a prompt, fair, and impartial manner from the initial investigation to the final result, including any appeals. They are consistent with the institution's policies and transparent and equitable to the complainant and respondent. The investigation provides that:

- Both the complainant(s) and the respondent(s) must receive equitable treatment in all facets of the investigation and resolution process including, but not limited to, the right to an advisor (if any), the right to present evidence and witnesses, and the right to be informed of the outcome of the investigation.
- Timely and equal access to any information (inculpatory and exculpatory) discovered during the investigation as well as any information that will be used during informal and formal disciplinary meetings and hearings will be provided to the complainant, respondent, and appropriate officials.
- During the investigation the complainant and respondent have timely notice of meetings at which the complainant or respondent, or both, may be present.

¹⁰ For the purposes of this section, proceeding means all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and the complainant, the respondent, and other affected individuals concerning accommodations or protective measures to be provided to a victim.

- Determinations use the preponderance of the evidence standard, i.e., what is more likely than not to be true, based on the totality of the available evidence.
- If the respondent has multiple roles at the university, such as when the respondent is both a student and an employee, the Chief Risk, Ethics, and Compliance Officer will consult with other relevant university officials and determine which procedure(s) to follow in the investigation and resolution of the allegations of prohibited conduct as well as other policy violations. The Chief Risk, Ethics, and Compliance Officer will consider the known facts and circumstances, including which role predominates in the context of the prohibited conduct.
- The university's disclosure of information related to an investigation, the DA's decision and/or the sanctions rendered are governed by the provisions of the Family Educational Rights and Privacy Act (FERPA), the Texas Public Information Act (TPIA), the Texas Education Code Section 51.971, and other applicable confidentiality laws.

Individuals conducting investigations and other decision makers, at a minimum, receive annual training on the issues related to sexual assault, dating violence, domestic violence, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. All of those involved in the administration of civil rights complaints at the university (including but not limited to: reporting, administering, investigating, adjudicating, advising, and informal resolution) complete annual training specific to their roles in accordance with requirements established by SECO in [System Regulation 08.01.01, Appendix B, Minimum Training Requirements for Civil Rights Investigations, Advisement, Adjudication, Appeals, and Informal Resolution in The Texas A&M University System](#). Minimum training requirements include university rules and procedure, applicable federal and state laws, how to conduct comprehensive civil rights investigations and prepare reports, trauma-informed investigation techniques and considerations, due process protections, how to value and weigh evidence and assess credibility, sanctioning, appellate processes, etc.

If an employee reasonably believes that an incident constitutes sexual harassment, sexual assault, dating violence, domestic violence, or stalking and that the incident is alleged to have been committed by or against a person who was a student enrolled at or an employee of the institution at the time of the incident, the employee must promptly report the incident to CREI. Students and third parties (including, but not limited to, anyone receiving services from the university, vendors and private business associates) are strongly encouraged to report the incident(s) promptly to CREI. An employee is not required to report an incident in which that employee was a victim of the sexual harassment, sexual assault, dating violence, domestic violence, or stalking. Once an individual discloses information to CREI, a complaint will be considered to be made with the university, and the institution's process is initiated regardless of whether the complainant chooses to pursue criminal charges.

Complaints are initially reviewed by CREI, not only to assess and address safety, but also to determine whether a violation of the System Regulation 08.01.01 and/or Rule 08.01.01.M1 and/or any other university rule, SAP, code, or policy could have occurred. During the initial review and preliminary assessment CREI will:

- Inform the complainant about options for formal and informal resolutions and solicit the complainant's preferred method for resolving the matter. Complainants may request a formal resolution, an informal resolution, or "no resolution" of the allegations of discrimination, harassment, retaliation, and/or complicity.

- Offer assistance to the complainant in submitting a written formal complaint¹¹ that details the nature and circumstances of the allegations, including the names of the complainants and respondents, if so inclined.

No Resolution

If the complainant requests that no resolution of the allegations occur, the university will seek to honor the request whenever possible without impeding the university's ability to enhance the safety and security of the complainant and the university community. The university may initiate an investigation based on the seriousness of the allegation, whether or not there are multiple allegations, and/or whether or not a respondent poses a risk of harm to others. CREI will consider the following factors when evaluating such requests:

- All of the known circumstances, including any corroborating evidence;
- The nature and scope of the alleged conduct, including whether the reported behavior involves the use of a weapon;
- The respective ages and roles of the complainant and respondent;
- Whether there have been other reports of prohibited conduct or other misconduct by the respondent;
- Whether the report reveals a pattern of misconduct related to prohibited conduct (e.g. via illicit use of drugs or alcohol) at a given location or by a particular group;
- Fairness considerations for both the complainant and the respondent;
- Whether the university possesses other means to obtain relevant information and evidence;
- The university's obligation to provide a safe and non-discriminatory environment;
- Admissions of responsibility by the respondent, if any; and
- The impact of honoring the request on the complainant and the university community, including the risk of additional violence.

If the university is able to honor the complainant's request for no resolution, the university may close the matter with no action taken, or the university may proceed with other appropriate steps, including investigation and disciplinary action against the respondent for violations of other rules, SAPs, regulations, policies, or codes, if applicable.

If the university determines that the complainant's request cannot be honored, the complainant will be notified of the decision, and CREI will take appropriate actions, including but not limited to, (1) offering support services or academic adjustments and (2) initiating a formal investigation.

Informal Resolution

Informal resolutions do not utilize a formal hearing and may or may not involve the establishment of findings of fact and the application of sanctions.

At any time prior to the determination of a final decision, the parties may seek informal resolution to resolve the complaint. The following conditions apply to informal resolution:

- Informal resolution is a voluntary process. No party may be compelled to participate in informal resolution. The university, in consultation with SECO, must agree to allow an informal resolution to

¹¹A formal complaint is a document or electronic submission (such as by electronic mail or through an on-line portal provided for this purpose) filed by a complainant, or signed by the Title IX Coordinator, alleging sex-based discrimination against a respondent and requesting that the university investigate the allegation(s). The formal complaint must contain the complainant's physical or digital signature, or otherwise indicate that the complainant is the person filing the complaint. Alternatively, a Title IX Coordinator may sign a formal complaint but is not a complainant or otherwise a party to the complaint. The university may consolidate formal complaints as to allegations of sex-based violations against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, when the allegations of sexual harassment arise out of the same facts or circumstances.

move forward and must obtain the parties' voluntary, written consent to the informal resolution process.

- Prior to an informal resolution, the parties will be provided with: (a) written notice of the allegations; (b) the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; and (c) the consequences of withdrawing from the informal process and resuming the formal process, and including the records that will be maintained or could be shared.
- Once a party agrees to participate in informal resolution, they may withdraw from the process at any time prior to a final agreement and resume the formal grievance process. Information shared in the informal resolution process may not be introduced into the formal process without independent evidence.
- Once a final agreement is established through informal resolution, the complaint may not return to the formal complaint process unless one or both parties fail to abide by any conditions established in the agreement.
- Informal resolution options include mediation, restorative conferences, shuttle facilitation, and other forms of facilitated dialogue.
- Mediation may not be used to resolve complaints of rape, statutory rape, dating violence, domestic violence, or any case in which imminent threats of harm may exist.
- The university may not offer an informal resolution process in sex-based complaints unless a formal complaint is filed and may not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Formal Resolution

The allegations will be considered for investigation pursuant to the following procedures. CREI reserves the right to resolve the complaint informally or through no resolution if the allegation does not rise to the level of conduct prohibited by System Regulation 08.01.01.

Upon receipt of a report, CREI may consult with the Texas A&M University System Office of General Counsel (OGC) as needed and make a preliminary determination about whether to conduct a formal investigation of the allegations. The preliminary determination may include, but is not limited to, the following:

- An assessment of whether there is sufficient known or obtainable information to proceed with an investigation of the complaint;
- An assessment of whether the allegations are baseless;
- An assessment of whether the allegations, if true, would constitute a violation of System Regulation 08.01.01; and/or
- An assessment of whether a complainant's request for no resolution may be honored.

If it is determined that there is insufficient information to proceed with an investigation; or that the allegations are baseless; or that the allegations, if true, would not constitute conduct prohibited by System Regulation 08.01.01 and/or Rule 08.01.01.M1; or, that an investigation will not occur due to the complainant's request for no resolution, CREI may, after consultation with OGC:

- dismiss the complaint,
- close it for insufficient evidence to investigate or lack of jurisdiction,
- refer the report to a different office at the university (the university office may review the conduct and take appropriate action, including but not limited to, disciplinary action against the respondent for violations of other university rules, codes, regulations, policies, or SAPs, if applicable), or

- with the consent of the parties, as well as the approval of SECO, refer the complaint to informal resolution (cases involving allegations based on sex require the submission of a formal complaint before they may be referred to informal resolution).

CREI will notify the complainant of such action in writing. Complaints that have been dismissed or referred may be appealed in accordance with the appeal procedures section of this policy.

Once it has been determined that the university will proceed with a formal investigation, CREI will appoint the Investigative Authority (IA)¹² within 5 business days to initiate the process of determining whether a violation of System Regulation 08.01.01 or other university rule, SAP, code, or policy occurred.

The Assistant Vice President and Title IX Coordinator (or designee) shall simultaneously notify the complainant(s) and respondent(s) in writing of the commencement of the investigation. The notice of investigation will include:

- receipt of the complaint stating the allegation of a violation of this policy;
- interim supportive measures, if any;
- admonishments regarding cooperation and prohibiting retaliation;
- any informal resolution process that may be available;
- an unredacted version of the complaint to an employee respondent(s) and their advisor, if applicable, with admonishments regarding privacy; and
- the appointed IA, the appointed Designated Administrator, (DA) and Appellate Authority (AA).¹³

If in the course of an investigation the university decides to investigate allegations about the complainant or respondent that were not included in the original notice, the university must provide notice of the additional allegations to the parties.

If the respondent is an employee, the Assistant Vice President and Title IX Coordinator (or designee) shall notify, in writing, the respondent's supervisor that CREI is investigating an allegation that the respondent has engaged in conduct that may be a violation of System Regulation 08.01.01 and/or Rule 08.01.01.M1 or other university rules, SAPs, codes, or policies.

CREI is responsible for all administrative actions required to conduct the investigation. These include, but are not limited to, informing the parties of extensions or other delays affecting the investigation, contacting supervisors or faculty regarding their employees' or students' time away from work or class to participate in

¹² The IA is one or more trained individuals appointed to conduct a formal investigation to discover and examine the facts related to an allegation and conclude if, based on the preponderance of the evidence, the allegation is substantiated, unsubstantiated, or if there is insufficient information. In complaints involving allegations of sex-based behaviors, the IA will be limited to only reporting the evidence collected during the investigation, as well as issuing appropriate determinations surrounding credibility of parties, witnesses, and evidence.

¹³ The DA is the decision-making entity specified in university rules. This may be an administrator or a hearing officer/panel but may not include a person with a clear conflict of interest (e.g., supervisor, subordinate, and/or family member of either party) or personal bias. The role of the DA is to determine whether or not allegations of misconduct rise to the level of a violation of System Regulation 08.01.01 based on the evidence provided and utilizing the preponderance of the evidence standard. The DA cannot have served as an investigator nor may they later serve as an appellate authority in the same case. Title IX Coordinators may not serve as a DA in any case involving an allegation of discrimination or harassment based on sex. The AA is any individual or panel responsible for rendering appeal decisions as specified in university rules. The role of the AA is to review the process by which an original decision was reached and render an appellate decision, consistent with the grounds for appeal. Title IX Coordinators may not serve as an AA in any case involving an allegation of discrimination or harassment based on sex. All persons serving as DAs, AAs, and IAs will be impartial and free of conflicts of interest or bias for or against the complainant or the respondent. Parties who are concerned about the impartiality of an individual serving in one of these roles should submit their concerns, in writing, to the Chief Risk, Ethics, and Compliance Officer (civilrights@tamu.edu) who may designate alternative individuals to fulfill any of these roles.

the investigative process, making reports to university administrators, coordinating supportive measures, and undertaking any other tasks necessary to properly conduct the investigation.

The IA will review the complaint, conduct a prompt, fair, thorough, and impartial investigation. Abuse of the investigation and resolution process is prohibited and subject to disciplinary action up to and including dismissal or separation from the university. Examples of abuse of process include, but are not limited to:

- Failure to appear at a meeting, interview, hearing, or conference as set forth in a notice issued by CREI;
- Falsification, distortion, destruction, or misrepresentation of evidence or information;
- Disruption or interference with the orderly conduct of an investigation, interview, meeting, hearing or conference;
- Intentionally initiating or causing a false report to be initiated;
- Attempting to discourage an individual's proper participation in, or use of, the investigation and resolution process, disciplinary process, or legal process;
- Attempting to influence the impartiality of the IA, AA, or DA prior to, and/or during the course of the investigation and resolution process;
- Verbal or physical intimidation, and/or retaliation of any party to the investigation and resolution process prior to, during, and/or afterwards;
- Failure to abide by the terms of university administered sanctions;
- Influencing or attempting to influence another person to commit an abuse of the investigation and resolution process; and/or
- Failure to cooperate fully with the IA (applies to employees only).

Students, employees, and third parties who are found responsible for abuse of the investigation and resolution process are subject to the sanctions as described in this policy.

During the investigation, the complainant and the respondent will have an equal opportunity to be heard, submit information and corroborating evidence, identify witnesses who may have relevant information, and submit questions to be asked of the other party. Questions for the other party will be asked by and at the discretion of the IA. The IA will meet separately with the complainant, the respondent, and any witnesses, and will gather other relevant and available evidence and information. The IA may also consult medical, forensic, technological, or other experts when expertise is needed in order to achieve an understanding of the issues under investigation.

Witnesses must (1) have observed the acts in question, (2) have information related to or relevant to the incident, or (3) have information about impact, mitigation, aggravation, and/or character in order to participate in the investigation process.

Investigations provide both the complainant and respondent the same opportunities to have others present during any institutional proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor¹⁴ of their choice. The advisor may be present at any time in which the party participates in the investigation and resolution process, including the filing of the complaint, the interview with

¹⁴ An advisor is an individual selected by each complainant and respondent to provide guidance, support, or advice during the investigation and resolution process and to conduct cross-examination when a complaint is referred to a formal hearing. An advisor may be an attorney. The university may appoint an advisor of the university's choice for a complainant or respondent for a hearing if either party does not have an advisor present. Advisors may not otherwise represent or speak for the party they are advising. Each party is allowed one advisor, although the university may establish circumstances under which a second advisor would be permitted (e.g., accommodating a party with a disability).

the IA, and all other meetings related to the investigation and resolution of the complaint. A party may select any person to be an advisor, including legal counsel.

If the allegations are related to sexual harassment or sex-based misconduct, a party must have an advisor for the hearing to provide guidance and to conduct cross examination. If a party does not have an advisor for a hearing involving sexual harassment or sex-based misconduct allegations, the university will appoint an advisor for the party. To the extent reasonably possible, the university will provide a party without an advisor with a list of trained advisors and allow the party to select an advisor to be appointed from the list.

Restrictions regarding the extent to which the advisor will participate in the proceedings may be established and applied equally to both parties. In all instances, the advisor's participation will be limited to the role of an observer, except that the advisor will conduct the cross examination during a hearing on allegations of sexual harassment and sex-based misconduct. An advisor can be barred from being present during the investigation and resolution process if, in the judgment of the IA, the DA, the AA, or the Assistant Vice President and Title IX Coordinator, the advisor attempts to advocate on behalf of a party (other than cross-examination), or is otherwise disruptive. All parties, including advisors, are informed of participation restrictions before a proceeding is conducted so that parties understand and respect the limitations.

When the university is made aware that there is a concurrent criminal investigation, CREI may inform the law enforcement agency that a university investigation is also in progress; ascertain the status of the criminal investigation; and determine the extent to which any evidence collected by law enforcement may be available to the university in its investigation.

At the request of law enforcement, the university may temporarily defer part or all of the investigation until after the initial evidence-gathering phase of the law enforcement investigation is complete. The IA will communicate with the parties (as appropriate) about the law enforcement agency's request to the extent allowed by law; the university's obligations and supportive measures; procedural options; anticipated timing; and the implementation of any necessary interim measures for the safety and well-being of all affected individuals.

Standards for the resolution of criminal allegations are different than the standards for resolution of a violation of System Regulation 08.01.01 and/or any other university policy, rule, SAP, or code; therefore, the university will not base its decisions on any law enforcement determination and/or the outcomes of any criminal proceedings.

Within 30 business days, the IA will prepare an initial draft investigation report at the conclusion of the investigation and provide it to OGC for review. The initial draft investigation report includes the following but does not contain speculation, opinions, findings, decisions, or recommendations for sanctions¹⁵:

- statement of the allegation(s)
- listing of individuals interviewed including dates of the interviews
- all inculpatory evidence (evidence that would tend to support a finding that a respondent is responsible for the alleged misconduct) that is directly related to the allegations

¹⁵ The investigation report for a non-sex based civil rights complaint must also include the IA's conclusion, based on the preponderance of the evidence, whether or not the alleged behavior/conduct occurred, did not occur, or there was insufficient evidence to establish that the behavior occurred or not, but will not determine whether or not the behavior establishes a violation of system or university regulations or rules.

- all exculpatory evidence (evidence that would tend to support a finding that a respondent did not commit the alleged misconduct) that is directly related to the allegations
- credibility assessments which may not be based on an individual's status as a complainant, respondent, or witness
- listing of relevant documents attached to the report as exhibits

The IA has the sole discretion to determine the relevance of evidence and whether it should be included in or excluded from the investigation report. OGC will coordinate with SECO and provide its review of the initial draft investigation report to the IA within 10 business days.

The IA will have 5 business days to create a final draft investigation report and share that document electronically with both the complainant, respondent, and their advisors, if any. The university provides parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including the evidence upon which the university does not intend to rely in reaching a determination regarding responsibility, and inculpatory or exculpatory evidence related to the allegations whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. This includes sending to each party and the party's advisor, if any, the final draft investigation report (with exhibits) subject to inspection and review. Both the report and the collected evidence will be unredacted to the extent allowed by law.

The complainant and the respondent will be given 10 business days to review the final draft investigation report and evidence and submit a written response to the IA for the IA to consider prior to final completion of the investigative report. A party's response may include: (1) written comment or feedback; (2) additional evidence or information; (3) the names of additional witnesses or a request for the collection of other information by the IA; and/or (4) questions to be asked (at the discretion of the IA) of the other parties or witnesses. The IA must explain to the party proposing the questions any decision to exclude a question as repetitious or not relevant. A party's written response, if any, will be shared with all other parties and incorporated in the investigation report as an exhibit.

While it is the IA's responsibility to undertake a thorough search for relevant facts and evidence and to gather evidence sufficient to reach a determination regarding responsibility, the IA must conclude the investigation within a reasonably prompt time frames and without the power of subpoena.

At the conclusion of the review and respond period, the IA will determine if any new or relevant information was provided by one or both of the parties. If necessary, the IA may pursue additional investigative steps and/or amend the final draft investigation report. The IA will have 10 business days to complete this process.

The IA will then have 5 additional business days to prepare a final report (as amended, if applicable), and forward it along with exhibits, responses from the parties, and other information directly related and relevant to the allegations, to OGC and SECO for legal review. OGC and SECO will then have 5 business days to provide feedback to IA. The latter review provided by OGC and SECO may be waived by mutual agreement between the university and OGC/SECO if no substantive changes were made following the initial review. After receiving the legal review, the IA will have 5 business days to finalize the investigation report and submit to the DA for decision-making and sanctions.

Circumstances may warrant extensions to the time frames in this section. The IA should send an extension request, if needed, to CREI. Both the complainant(s) and the respondent(s) are notified of any extensions in writing.

The respondent is presumed to not have engaged in prohibited conduct until the DA finds that there is sufficient evidence based on a preponderance of the evidence to find that the respondent has violated System Regulation 08.01.01 and/or Rule 08.01.01.M1. If violation(s) are found, the DA may issue sanctions.

Procedures governing the resolution of all sexual harassment and sex-based misconduct allegations

The university's Chief Risk, Ethics, and Compliance Officer will appoint a university official and/or a hearing officer to be the DA. The university official and/or hearing officer will render decisions in cases with allegations against employees, third parties, and students¹⁶.

The DA will review the unredacted final investigation report, the documentary evidence, the record of the hearing (if applicable), and any other relevant information. The DA or designee will provide the final investigative report and exhibits to the parties. The parties will also be provided a pre-hearing conference to review the hearing process as well as to explore any available options for informal resolution. The parties have at least 10 business days to review the final investigative report and to respond in writing to the DA (if desired) prior to the hearing. The DA has the sole discretion to determine the relevance of evidence and whether it should be heard at a hearing. The Rules of Evidence do not apply in hearings. At any time prior to the adjudication of a formal complaint, the parties may seek informal resolution to resolve the complaint.

Unless waived by the parties, following the pre-hearing conference the parties will be given a minimum of 5 business days' notice of any formal hearing. The notice must include the date, time, and location of the hearing, as well as instructions for those participating in hearings through online means.

The DA will conduct a live hearing¹⁷ to allow the parties to question witnesses, submit evidence or information, and to allow the DA and the parties' advisors to cross-examine other parties or witnesses. The complainant and the respondent at a hearing must have an advisor with them. In cases in which a party does not have an advisor, the university will provide a trained advisor to assist them in the hearing process.

Cross-examination of the complainant, respondent, and any witnesses may not be conducted by the opposing party but must be conducted by their advisor. Questions are to be directed to the DA, who will determine whether or not each question will be admitted into the hearing. If a question is deemed repetitious or not relevant, the decision-maker must explain the decision to exclude it. When parties are being subject to cross-examination, the advisor may not answer on behalf of the party.

The DA will preside over the hearing and make final determinations on the relevance of questions and evidence asked during the cross-examination. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the alleged conduct, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The DA cannot draw an inference regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

¹⁶ Exceptions: The chancellor or designee will serve as the DA in complaints against the Texas A&M President or an employee who reports directly to the Texas A&M President; a Chief Operating Officer or an employee who reports directly to the Chief Operating Officer; or an employee who works in the department of CREI. The chair of the Board of Regents or designee will serve as the DA in complaints against the chancellor or an employee who reports directly to the chancellor.

¹⁷ Hearings will be closed to the public. The university will create an audio or audiovisual recording, or transcript, of any live hearing and make it available to the parties for inspection and review. Physical access to the recording or transcript must be provided upon request for the purpose of preparing an appeal following the hearing. Attendance at a hearing may be in person or may be conducted through remote means, provided that all parties and the DA can see and hear one another in real time during the course of the hearing.

Following the hearing, the DA will develop a draft result¹⁸ (hereafter called decision), based on the preponderance of the evidence, as to a) whether or not the alleged conduct occurred; and b) whether each allegation is substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01 and/or Rule 08.01.01.M1. If applicable, the DA will also include a decision as to whether the respondent violated any other university regulation, code, policy, SAP, or rule. If the DA determines that any regulations, policies, rules, SAPs, or codes have been violated, the DA will consider any information about impact, mitigation, aggravation, and the respondent's character (see factors listed in the Sanctioning Considerations section) and include a decision about sanctions. The DA will submit the draft to SECO within 2 business days. SECO will have a maximum of 3 business days to provide feedback to the DA.

Thereafter, the DA will have a maximum of 3 additional business days to issue a decision letter. The decision letter must be sent simultaneously to notify the parties, in writing, of the decision on responsibility and sanctions except when to do so would violate state or federal law [e.g. Family Education Rights and Privacy Act (FERPA)]. The decision must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, the decision letter must include the rationale for the decision and the sanctions¹⁹. The decision will include information about appealing the decision and/or sanctions.

Decision letters must include (1) identification of the allegations; (2) a description of the procedural steps taken from the receipt of a formal complaint through determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held, if any; (3) a finding for each allegation as to whether the conduct occurred and findings of fact supporting the determination; (4) conclusion regarding the application of the university's conduct standards to the facts; (5) a statement of, and rationale for, the result as to each allegation including a determination regarding responsibility (substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01 and/or Rule 08.01.01.M1), any disciplinary sanctions the university imposes on the respondent, and whether remedies designed to restore or preserve equal access to the university's education program or activity will be provided by the university to the complainant, and; (6) the university's procedures and permissible bases for the complainant and respondent to appeal the decision and/or sanctions. If it was alleged that any other system regulations or university rules, SAPs, codes, or policies were violated, there will be a statement of responsibility as to these allegations as well. The decision on responsibility made by the DA does not constitute an employment action with respect to faculty and non-faculty employees. Any sanction against an employee, imposed as a result of a substantiated finding, will constitute an employment action.

If for any reason there is reasonable cause for the university to delay the issuance of the decision letter, this will be communicated to the parties by the DA or designee. If a student respondent withdraws or graduates from the university pending the resolution of a complaint, the process will continue and, the university will not issue a transcript on behalf of the student until the conclusion of the process.

Upon request by another postsecondary educational institution, the university must provide to the requesting institution any determination that a student violated the university's code of conduct by committing sexual

¹⁸ Result is defined as any initial, interim and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanction imposed by the institution.

¹⁹ The decision of the DA will include how the university weighted the evidence and information presented during the hearing, how the evidence and information support the decision and sanctions, and how the standard of evidence was applied.

harassment, sexual assault, sex-based misconduct, dating violence, domestic violence, and/or stalking based on sex.

The goal is to resolve complaints in a reasonably prompt timeframe; however, extenuating circumstances requiring additional time may necessitate an extension for good cause. Written notice of the delay and the reason for the delay is provided to the complainant and the respondent by CREI or designee.

Procedures governing the resolution of all other civil rights complaints (pay disparities and/or program inequities, excluding hostile environment, and allegations other than sexual harassment and sex-based misconduct)

Following are the resolution procedures for pay disparities and/or program inequities, excluding hostile environment, and non sex-based complaints based on race, color, religion, national origin, age, disability, genetic information, and/or veteran status. When a complaint involves allegations of misconduct that involve both sex-based allegations and allegations of other civil rights violations, the process shall be conducted under the requirements established for sex-based offenses.

The DA will review the unredacted final investigation report (see footnote 15), the documentary evidence, and any other relevant information. If the DA has substantial doubts about the thoroughness, fairness, and/or impartiality of the investigation, the DA may refer the matter back to the IA with further instructions, which could include the appointment of a different IA. At any time prior to the adjudication of a formal complaint, the parties may seek informal resolution to resolve the complaint.

The DA will develop a draft decision (see footnote 18), based on the preponderance of the evidence, as to a) a finding for each allegation as to whether conduct occurred; and b) a finding of responsibility for each allegation: substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01 and/or Rule 08.01.01.M1. If it was alleged that any other system regulations or university rules, SAPs, codes, or policies were violated, there will be a statement of responsibility as to these allegations as well.

The DA will submit the draft decision to OGC within 5 business days after receiving the final investigation report and consult, as needed, with respect to sanctioning. OGC will coordinate with SECO and provide its review of the draft decision within 5 business days. For a complaint against a student, it may be impractical for OGC to review the intended decision prior to issuance by the DA. Universities are therefore exempt from obtaining OGC review of the decision, for student complainants, prior to issuance but may request assistance from OGC and SECO when needed.

The DA will have 5 business days to finalize the decision and simultaneously notify the parties, the IA, and any other university official with a need to know, in writing, of the decision and sanctions. In cases in which the allegations are substantiated, the final decision will also be provided to an employee respondent's supervisor. The decision must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, in the decision, the DA will state the rationale for the decision and the sanctions, if any (see footnote 19). The final decision will include instructions for appealing the decision and/or sanctions.

Circumstances may warrant extensions to the time frames in this section. The DA should send an extension request, if needed, to the office or individuals who appointed them. Both the complainant(s) and the respondent(s) should be notified of any extensions in writing.

Sanctioning Considerations

In determining appropriate sanctions, many factors may be considered. Factors include, but are not limited to:

- the expressed wishes of the complainant(s),
- the nature of the conduct,
- the impact of the conduct on the complainant(s) and university community and the need to protect the safety of the university community,
- prior disciplinary history of the respondent,
- whether the respondent has accepted responsibility for the conduct,
- the necessity of any specific action in order to eliminate the discrimination, harassment, and/or retaliation and prevent its recurrence, as well as the need to remedy its effects on the complainant(s) or other university community members, and/or
- any other mitigating, aggravating, or compelling circumstances.

Sanctioning for Employees

If an employee is found to have engaged in sexual harassment or sex-based misconduct, the sanction will be termination of employment. If an employee is found to have engaged in conduct prohibited by System Regulation 08.01.01 and/or Rule 08.01.01.M1 (other than sexual harassment and/or sex-based misconduct), the DA may assign appropriate sanction(s) which may have educational, restorative, punitive, and rehabilitative components. Sanctions include written warning or reprimand, required training and/or attendance at counseling, no contact directives, probation, suspension, and termination.

If an employee is found responsible for violating any other rule, policy, SAP, code, or regulation, the DA may assign appropriate sanction(s) or may refer the sanctioning to any other appropriate university administrator.

Sanctioning for Students

If a student is found responsible for sexual harassment or sex-based misconduct, the student will be sanctioned in accordance with the [Texas A&M University Title IX Cumulative Student Sanctioning Matrix](#) which is described in the following table. Behavior examples identified in the table are not intended to represent an exhaustive listing of sexual harassment or sex-based misconduct. If a student is found responsible for engaging in any other form of conduct prohibited by System Regulation 08.01.01 or Rule 08.01.01.M1, or if the student is found responsible for violating any other university rule or System regulation, the DA will assign appropriate sanctions which may have educational, restorative, and rehabilitative components and/or may place a student in a probationary or review status or separate the student from the university.

The Stage 4 sanction is expulsion. The Stage 3 sanction is suspension. The Stage 2 sanction is conduct probation. Stage 1 sanctions include conduct reviews, restrictions, restitution, community/university service, educational requirements, and letters of reprimand. Texas A&M University sanctions are defined below.

Texas A&M Student Sanctioning Matrix - Stage 4 Sanctions

Expulsion: Separation of the student from the university whereby the student is not eligible for readmission to this University.

Texas A&M Student Sanctioning Matrix - Stage 3 Sanctions

Letter of Enrollment Block: A letter stating that the student may not reenter Texas A&M University without prior approval through CREI, the Offices of the Dean of Student Life, or the Vice President for Student Affairs (in collaboration with appropriate TAMHSC administrators) if enrollment has been blocked for a previous student conduct problem.

Suspension: Separation of the student from the university for a definite period of time. The student is not guaranteed readmission at the end of such period of time, but is guaranteed a review of the case and a decision regarding eligibility for readmission. The suspension takes effect when the appeal for the offense is exhausted, waived or time limit has passed. Suspensions may be implemented in one of two ways: immediate implementation of suspension or deferred implementation of suspension. The sanction of suspension may be placed in deferred status. If the student is found in violation of any university's regulations, policies, rules, codes, or SAPs during the time of deferred suspension, the suspension takes effect immediately without further review.

²⁰ Predation is an intent to engage in acts of misconduct prior to its occurrence, demonstrating premeditation, planning or forethought. Predation is reflected in communicated intent (physical, verbal, visual, or written), threats directed at a party, attempts to incapacitate a party, attempts to isolate a party, utilizing physical force or violence, or other actions that a reasonable person would construe as a pre-meditation to engage in actions that are unwanted by/against the recipient. Committing any of these actions with an individual under the age of consent is also considered predatory.

Additional student conduct sanctions appropriate to the new violation also may be applied. A student who has been issued a deferred suspension sanction is deemed “not in good standing²¹” with the university.

At the end of the suspension period, the student is eligible for reenrollment. Actual admission to the university will be determined by the academic rules in place at the time of application for reenrollment. If admitted, the student is required to attend a mandatory meeting with the Student Conduct Office (979-847-7272) prior to course registration.

Texas A&M Student Sanctioning Matrix - Stage 2 Sanctions

Conduct Probation: An official warning that the student’s conduct is in violation of Texas A&M University regulations, policies, rules, codes, or SAPs, but is not sufficiently serious to warrant expulsion or suspension. A student on conduct probation is deemed “not in good standing” with the university (see Footnote 21). If there is a finding of responsibility for subsequent violations of the university’s regulations, policies, rules, codes, or SAPs during this period of time, more severe sanctions may be administered.

Texas A&M Student Sanctioning Matrix - Stage 1 Sanctions

Conduct Review: An official warning that the student’s conduct is in violation of Texas A&M University regulations, policies, rules, codes, or SAPs, but is not sufficiently serious to warrant expulsion, suspension, or conduct probation. A student on conduct review shall have their conduct under review for a specified period of time. This sanction may require regular meetings with an appropriate official to ascertain and evaluate compliance with student rules. Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct. Students placed on this sanction remain in good standing with the university. If there is a finding of responsibility for subsequent violations of regulations, policies, rules, codes, or SAPs during this period of time, more severe sanctions may be administered.

Restrictions: The withdrawal of specified privileges for a definite period of time, but without the additional stipulations contained in the imposition of a sanction which results in a student being not in good standing. The restrictions involved will be clearly defined.

Restitution: A payment for financial injury to an innocent party in cases involving theft, destruction of property or deception. The assessed costs to be paid may be in addition to receipt of any of the above sanctions.

Community/University Service: A student may be offered an opportunity to complete a specified number of hours of community/university service. The type of community/university service must be approved by the respondent’s CREI Case Manager.

²¹ A student who is not in good standing is subject to the following restrictions: (1) Ineligibility to hold an office in any student organization recognized by the university or to hold any elected or appointed office of the university. (2) Ineligibility to represent the university in any way, including representing the university at any official function, intercollegiate athletics or any forms of intercollegiate competition or representation. This includes events taking place both on and off of the university campus. (3) Ineligibility to receive a university administered scholarship when the length of the period of not in good standing is greater than one semester. Some scholarships adhere to more strict guidelines, and, therefore, ineligibility may result from a lesser length of not in good standing. This sanction implies a serious offense and must be uniformly applied by the office administering the scholarship upon notification by CREI. (4) Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct.

Educational Requirements: A provision to complete a specific educational requirement. Such educational requirements may include, but are not limited to, completion of an alcohol education workshop, a diversity awareness workshop, essays, reports, reflective writing assignments, etc.

Letter of Reprimand: A letter that makes a matter of record any incident that reflects unfavorably on the student or the university.

Minimum Sanctions

In addition, students found responsible for committing dating or domestic violence and/or non-consensual sexual penetration of another person will be subject to a minimum sanction of a one-year suspension, in the absence of significant mitigating factors. Students found responsible for these acts who have demonstrated predation for the purpose of carrying out these acts will be subject to permanent expulsion.

Students found responsible for committing acts of sexual harassment, sexual assault, dating violence, domestic violence, stalking based on sex, and/or any other sex-based misconduct who are allowed to return after a suspension of one year or more will be ineligible to hold an office in any student organization, ineligible to represent the university in any way (including intercollegiate athletics or other competitions, both on and off campus), and ineligible to receive an institutional scholarship, in the absence of significant mitigating factors.

Campus Housing Sanctions

In addition to the sanctions specified in the [Texas A&M University Title IX Cumulative Student Sanctioning Matrix](#), occupants of each residence hall, by majority vote, have the power to establish additional “in house” rules approved by the Department of Residence Life. Generally, “in house” rule infractions are handled by Residence Life staff. Campus housing sanctions are described below.

Loss of Campus Housing Privilege: Removal from university housing for conduct reasons.

Deferred Loss of Campus Housing Privilege: The sanction of loss of campus housing privilege may be placed in deferred status. If a student is found in violation of any university rule during the time of the deferred sanction, removal from housing takes effect immediately without further review. Additional student conduct sanctions appropriate to the new violation also may be taken. In addition, a student is ineligible to hold an elected or appointed office in any affiliated housing organization. This includes but is not limited to the following offices/positions: president, vice president, secretary, treasurer, Residential Housing Association delegate.

Campus Housing Probation: An official notice that the student’s conduct is in violation of residence hall rules, university apartments rules and/or university rules and that more stringent student conduct sanctions, including removal from housing, may result if future violations occur. In addition, a student is ineligible to hold an elected or appointed office in any affiliated housing organization. This includes but is not limited to the following offices/positions: president, vice president, secretary, treasurer, Residential Housing Association delegate.

Corps of Cadets Sanctions

In addition to any of the sanctions listed in this section, members of the Corps of Cadets are subject to disciplinary action in accordance with Corps Operations Manual.

Appeals procedures governing the resolution of all sexual harassment and sex-based misconduct allegations

An appeal of a complaint dismissal, hearing decision, and/or sanctions related to an allegation of sexual harassment or sex-based misconduct may be made by the complainant and/or the respondent. The AA, the individual or panel responsible for rendering appeal decisions, is assigned based on the status of the respondent in accordance with the following table. AAs shall not have had any previous involvement and/or participation in the investigation and/or decision pertaining to an appeal under review.

If the allegations are against a:	Student	Non-Faculty Employee and Third Party	Faculty Employee
Then the AA is:	University Disciplinary Appeals Panel (UDAP) who may refer the appeal to the Dean of Student Life or designee https://student-rules.tamu.edu/rule58/	Vice President for the Division of Human Resources and Organizational Effectiveness or designee https://policies.tamus.edu/32-01-02.pdf	Provost and Executive Vice President or designee who may seek an advisory opinion from the University Committee on Faculty Disciplinary Appeals (UCFD) before rendering decision

All appeals will be confined to a review of the record from the investigation and any relevant evidence, as well as the DA's decision as related to the grounds for appeal. The appeal does not create an entitlement to a new investigation. The appeals process carries a presumption that the original decision was correct unless a preponderance of the evidence demonstrates that one or more of the conditions of the appeal are met, and that either or both parties was deprived of a fair process.

Appeals must be submitted in writing and must include a statement outlining the basis for the appeal²² and any evidence which supports the appeal. Appeals must be filed at the location and within the timeframe dated in the DA's written notice of the decision (within 5 business days of notification of the decision). Decisions made by the DA shall not be final until an appeal deadline is passed, or when the appeal process is exhausted, or when all parties choose not to appeal.

To be a valid appeal, the appeal must: (1) be filed at the location and within the time frame stated in the DA's written notice; (2) identify one of the bases for appeal (see footnote 22); and (3) provide credible information or evidence substantiating the identified bases for appeal.

If the AA determines that an appeal is not valid, the AA will provide simultaneous written notice to the parties and CREI that no valid appeal was filed and that the decision of the DA is final and the case is closed.

If a timely and valid appeal is filed by either party, the other party will be notified as soon as practical thereafter by the AA. The parties will be given 3 business days to review the appeal and submit a written response a) that provides support for or challenges the decision by the DA, and b) that responds to the appeal bases submitted by the appealing party. Any written response must be submitted to the AA.

²² Results (decision and/or sanctions) or dismissal of a complaint can be appealed on any of all of the following bases, as applicable: (a) A procedural irregularity that affected the outcome; (b) New evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter. The new evidence must be provided at the time of the appeal through the designated mechanism for filing an appeal; (c) The Title IX Coordinator, investigator(s) or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or (d) The appropriateness or severity of the sanctions. If an employee was found to have sexually harassed another member of the university or agency community, the appropriateness or severity of the sanction cannot be appealed.

The AA will review the investigation report, the DA's decision on responsibility and/or sanctions, the documentary evidence, the record from the hearing (if applicable), and any other relevant information and render a written decision on the appeal. If both parties file a valid appeal, the AA will review both appeals and will render decisions accordingly.

The AA will render one or more of the following written decisions:

- Affirm the DA's decision on responsibility and, if applicable, the sanctions. There are no relevant issues of concern related to the ground(s) of the appeal, and, therefore, the decision is affirmed and final.
- Remand the complaint back to the DA because new evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, appears to be relevant and could have significantly affected the outcome of the decision on responsibility, dismissal of the complaint, or the sanctions. The DA will reconvene the hearing for the limited purpose of considering the new evidence. The DA will issue a new decision which may be appealed by the parties in accordance with the previously described appeal procedures.
- Remand the complaint back to the DA with an instruction to correct the procedural error or omission. If the procedural error occurred in the investigation phase, the DA will instruct the IA to correct the procedural error or omission and amend the Investigative Report, as appropriate. The IA will then submit the amended investigative report to the parties for review and response and then to the DA for a new decision in accordance with formal resolution procedures. If the procedural error occurred in the resolution phase, the DA will correct the procedural error or omission and then issue a new decision in accordance with the formal resolution procedures. The new decision of the DA may be appealed by the parties in accordance previously described appeal procedures.
- Remand the complaint to 1) CREI or 2) SECO with the instruction to remedy a bias by the IA or DA or the Title IX Coordinator. If bias was present in the IA, CREI will appoint a new IA to review the investigation, collect additional evidence or information as appropriate, and follow the investigation requirements as outlined in the formal resolution procedures. A new report will be written and provided to the DA for a new hearing. If the bias was present in the DA, CREI will appoint a new DA to re-hear the case with the existing investigation. If the bias was present in the Title IX Coordinator, SECO will appoint a new staff member to address the influence of the Title IX Coordinator on the case.
- Modify the decision on sanctions because the sanctions given were inappropriate or disproportionate to the severity of the conduct after considering all the circumstances²³. The AA will impose new sanctions, which are final.

Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, the AA will render a written decision simultaneously to the parties that includes a rationale for the decision as to each of the grounds appealed, changes occurring based on appeal, and when such results become final (see footnote 19).

To the extent reasonably possible:

- For student respondents: The AA will provide the written decision simultaneously to the parties and CREI within 10 business days following the 3 business day review deadline. AAs are exempt from obtaining OGC review of decisions for student respondents prior to issuance but may request assistance from OGC and SECO when needed.

²³ If an employee was found to have sexually harassed another member of the university or agency community, the AA may not render a decision which modifies the sanctions.

- For employee or third-party respondents: The AA will provide a draft decision to OGC for review within 5 business days following the 3 business day review deadline. System Office officials will provide its review of the draft decision to the AA within 5 business days. To the extent possible, the AA will provide a final written decision simultaneously to the parties and CREI within 5 business days of receipt of the review from the System Office. If the complaint on appeal is substantiated, the respondent's supervisor will also be informed.

The decision of the AA is considered be final and binding on all involved parties.

Circumstances may warrant extensions to the timeframes outlined in this section. The AA may send an extension request to the office or individual who appointed them with a rationale for an extension. If the extension is granted, the AA will notify the parties and CREI in writing.

Appeal procedures governing the resolution of other complaints (allegations other than sexual harassment and sex-based misconduct)

Any employee disciplined pursuant to this regulation may appeal that action in accordance with [System Policy 12.01, Academic Freedom, Responsibility and Tenure](#); [System Policy 32.01, Employee Complaint and Appeal Procedures](#); [System Regulation 32.01.01, Complaint and Appeal Process for Faculty Members](#); [System Regulation 32.01.02, Complaint and Appeal Process for Nonfaculty Employees](#); and/or other system policies or regulations as appropriate.

Any student receiving a sanction of separation (expulsion or suspension) pursuant to this regulation may appeal the sanction in accordance with the code of conduct for student grievances, [Student Rule 51. Student Conduct Separation and Appeal](#).

Extensions

The university will make every reasonable effort to comply with the timelines contained in this procedure. However, extensions may be obtained by the IA, DA, or AA, as appropriate under the circumstances. Time frames for the receipt, investigation, and adjudication of complaints may be extended for good cause. Good cause is to be determined by the university in consultation with OGC and SECO and reasonable extensions may be granted at the discretion of the university. Circumstances that warrant an extension may include, but are not limited to:

- Temporary unavailability of the complainant(s), respondent(s) or witnesses;
- Delays in issuance and/or receipt of information to or from the IA;
- Temporary unavailability of the IA, DA, or AA due to illness, family needs or professional commitments;
- Holidays or other periods when the complainant, respondent, witnesses, or other university employees may be unavailable; and/or
- New allegations, new evidence, new witnesses, or any other fact or circumstance that would require further investigation.

All requests for extensions must be justified in writing and shall be sent by the IA, DA, or AA to OREC for review and approval by the Chief Risk, Ethics, and Compliance Officer or designee. CREI will simultaneously notify the complainant and respondent in writing of any extensions and the reason for the extensions.

Dismissals under Title IX

Cases involving allegations of sexual harassment, sexual assault, and dating violence, domestic violence, and/or stalking based on sex are subject to mandatory or discretionary dismissal from the Title IX process²⁴ under federal law. However, at the discretion of the Title IX Coordinator, in consultation with OGC and SECO, cases dismissed from the Title IX process may be subject to investigation and adjudication as sex-based misconduct which provides for the same investigation and resolution process as cases meeting sexual harassment under Title IX.

Mandatory dismissals

If the conduct alleged in the formal complaint would not constitute sexual harassment as defined even if proved, did not occur in the university's education program or activity, or did not occur against a person in the United States, then the university must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX only. Such dismissal does not preclude action under

- Sex-based Misconduct procedures or
- Another provision of the university's conduct standards.

Discretionary dismissals

The university may dismiss a formal complaint for the purposes of sexual harassment under Title IX if the complainant notifies the Title IX Coordinator in writing that the complainant wishes to withdraw it, if the respondent is no longer enrolled or employed by the university, or if specific circumstances prevent the university from collecting evidence sufficient to reach a determination (for example, when the complainant has ceased participating in the process; in certain fact specific cases when the passage of time precludes the collection of sufficient evidence; when complainant's identity is not known; and when the exact same allegations have already been investigated and adjudicated). Such dismissal does not preclude action under

- Sex-based Misconduct procedures or
- Another provision of the university's conduct standards.

Upon a dismissal required or permitted pursuant to the above, the university must promptly send written notice of the dismissal and the reason(s) therefore simultaneously to the parties. The parties must be given the opportunity to appeal a dismissal to the designated AA in accordance with the appeal procedures referenced above.

²⁴ Complaints will be processed under Title IX if all of the following apply: (1) The university has actual knowledge of a notice of sexual harassment or a complaint involving allegations of sexual harassment, sexual assault, and/or dating violence, domestic violence, and stalking based on sex to the Title IX Coordinator or any university official who has authority to institute corrective measures and redress harassment on behalf of the university including Deputy Title IX Coordinators, the Chief Risk, Ethics and Compliance Officer, the Director of Employee Relations, the Vice President for Human Resources, Faculty Affairs, the Office of the Provost, the Dean of Students, the Dean of Student Life, and the Associate Director of Student Life. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge; (2) A formal complaint is filed by the complainant or signed by the Title IX Coordinator; (3) The alleged behavior/conduct must have occurred against a person while in the United States; (4) At the time the formal complaint was filed, the complainant was participating or attempting to participate in the university's education program or activity. This includes an enrolled student, an employee, and applicants for admission or employment at the university, and; (5) The alleged conduct meets the definition of sexual harassment as set forth in this policy.

Prevention and Awareness Programs²⁵

Primary prevention programs are directed at incoming students and new employees. The primary programs are defined as programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexual interactions, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Texas A&M University provides culturally relevant, inclusive primary prevention and awareness education to incoming students and new employees to clearly define sexual assault, dating violence, domestic violence, stalking, and consent. The programs identify sexual assault, dating violence, domestic violence, and stalking as conduct prohibited by the university and provide information regarding bystander intervention, risk reduction in recognizing warning signs of abusive behavior, ways to avoid potential attacks, and individuals' rights and options. The training includes procedures individuals should follow if sexual assault, dating violence, domestic violence, or stalking occurs and procedures the institution will follow when one of these behaviors is reported. This includes, but is not limited to, the importance of preserving evidence; options for notifying law enforcement and campus authorities; procedures for institutional disciplinary action and conduct proceedings; possible sanctions following a proceeding; on-campus and community resources; rights and options for obtaining lawful orders; assistance in receiving interim measures and remedial action; how the institution will protect the confidentiality of victims and other necessary parties; and protection from retaliation.

The School of Medicine student handbook distributed to MD students at the TAMHSC Temple campus defines sexual harassment, includes it as a type of sexual misconduct for which students are subject to discipline, and describes how to report incidents to the university. School of Medicine TAMHSC graduate students located at the TAMHSC Temple campus and/or the main campus are offered new graduate student orientation by the Graduate and Professional School (GPS). Primary prevention and awareness information is provided at the orientation in addition to related institutional procedures and resources. Prior to the fall semester, the GPS presentation materials are emailed to the entire university graduate community and published online.

The university requires a mandatory online training module (Sexual Assault Prevention) focused on sexual harassment, sexual assault, dating violence, domestic violence, and stalking. Each semester, the training is sent to all incoming Texas A&M University undergraduate, graduate, and professional students. New students are required to complete this training at all campuses with the exception of Texas A&M University Qatar.

Prevention and awareness education is provided to new employees through web-based *Creating a Discrimination Free Workplace* training mandated by The Texas A&M University System. All employees are required to complete the training every two years thereafter.

Ongoing prevention and awareness campaigns are directed at students and employees. Ongoing campaigns are defined as programming, initiatives, and strategies that are sustained over time and focus on increasing

²⁵ For the purposes of this section awareness programs means community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration. Programs to prevent dating violence, domestic violence, sexual assault, and stalking means comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, assessed for value, effectiveness, or outcome; and consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking using a range of strategies with audiences throughout the institution. The same information included in the institution's primary prevention and awareness programs is incorporated into ongoing prevention and awareness campaigns. Various departments on campus support ongoing campaigns for students and employees as described below.

Families in Crisis provides advocacy, education, prevention programs and support services for female and male students, faculty, and staff and can be contacted at 1-888-799-SAFE (<http://familiesincrisis.net/>). This 24 hour hotline addresses the dynamics and frequency of sexual assault; safety against and prevention of sexual assault, dating violence, domestic violence, and stalking; recognizing signs of unhealthy relationships. Families In Crisis provides various Intervention and Crisis Services, including: Crisis Intervention, 24-Hour Emergency Shelter and Ancillary Supportive Services, and can assist in how to respond to and help survivors of sexual assault.

The TPD Crisis Assistance Program (CAP) offers ongoing education available to students and employees to promote prevention and personal safety. The CAP volunteers are specially trained to provide crisis intervention, victim education and assistance with Crime Victims' Compensation, safety planning, risk assessments, advocacy and referral services.

Ongoing prevention and awareness campaigns have been developed at the Texas A&M University main campus and are available to other campus locations. The campaigns are described below.

Health Promotion (including an interpersonal violence unit) at the Texas A&M University main campus provides Green Dot Bystander Intervention training that addresses the dynamics and frequency of sexual assault; safety against and prevention of sexual assault, dating violence, domestic violence, and stalking; recognizing signs of unhealthy relationships; and active bystander intervention. Through Green Dot training, participants learn how to use the 3 D's (direct, delegate, and distract) to intervene in any acts of power-based personal violence they may witness. Health Promotion furthers prevention of power-based interpersonal violence at the university by offering Green Dot and other education and training on the topics of bystander intervention, consensual language, healthy relationships, and responding to and assisting survivors of sexual assault. These programs occur throughout the year and are available upon request at the Texas A&M University main campus and other campus locations (<https://studentlife.tamu.edu/hp/>, healthpromotion@tamu.edu or 979-845-0280). Presentations are provided to classes, student organization meetings, orientations, residence hall programs, and other events.

The university developed the Step In. Stand Up. Campaign, endorsed by the President, to create a culture of awareness that does not tolerate incidents of sexual violence. A large group of student leaders were involved to assist in crafting the message and the Campaign logo with the intention of reaching a broad campus population. The Campaign asks supporters to "step in" as active bystanders to prevent incidences of sexual violence from occurring and to "stand up" to support survivors. Special efforts are made during sexual assault awareness month that include providing resource tables, facilitating pledge banner signatures, distributing t-shirts, and hosting speakers who advocate for social change and awareness. A website for the Campaign includes an online pledge of commitment, university-wide statements of support, campus and community resources, and information on how to report sexual violence (<http://stepinstandup.tamu.edu/>).

The Division of Human Resources and Organizational Effectiveness offers training for employees regarding fostering respect in a diverse workplace and inclusion that covers information about the employee's and supervisor's role in maintaining a work environment that is free from discrimination

and harassment. Participants have the opportunity to review federal equality laws, identify and discuss behaviors that might unknowingly contribute to a disrespectful or hostile environment, and identify ways to be proactive in creating a respectful work environment. Other online courses are offered that provide guidance in following university policies and rules and reporting and addressing complaints.

The Title IX webpage, <http://titleix.tamu.edu/>, describes university resources, assistance, educational opportunities, and reporting procedures for campus community members impacted by sexual violence, sexual harassment, and other illegal discrimination. CREI, the Offices of the Dean of Student Life, and UPD provide information for students, faculty, and staff who wish to report any form of sexual discrimination or harassment. The [Step In. Stand Up. website](#) referenced above also includes information on these topics.

A notice of non-discrimination and abuse is sent to all students and employees at the beginning of the fall and spring semesters regarding reporting procedures and requirements related to incidents of illegal discrimination, sexual harassment (including sexual assault, dating violence, domestic violence, and stalking), and related retaliation.

All students and employees are provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims both on-campus and in the community. The TAMHSC administration distributes an email to new and returning students in the fall semester which contains written information covering how to report incidents, applicable policies, applicable resources, and other available options. A similar email is distributed to employees at each TAMHSC campus annually.

Bystander Intervention and Risk Reduction²⁶

Everyone has a role in changing community knowledge, attitudes and behaviors. Change happens as each person is able to identify risky situations and take action to confront, interrupt, or prevent acts of sexual violence. Bystander intervention programs can help individuals observe a situation and determine an appropriate intervention where someone could use some help. If you find a friend in a situation that concerns you, consider the following strategies to intervene safely and effectively.

- Create a distraction to interrupt the flow of events
- Involve others to help you
- Make an excuse to remove a friend from the situation
- Point out the unwanted behavior in a safe and respectful manner
- Call for help, if needed

Sexual assault is never a victim's fault. However, there are ways that may reduce the risk of being sexually assaulted including being prepared, alert, and assertive. Consider the following tips:

- Be aware of your surroundings
- Practice responsible drinking; alcohol is a factor in many sexual assaults
- Never leave your drink unattended

²⁶ For the purposes of this section bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

- Don't accept drinks from someone you don't know or trust
- Stay with your friends and make sure your friends stay with you
- Be careful of online relationships
- Trust your instincts

We are reminded to think about relationships, specifically relationships that may be, or become abusive. Be aware of the signs:

- Is one of the partners verbally and emotionally abusive?
- Is one of the partners isolating the other from friends and family?
- Is one of the partners controlling, intimidating or always jealous?
- Is there a threat of harm?

Other Considerations

Prohibition of Retaliation

Texas A&M University prohibits retaliation. Texas A&M University or an officer, employee, or agent of Texas A&M University may not retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities under any provision of the Clery Act.

Victim Notification

In accordance with the Higher Education Opportunity Act, upon written request, Texas A&M University will disclose to the alleged victim of any crime of violence, or non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the university against a student who is the alleged perpetrator of such crime or offense with respect to such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph.

Institutions are required to provide both the complainant and the respondent with simultaneous written notification of any result of any institutional conduct proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking. In these cases, it is not necessary for the victim to make a written request.

Sex Offender Registry

Section 121 of the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921) provides for the tracking of registered sex offenders and instructs states to post sex offender data on the internet.

The Texas Department of Public Safety (DPS) is the official Texas internet source for Sex Offender Registration information. The Sex Offender Registration open record information is extracted from the DPS Sex Offender Registration Database. The DPS maintains files based on registration information submitted by criminal justice agencies and represents a statewide source of information on sex offenders required by law to register. The DPS Texas Public Sex Offender Registry website is found at:

<https://publicsite.dps.texas.gov/SexOffenderRegistry>.

Texas A&M University System Regulation

[System Regulation 08.01.01, Civil Rights Compliance](#) provides guidance in complying with local, state and federal civil rights laws and regulations (laws) and related system policy. This regulation establishes systemwide standards for the receipt and processing of reports, complaints, formal complaints, investigations, adjudication, appeals, and use of informal resolution in cases involving allegations of discrimination, harassment and/or related retaliation based on protected class (discrimination), including complaints made by employees, students, and/or third parties.

According to [System Regulation 08.01.01, Civil Rights Compliance](#), consent is clear, voluntary, and ongoing agreement to engage in a specific sexual act. Persons need to verbalize their consent to engage in a sexual act for there to be permission. Permission to engage in a sexual act may be indicated through physical actions rather than words. A person who was asleep or mentally or physically incapacitated, either through the effect of drugs or alcohol or for any other reason, or whose agreement was made by threat, coercion, or force, cannot give consent. Consent may be revoked by any party at any time.

TAMHSC, Temple - Reportable Crimes

The following statistics include all incidents of Clery Act crimes reported to the institution that occurred within the campus' Clery Act locations, regardless of whether the individual reporting was a member of the campus community and regardless of whether the individual chose to move forward with the criminal justice or campus disciplinary proceedings. To prepare the annual disclosure of crime statistics, the institution collects information from internal sources such as campus police and other campus security authorities and requests information from external sources such as local law enforcement. Some local law enforcement agencies responded with data included in the reportable crimes tables below. Some agencies did not respond to the institution's request for statistics or did not respond with a format usable for Clery crime reporting.

Crime Prevention and Security Awareness

It is important for all of us to understand our role in the reduction of crime. A conceptual aid often employed by crime prevention practitioners is referred to as the Crime Triangle. For any crime to occur three elements must be present: desire, ability, and opportunity.

Members of the university community easily recognize there is little that can be done to control the criminal's ability and desire. The university community's greatest strength in the prevention of crime is our initiative to reduce or eliminate the opportunity for a crime to occur.

A primary goal of the TPD is the prevention of crime before it occurs. Because TPD officers cannot be everywhere all the time, they need the help of all members of the university community to take an active role in their personal safety and property protection. Crime prevention is important to the campus community. Reporting any crime or suspected crime immediately is helpful to the Temple Police and may prevent someone else from becoming a victim of a more serious crime.

No formal crime prevention programs or programs about campus security procedures and practices are offered at the TAMHSC Temple campus. However, students and employees at TAMHSC Temple have access to the TPD and University Police Department crime prevention programs and programs regarding security procedures/practices as described below.

The TPD's Victim's Assistance Program is staffed by specially trained crime prevention volunteers. This element of the department focuses on providing a proactive crime prevention approach through increased responsiveness and education by coordinating critical crisis intervention services on a 24-hours a day basis. These efforts help to alleviate the psychological and emotional trauma incurred as the result of a crime or serious accident. These volunteers are dedicated to crime prevention efforts and programs. For additional information or to schedule a program you are encouraged to call the TPD Victim's Assistance Program at 254-298-5678.
